Recognized by Dental Council of India & Govt. of India

**Notice**

**Dt: 23.04.2026**

This is to inform all the Members of the Board of Studies that the meeting will be held on 29.04.2026 through Google meet at 11 am. All are requested to ensure their presence in the meeting.

**Agenda:**

**1. Welcome Address by Chairperson BOS**

**2. Open Remarks by External Experts**

- Regarding confirmation of minutes of meeting of Board of Studies meeting held on 31<sup>st</sup> December 2025.
- Regarding verification of actions taken report for the Board of Studies meeting conducted on 31<sup>st</sup> December 2025.

**3. Academic Agenda for Undergraduates - BDS**

- Regarding review and updates on the examinership process for the BDS university examinations for the academic year 2025–26.
- Regarding ratification of the list of examiners for BDS practical examinations (odd and even batches) for the academic session 2025–26.
- Regarding finalization of internal and university examination dates for BDS batches.
- Regarding enrollment of students in Massive Open Online Courses (MOOCs) for the academic session 2025–26.
- Regarding collection and analysis of syllabus feedback from stakeholders for the BDS programme.

**4. Academic Agenda for Postgraduates – MDS**

- Regarding review and updates on the examinership process for the MDS university examinations for the academic year 2025–26.
- Regarding ratification of the list of examiners for MDS practical examinations for the academic session 2025–26.
- Regarding status of submission of thesis dissertations for MDS batch 2023–24.
- Regarding status of submission of library dissertations for MDS batch 2024–25.
- Regarding status of synopsis presentation and IEC approval for MDS batch 2025–26.
- Regarding finalization of internal and university examination dates for MDS batches.
- Regarding conducting a Basic Life Support (BLS) programme with AHA certification for MDS students.

- Regarding enrollment of students in Massive Open Online Courses (MOOCs) for the academic session 2025–26.
- Regarding collection and analysis of syllabus feedback from stakeholders for the MDS programme.

#### **5. Academic Agenda for Ph.D**

- Regarding status of research proposal submission and IEC approval for Ph.D. scholars.
- Regarding CRC Progress Report briefing:
  - a. Registration of new Ph.D. students
  - b. Revival of research advisory committee (RAC) members
  - c. Synopsis and research proposal approval
  - d. Approval of research publications of research scholars
  - e. Pre-thesis presentation of research scholars
  - f. Synopsis presentation and research title approval
  - g. ROL (Review of Literature) presentation
  - h. Status of Ph.D. coursework exam results

#### **6. Value Added Courses for Undergraduates for Session 2025-26.**

- Regarding ratification of two value-added courses for the upcoming academic year on the following topics.

1. **Digital Photography in Dentistry**
2. **Patient Communication and Counselling**

#### **7. Institutional Academic Enrichment Initiatives for the academic year 2025-26**

- Regarding the conduction of Commemoration Days from July 2026 to December 2026.
- Regarding organization and conduction of Guest Lectures, Workshops, Faculty Development Programmes, and Expert Talk Series for academic enhancement from July 2026 to December 2026.
- Regarding the status of the Women Empowerment Committee.
- Regarding the status of Sexual Harassment Committee in compliance with UGC regulations and the POSH Act, 2013.
- Regarding the functional status of Intellectual Property Rights (IPR) Cell within the college.

#### **8. Any other matter with the permission of the Chair.**

**MINUTES OF THE BOS MEETING**

**Date: 30.04.2026**

On April 29, 2026, at 11 a.m., the Board of Studies meeting was held online via Google Meet. After confirming the presence of all BOS members and ensuring the meeting decorum, the proceedings commenced.

Dr. Pradeep Tangade, the Chairperson of BOS, initiated the meeting with a welcome note and this was followed by introductory note by Dr. Ankita Jain, Vice Principal of TMDCRC. All the BOS members were greeted and a special welcome was extended to the experts.

The agenda discussion proceeded as follows:

**Agenda 1: Confirmation of Minutes from the Board of Studies Meeting held on December 31, 2025**

**Discussion and Resolution:** The minutes from the Board of Studies meeting held on December 31, 2025, were presented to all members. The members reviewed and confirmed the minutes. (ANNEXURE 1)

**Agenda 2: Regarding verification of Actions Taken Report for the Board of Studies meeting conducted on December 31, 2025.**

**Discussion and Resolution:**

The Action Taken Report (ATR) for the previous meeting held on 31<sup>st</sup> December 2025 was presented. (ANNEXURE 2)

***The minutes were recorded and the action taken report was approved.***

**Agenda 3: Regarding academic agenda for undergraduates and postgraduates of our dental college for the academic year 2026-27.**

**Discussion and Resolution:**

Prof Dr Vishwa Deepak, Professor, Dept of Prosthodontics and Chairman of Examination Cell, was asked to elaborate the examinership process for BDS and MDS examinations 2026-2027. He elaborated it as follows:

**For MDS -** There shall be four examiners in each subject. Out of them, two (50%) shall be external examiners and two (50%) shall be internal examiners. Both external examiners shall be from the university other than the affiliating university and one examiner shall be from a university of different State. No External Examiners shall be appointed to the same Institution for more than two consecutive years. Regarding Internal Examiners, two internal examiners shall be professors from the same institution.

## Teerthanker Mahaveer Dental College & Research Centre, Moradabad

*(A constituent college of Teerthanker Mahaveer University)*  
Recognized by Dental Council of India & Govt. of India

Apart from matters related to examinations, Dr. Vishwadeepak informed the Board that the MDS students of the 2022 batch are in the final stage of their dissertation work and are expected to submit all copies of their thesis dissertations by 9th May 2026. He further elaborated that the students of the 2025 MDS batch are presently engaged in the preparatory phase of their thesis work, including formulation of research protocols, literature review, and documentation required for Institutional Ethical Committee approval. The Board noted that the students are progressing steadily with their academic and research activities in accordance with the prescribed postgraduate academic schedule.

**For BDS** - The BDS Practical examination shall consist of two examiners. One examiner shall be an external examiner from dental institution approved/recognised by DCI from another university, preferably outside state and one examiner shall be internal examiner of the same institution.

The Board confirmed that question paper construction shall strictly adhere to the principles of Bloom's Taxonomy, as mandated by NAAC and the Dental Council of India (DCI). Accordingly, all question papers must follow the approved distribution pattern:

1. 50% focusing on essential "must-know" content
2. 30% on "good-to-know" concepts
3. 20% on analytical and higher-order thinking questions

It was further resolved that a formal question paper audit and detailed result analysis shall be conducted annually. Based on the findings, appropriate revisions to the question paper format will be implemented to ensure continuous academic quality improvement.

Additionally, the Board confirmed that the syllabi for both BDS and MDS courses will remain unchanged, as per the DCI's established curriculum guidelines until the new curriculum by National dental council (NDC) is put forward:

1. MDS: DCI Notification No. DE-87-2017 dated 5th November 2017
2. BDS: DCI Notification No. V.12012/3/2006-DE dated 25th July 2007

The Board reaffirmed its commitment to maintaining compliance with all regulatory norms set forth by the Dental Council of India. External expert Dr. Bhagavandas Rai suggested that there may be a need to revamp the existing examination structure once the NDC guidelines are finalized. He further opined that the NDC may seek the views and recommendations of universities before formulating the new curriculum. He also emphasized the importance of incorporating all possible latest and emerging topics within the curriculum so as to broaden the knowledge base and academic exposure of dental students.

**The minutes were recorded and the academic agenda was approved.**

## Agenda 4: Regarding academic agenda for Ph.D

### Discussion and Resolution:

Dr Durga Shankar Gupta, Professor and Member Secretary of CRC/ARC, was asked to elaborate the semester reports of PhD candidates.

He explained as follows:

1. The Research Advisory Committee (CRAC) meeting was held on 11<sup>th</sup> April 2026.
2. Four research scholars will have their research publications approved.
3. New RAC members have been proposed for a few research scholars due to the resignation of existing members.
4. Pre-thesis presentations will be approved during the next CRAC meeting.

*The minutes were recorded and the academic agenda for Ph.D was approved by the Board members.*

## Agenda 5: Regarding value added course for the academic year.

Level of the program-Undergraduate

Name of the programme: Bachelor of Dental Surgery (BDS)

Value added course added:

| S. No | Name & code of the courses added      | Name & code of the courses deleted | Name & code of the courses where revision is more than 20% | Name of the stakeholder from where the inputs have been received | Need rationale to justify the revision |
|-------|---------------------------------------|------------------------------------|------------------------------------------------------------|------------------------------------------------------------------|----------------------------------------|
| 1.    | Digital Photography in Dentistry      | -                                  | -                                                          | Faculty                                                          | -                                      |
| 2.    | Patient Communication and Counselling | -                                  | -                                                          | Faculty                                                          | -                                      |

### Discussion and Resolutions:

For the academic year 2026–27, two value-added courses were proposed for ratification. Both courses are specifically designed for CRRIs, with a duration of 30 hours each, delivered as one-hour daily sessions. Each course will carry **2 academic credits**.

## Teerthanker Mahaveer Dental College & Research Centre, Moradabad

*(A constituent college of Teerthanker Mahaveer University)*

Recognized by Dental Council of India & Govt. of India

These value-added programs aim to bridge existing skill gaps and support the professional development of interns beyond the core curriculum.

*The minutes were recorded and the proposal was deemed to be approved by the Board members.*

### Regarding Institutional Academic Enrichment Initiatives for the Academic Year 2026-27

**Agenda 6:** Regarding enrollment of students in Massive Open Online Courses (MOOCs) for the academic session 2026–27.

#### **Discussion and Resolutions:**

Regarding the enrolment of students in Massive Open Online Courses (MOOCs) for the academic session 2026–27, it was proposed that all BDS and MDS students should be encouraged to enrol in relevant MOOCs to enhance their academic knowledge, research aptitude, and interdisciplinary learning exposure beyond the conventional curriculum. The members suggested that such online certification courses would help students stay updated with recent advances in healthcare, research methodology, ethics, and emerging areas of medical and dental sciences.

During the discussion, external expert Dr. Bhagavandas Rai highlighted the availability of several valuable MOOCs offered through the NPTEL and SWAYAM platforms, including courses developed in collaboration with the ICMR Epidemiology Department. He informed the Board that many of these courses are freely accessible to students and cover highly relevant topics such as research writing, ethics in research practice, epidemiology, public health, and vector-borne diseases among healthcare professionals. He emphasized that participation in such courses would significantly improve the scientific understanding, critical thinking ability, and research orientation of students. He further suggested that students should be actively motivated and guided to enrol in these courses as part of their overall academic enrichment and professional development.

*The minutes were recorded and the proposal was deemed to be approved by the Board members.*

**Agenda 7:** Regarding celebration of commemoration days for the upcoming academic year.

#### **Discussion and Resolutions:**

Key national and international observance days will be commemorated through awareness activities, student involvement and academic reflections. Some of the proposed days include:

1. June 19 – National Public Health Dentistry Day
2. June 21 – World Yoga Day
3. September month – Dental Awareness month
4. October 5 – Orthodontist Day
5. November 8 – World Radiology Day
6. December 1 – World AIDS Day

The Board members approved the celebration of these commemoration days.

*The minutes were recorded and the proposal was deemed to be approved.*

## Teerthanker Mahaveer Dental College & Research Centre, Moradabad

*(A constituent college of Teerthanker Mahaveer University)*

Recognized by Dental Council of India & Govt. of India

**Agenda 8:** Regarding Guest lectures, workshops, FDPs and Expert Talks from July to December 2026.

### **Discussion and Resolutions:**

It was proposed that various academic enhancement activities, including guest lectures, Faculty Development Programmes (FDPs), workshops, and expert talk series, will be conducted department-wise in accordance with the guidelines prescribed under TMU SOP 5.0. The Board discussed the proposed academic activity framework in detail and approved the same. It was further informed that a new academic calendar for the session commencing from July 2026 will be prepared, and all academic, professional, and co-curricular activities will be organized accordingly in a systematic and structured manner.

As part of the proposed academic plan for the current academic year, a total of 9 guest lectures, 5 workshops, and 5 expert talk series have been scheduled. These programmes will involve participation from all departments and will include sessions delivered by eminent external guest speakers, subject experts, and distinguished alumni. Guest lectures are planned on a monthly basis, with each department contributing at least one academic session every month. Each lecture will be conducted for a duration of approximately one hour to ensure continuous academic engagement and comprehensive coverage of various dental and interdisciplinary specialties. The Board also noted that multiple workshops focusing on enhancement of practical and clinical competencies will be organized throughout the academic year. These workshops will include hands-on training sessions aimed at improving the technical skills, clinical exposure, and practical understanding of students. In addition, faculty development initiatives have also been incorporated into the academic plan. A dedicated Faculty Development Programme is proposed to be conducted in the month of August for a duration of one week, with the objective of strengthening teaching methodologies, academic leadership, research orientation, and professional development among faculty members.

To further encourage academic interaction and professional growth, periodic Faculty Club activities are also planned on a monthly basis. These activities are expected to provide a platform for intellectual exchange, collaborative learning, and interdisciplinary discussions among faculty members. Furthermore, the Board discussed plans to actively engage students through educational visits and industry exposure programmes during the academic year, thereby promoting experiential learning and practical understanding beyond classroom teaching. In addition, community engagement initiatives that are planned for this academic year are a village screening camp at Bagadpur scheduled on 29th July 2026, and an HIV AIDS awareness rally planned on 1st December 2026.

During the discussion, external expert Dr. Bhagavandas Rai appreciated the comprehensive and well-structured academic planning undertaken by the institution and remarked that such systematic organization of academic activities is highly commendable and beneficial for the overall academic and professional development of both students and faculty members.

*The external experts and the Board members approved the proposal and the minutes were recorded.*

## Teerthanker Mahaveer Dental College & Research Centre, Moradabad

*(A constituent college of Teerthanker Mahaveer University)*

Recognized by Dental Council of India & Govt. of India

- **Agenda 9:** Regarding the status of Women empowerment committee and sexual harassment committee.

### **Discussion and Resolutions:**

The Women Empowerment Committee and the Sexual Harassment Committee are functioning effectively and will continue to function proactively within the institution, ensuring a safe, inclusive, respectful, and supportive environment for all students, faculty, and staff members. The committees continue to carry out their responsibilities in strict compliance with UGC regulations and the provisions of the POSH Act, 2013, while regularly addressing issues related to gender sensitivity, awareness, safety, and employee and student welfare within the campus.

*The minutes were recorded and the proposal was deemed to be approved.*

- **Agenda 11:** Regarding the status of Intellectual Property Rights (IPR) Cell within the college.

### **Discussion and Resolutions:**

Regarding the status of the Intellectual Property Rights (IPR) Cell within the college, the Board was informed that the cell is functioning efficiently and actively supporting both students and faculty members in matters related to research, innovation, intellectual property awareness, patent guidance, and grant applications. The cell continues to provide the necessary academic and technical assistance required for preparation and submission of research proposals, thereby encouraging a strong research culture within the institution.

During the discussion, external expert Dr. Bhagavandas Rai emphasized that students should be actively motivated to submit research proposals for various funded research programmes through the support of the IPR Cell. He specifically highlighted that the last date for submission under the ICMR Short Term Studentship (STS) Research Grant Programme is approaching and encouraged BDS students to actively participate by preparing and submitting quality research proposals. He remarked that such initiatives would greatly enhance the research aptitude and scientific exposure of undergraduate students at an early stage of their academic career.

Dr. Ankita Jain further informed the Board that the IPR Cell has been consistently assisting students and faculty members in research-related activities and grant applications. She also shared that, as a result of the guidance and support provided by the institution, a student, Dr. Kyati Bhatnagar, had successfully received the ICMR STS research grant during the previous academic year, which was appreciated by the members of the Board.

*The minutes were recorded and the proposal was approved.*

**Teerthanker Mahaveer Dental College & Research Centre,

## KEY DECISIONS OF BOS/BOF MEET 2026

  
Officialing Principal,  
Dr. Pradeep Tangade  
MDS  
Reg. No. 3740-A  
TMDC & RC, Moradabad, TMU

## Key Decisions of BoS Meeting Academic Curriculum and Assessment Agenda

| Aspect                          | Decision/Resolution                                                                                                                                                                                                                                                                                                                                                                 |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Curriculum Status – BDS and MDS | <p>No changes made; existing BDS and MDS syllabi to continue as per DCI guidelines.</p> <p>The recent NDC circular seeking curriculum recommendations from universities was discussed, and it was resolved that the University's suggestions should include contemporary topics, technological advancements, and recent developments relevant to dental education and practice.</p> |
| Question Paper Audit            | <p>Annual audits mandated; question papers must align with Bloom's Taxonomy for structured assessment.</p> <p>CRAC will be conducted between 13<sup>th</sup> to 23<sup>rd</sup> July 2026. Four research scholars will have their research publications approved. Pre-thesis presentations will be approved during the next CRAC meeting.</p>                                       |
| Ph.D related activities         |                                                                                                                                                                                                                                                                                                                                                                                     |

# Key Decisions of BoS Meeting

## Other Academic and Institutional Enrichment Initiatives

| Initiative                                                  | Decision/Update                                                                                                                                                                                                                                                                 |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Value-Added Courses                                         | Two new 30-hour, 2-credit courses approved:<br>1. <i>Digital Photography in Dentistry</i><br>2. <i>Patient Communication and Counselling</i> .                                                                                                                                  |
| MOOCs                                                       | Students and faculty will be encouraged to enrol for MOOCs through SWAYAM NPTEL.                                                                                                                                                                                                |
| Observance of Commemoration Days                            | Approved observance of key health awareness days (World Environment Day, Public Health Dentistry Day, World Yoga Day, Dental hygiene awareness month, Orthodontist day, World Radiology Day, World AIDS Day).                                                                   |
| Academic Activities                                         | Guest lectures, FDPs, workshops, and expert talks planned department-wise from July to December 2026 as per TMU SOP 5.0.                                                                                                                                                        |
| Women Empowerment Committee and Sexual Harassment Committee | Functions to continue as proactively within the institution, ensuring a safe, inclusive, respectful, and supportive environment for all students, faculty, and staff members as per UGC guidelines.                                                                             |
| IPR Cell                                                    | IPR Cell should actively support and guide both undergraduate and postgraduate students in applying for government-funded research projects, including ICMR Short Term Studentship (STS) projects for undergraduates and thesis proposal submissions for postgraduate students. |

**Notice**

**Dt: 30.12.2025**

This is to inform all the Members of the Board of Studies that the meeting will be held on 31.12.2026 through Google meet at 3pm. All are requested to ensure their presence in the meeting.

**Agenda:**

**1. Welcome Address by Chairperson BoS**

**2. Open Remarks by External Experts**

- Regarding confirmation of minutes of meeting of Board of Studies meeting.
- Regarding verification of actions taken report for the Board of Studies meeting.

**3. Approval for Examinership Process for University Exam**

- Regarding review and updates on the examinership process for the BDS and MDS university exam 2025-2026.

**4. Proposals for Teaching and Learning Enhancements Aligning with NEP 2020**

- Regarding organization and conduction of Guest lectures, Work Shop, Faculty Development Programme, Expert Talk series by various departments from January 2026 to June 2026.

**JANUARY 2026**

| Department     | Activity Type | Speaker                                                                    | Topic                                                               |
|----------------|---------------|----------------------------------------------------------------------------|---------------------------------------------------------------------|
| Oral Medicine  | Guest Lecture | Dr Priyadharshini Arjunan, AIMST University, Malaysia                      | Deciphering Re-emergence of Childhood Virus: An Innovative Approach |
| Oral Medicine  | Expert Talk   | Dr Jagat Reddy, Prof & HOD, Oral Medicine & Radiology, KIMS Dental College | Innovative Trends in Orofacial Pain Therapy                         |
| Prosthodontics | Workshop      | Department of Prosthodontics                                               | Workshop on Systematic Review                                       |
| Endodontics    | Workshop      | Departmental Workshop                                                      | Class II Restorations                                               |

**FEBRUARY 2026**

| Department   | Activity Type | Speaker                                                    | Topic                                                                 |
|--------------|---------------|------------------------------------------------------------|-----------------------------------------------------------------------|
| Orthodontics | Expert Talk   | Dr Akshai Shetty, Prof & HOD, RV Dental College, Bengaluru | Innovations in Orthognathic Surgery                                   |
| Periodontics | Expert Talk   | Dr Rajesh Thakur                                           | The Role of Innovative Techniques in Periodontal Regenerative Therapy |
| Pedodontics  | Guest Lecture | Professor, Department                                      | Department of Pediatric Dentistry                                     |

**APRIL 2026**

| Department     | Activity Type | Speaker                                                      | Topic                                                              |
|----------------|---------------|--------------------------------------------------------------|--------------------------------------------------------------------|
| Oral Surgery   | Guest Lecture | Dr Vivek Gaur                                                | Exploring the Innovative Basics of Corticobasal Implantology       |
| Oral Pathology | Expert Talk   | Dr Maji Jose, Prof & Vice Principal, Yenepoya Dental College | Tobacco-Induced Lesions: An Innovative Approach and Dentist's Role |

**MAY 2026**

| Department   | Activity Type | Speaker                                                             | Topic                                                                                    |
|--------------|---------------|---------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| Orthodontics | Guest Lecture | Dr Srirenjalakshmi, Academic Head, Saveetha Dental College, Chennai | Advanced and Innovative Diagnostic Approaches in the Evaluation of Orthognathic Patients |

**Other Agenda:**

- Regarding conducting a Basic Life Support (BLS) program with AHA certification for all postgraduate students from dental specialties, undergraduate students, and faculty members in January 2026.
- Regarding submission of synopsis by first-year MDS students and the Institutional Ethical Committee meeting scheduled for the last week of January 2026.
- Regarding the organization of a State-Level Multidisciplinary Conference under the aegis of Teerthanker Mahaveer Institute in April 2026.
- Regarding implementation of the DCI Regulation 2007 syllabus for Behavioral Sciences and Bioethics from March 2026.
- Regarding the conduction of a one-week Short Term Course on "Endo-Perio Lesions" by the Department of Endodontics in June 2026.
- Regarding conduction of faculty Club activities.

## **5. Proposals for Community Engagement Initiatives**

### **Regarding the conduction of Commemoration Days:**

1. **World Environment Day:** A Community Engagement Program with a tree plantation drive on June 5, 2026.
2. **Blood Donor Day:** An awareness and camp organized through an NSS initiative on June 14, 2026.
3. **National Yoga Day:** Intra- and inter-community events promoting yoga among students on June 21, 2026.

## **6. Report updation on Ph.D programmes:**

- Regarding new registration of Ph.D candidates.
- Regarding the induction of new supervisors.
- Regarding the College Research Committee (CRC) meeting held on January 8 2026.

## **7. Student Feedback on Curriculum and Teaching–Learning Processes**

Regarding collection and review of structured student feedback on the current undergraduate and postgraduate curriculum for the current academic year, focusing on:

- Effectiveness and relevance of existing course content
- Areas requiring improvement or enrichment
- Identification of redundant components for deletion
- Suggestions for inclusion of emerging topics, innovative teaching methods, and skill-based learning

Regarding formulation of actionable recommendations based on student feedback for curriculum enhancement and continuous quality improvement.

**MINUTES OF THE BOS MEETING**

**Date: 31.12.2025**

On December 31, 2025, at 3 p.m., the Board of Studies meeting was held online via Google Meet. After confirming the presence of all BOS members and ensuring the meeting decorum, the proceedings commenced.

Dr. Pradeep Tangade, the Chairperson of BOS, initiated the meeting with a welcome note and this was followed by introductory note by Dr. Ankita Jain, Vice Principal of TMDCRC. All the BOS members were greeted and a special welcome was extended to the external expert, Dr. Bhagwan Das as well as the internal member, Dr. Navneet Kumar.

The agenda discussion proceeded as follows:

**Agenda 1: Confirmation of Minutes from the Board of Studies Meeting held on June 19, 2025**

**Discussion and Resolution:** The minutes from the Board of Studies meeting held on June 19, 2025, were presented to all members, including both external and internal members. The members reviewed and confirmed the minutes. (ANNEXURE 1)

**Agenda 2: Regarding verification of Action Taken Report for the Board of Studies meeting conducted on 19<sup>th</sup> June 2025.**

**Discussion and Resolution:**

The Action Taken Report (ATR) for the previous meeting held on 19<sup>th</sup> June 2025 was presented. (ANNEXURE 2)

***The minutes were recorded and the action taken report was approved.***

**Agenda 3: Regarding academic agenda for undergraduates and postgraduates of our dental college for the academic year 2025-26.**

**Discussion and Resolution:**

Prof Dr Vishwa Deepak, Professor, Dept of Prosthodontics and Chairman of Examination Cell, was asked to elaborate the examinership process for BDS and MDS examinations 2025-2026. He elaborated it as follows:

**For MDS** - There shall be four examiners in each subject. Out of them, two (50%) shall be external examiners and two (50%) shall be internal examiners. Both external examiners shall be from the university other than the affiliating university and one examiner shall be from a university of different State. No External Examiners shall be appointed to the same Institution for more than two consecutive years. Regarding Internal Examiners, two internal examiners shall be professors from the same institution.

# Teerthanker Mahaveer Dental College & Research Centre, Moradabad

*(A constituent college of Teerthanker Mahaveer University)*

Recognized by Dental Council of India & Govt. of India

**For BDS** - The BDS Practical examination shall consist of two examiners. One examiner shall be an external examiner from dental institution approved/recognised by DCI from another university, preferably outside state and one examiner shall be internal examiner of the same institution.

The external expert suggested the introduction of a two-tier system for evaluators to improve academic quality and optimal utilization of expertise. It was proposed that external examiners for practical examinations be selected based on a defined distance criterion, while paper setters and dissertation evaluators may be selected from across the country without distance restrictions, as these evaluations are conducted through online platforms. The Board discussed that this system would enhance transparency, widen the academic expert pool, and maintain regulatory compliance.

Regarding curriculum, it was mentioned that according to the DCI New Delhi notification letter No. DE-87-2017 dated 5th November 2017 for MDS and letter No. V.12012/3/2006-DE dated 25.07.2007 for BDS, the MDS and BDS syllabus continues to remain unchanged. The Board discussed the syllabus of BDS and MDS course as recommended by Dental Council of India and decided that the curriculum be continued on the same guidelines.

*The minutes were recorded and the academic agenda was approved.*

**Agenda 4:** Regarding academic agenda for Ph.D

## **Discussion and Resolution:**

Dr Durga Shankar Gupta, Professor and Member Secretary of CRC/ARC, was asked to elaborate the semester reports of PhD candidates.

He explained that the College Research Advisory Committee (CRAC) meeting is scheduled to be held on 8th Jan 2026. Research scholars will have their research publications approved. The newly inducted batch from July TRAT 2025 will have their review of literatures approved.

*The minutes were recorded and the academic agenda for Ph.D was approved by the Board members.*

**Agenda 5:** Regarding Proposals for Teaching and Learning Enhancements Aligning with NEP 2020

The detailed department-wise academic enhancement plan for the period from January 2026 to June 2026 was presented before the Board of Studies. The proposed schedule included guest lectures, expert talks, and hands-on workshops organized by various departments, with participation of eminent academicians and subject experts from reputed national and international institutions.

For the month of January 2026, the Department of Oral Medicine proposed a guest lecture by Dr. Priyadharshini Arjunan, AIMST University, Malaysia, on the topic "Deciphering Re-emergence of Childhood Virus: An Innovative Approach," focusing on contemporary diagnostic challenges and evolving disease patterns. In addition, an expert talk by Dr. Jagat Reddy, Professor and Head, Department of Oral Medicine and Radiology, KIMS Dental College, was proposed on "Innovative Trends in Orofacial Pain Therapy," highlighting recent

Recognized by Dental Council of India & Govt. of India

advances in pain modulation and management strategies. The Department of Prosthodontics proposed a workshop on systematic review methodology, aimed at strengthening research skills among postgraduate students and faculty members. The Department of Endodontics proposed a departmental workshop on Class II restorations with emphasis on clinical precision and restorative outcomes.

For February 2026, the Department of Orthodontics proposed an expert talk by Dr. Akshai Shetty, Professor and Head, RV Dental College, Bengaluru, on "Innovations in Orthognathic Surgery," addressing contemporary surgical planning and interdisciplinary collaboration. The Department of Periodontics proposed an expert talk by Dr. Rajesh Thakur on "The Role of Innovative Techniques in Periodontal Regenerative Therapy," focusing on biologics, biomaterials, and evidence-based regenerative protocols. The Department of Pedodontics proposed a guest lecture by a senior faculty member from the Department of Pediatric Dentistry, emphasizing advancements in pediatric dental care.

For April 2026, the Department of Oral Surgery proposed a guest lecture by Dr. Vivek Gaur on "Exploring the Innovative Basics of Corticobasal Implantology," with emphasis on alternative implant concepts and immediate rehabilitation. The Department of Oral Pathology proposed an expert talk by Dr. Maji Jose, Professor and Vice Principal, Yenepoya Dental College, on "Tobacco-Induced Lesions: An Innovative Approach and Dentist's Role," focusing on early diagnosis, prevention, and professional responsibility.

For May 2026, the Department of Orthodontics proposed a guest lecture by Dr. Srirengalakshmi, Academic Head, Saveetha Dental College, Chennai, on "Advanced and Innovative Diagnostic Approaches in the Evaluation of Orthognathic Patients," emphasizing modern diagnostic tools and treatment planning strategies.

The Board noted that the proposed academic activities are aligned with the objectives of NEP 2020, promoting multidisciplinary learning, exposure to emerging trends, research orientation, and skill enhancement among undergraduate students, postgraduate students, interns, and faculty members. The external expert appreciated the structured planning, diversity of topics, and inclusion of nationally and internationally recognized speakers.

The Board emphasized that all academic activities should be conducted in accordance with TMU SOP guidelines, with proper documentation, attendance records, feedback collection, and outcome reporting for quality assurance and accreditation purposes.

***The minutes were recorded and the proposal was deemed to be approved by the Board members.***

**Agenda 6:** Regarding conducting an annual one-day multidisciplinary conference by all departments with external resource persons about latest advancements in dentistry.

### **Discussion and Resolutions:**

In accordance with NEP 2020, which emphasizes multidisciplinary programs, it has been proposed to conduct an annual one-day multidisciplinary conference in collaboration with all dental specialties. The multidisciplinary state level conference is scheduled to be conducted in April 2026.

***The external expert and the Board members approved the proposal and the minutes were recorded.***

**Agenda 7:** Regarding conducting a Basic Life Support (BLS) program with AHA certification for all postgraduate students from dental specialties, undergraduate students, and faculty members in January 2026.

## **Discussion and Resolution:**

The proposal to conduct a Basic Life Support (BLS) programme with American Heart Association (AHA) certification for undergraduate students, postgraduate students, and faculty members in January 2026 was placed before the Board. The programme aims to enhance preparedness in managing medical emergencies commonly encountered in dental clinical settings. The Board discussed that the training will be conducted by AHA-accredited instructors and will include both theoretical and hands-on components such as CPR, AED usage, and airway management. The external experts appreciated the initiative and emphasized its importance in improving patient safety and clinical competence. The Board further advised maintaining proper documentation, attendance records, and certification details for academic and accreditation purposes.

*The external expert and the Board members approved the proposal and the minutes were recorded.*

**Agenda 8:** Regarding submission of synopsis by first-year MDS students and the Institutional Ethical Committee meeting scheduled for the last week of January 2026.

## **Discussion and Resolution:**

The proposal regarding the submission of synopsis by first-year MDS students and the scheduling of the Institutional Ethics Committee (IEC) meeting in the last week of January 2026 was placed before the Board. It was informed that all postgraduate departments will ensure timely submission of synopses in accordance with university and DCI guidelines. The Board discussed that the IEC meeting will be conducted to review and approve the submitted research proposals before commencement of data collection. The external experts emphasized adherence to ethical standards in postgraduate research. The Board advised maintaining proper documentation and compliance with institutional and regulatory requirements.

*The external expert and the Board members approved the proposal and the minutes were recorded.*

**Agenda 9:** Regarding implementation of the DCI Regulation 2007 syllabus for Behavioral Sciences and Bioethics from March 2026..

## **Discussion and Resolution:**

The proposal regarding the implementation of the DCI Regulation 2007 syllabus for Behavioral Sciences and Bioethics from March 2026 was placed before the Board. It was discussed that the revised syllabus aims to strengthen ethical reasoning, professional conduct, and patient-centered care among undergraduate students. The Board emphasized that the syllabus will be implemented strictly in accordance with Dental Council of India guidelines. Necessary orientation will be provided to faculty members for effective delivery of the course content.

*The external expert and the Board members approved the proposal and the minutes were recorded.*

**Agenda 10: Regarding the conduction of a one-week Short Term Course on "Endo-Perio Lesions" by the Department of Endodontics in June 2026.**

## **Discussion and Resolutions:**

The proposal regarding the conduction of a one-week Short Term Course on "Endo-Perio Lesions" by the Department of Endodontics in June 2026 was placed before the Board. It was discussed that the course aims to enhance understanding of the diagnosis, classification, and management of endodontic-periodontal lesions through an evidence-based and interdisciplinary approach. The programme is intended for postgraduate students and faculty members and will include lectures, case-based discussions, and clinical perspectives. The external experts appreciated the academic relevance of the course and its potential to strengthen clinical decision-making.

*The external expert and the Board members approved the proposal and the minutes were recorded.*

**Agenda 11: Regarding conduction of faculty club activities.**

## **Discussion and Resolution:**

The proposal regarding the continuance of Faculty Club activities was placed before the Board. It was discussed that Faculty Club activities aim to promote professional interaction, academic collaboration, and overall well-being among faculty members. Such activities will include academic discussions, wellness programmes, cultural engagements, and team-building initiatives. The Board emphasized that these activities would contribute to a positive institutional environment and faculty development. Proper planning, scheduling, and documentation of activities will be ensured in accordance with institutional guidelines.

*The external expert and the Board members approved the proposal and the minutes were recorded.*

**Agenda 12: Regarding celebration of commemoration days for the upcoming year.**

## **Discussion and Resolutions:**

Key national and international observance days will be commemorated through awareness activities, student involvement and academic reflections. Some of the proposed days include:

1. June 5 – World Environment Day
2. June 14 – Blood donor day
3. June 19- National Public Health Dentistry Day
4. June 21 – World Yoga Day

The Board members approved the celebration of these commemoration days.

*The minutes were recorded and the proposal was deemed to be approved.*

**Agenda 13: Regarding bioethics course for postgraduates.**

## **Discussion and Resolutions:**

The external expert, Dr Bhagwan Das, suggested that MDS postgraduate students be encouraged to complete the Biomedical Research course available on the NPTEL-SWAYAM platform, which has been recognized by the National Medical Commission (NMC). It was

# Teerthanker Mahaveer Dental College & Research Centre, Moradabad

Recognized by Dental Council of India & Govt. of India

informed that the course has been successfully implemented for MDS students in other institutions and has proven beneficial in strengthening understanding of research methodology. The Board discussed that mandating submission of the course completion certificate by the end of the first year would enhance the quality of dissertation work and research orientation among postgraduate students.

*The minutes were recorded and the suggestion was noted for consideration and implementation as per institutional and university guidelines. The proposal was deemed to be approved.*

**Agenda 14: Regarding collection and review of structured student feedback on the current undergraduate and Postgraduate curriculum for the current academic year.**

## **Discussion and Resolutions:**

The proposal regarding the collection, analysis, and utilization of structured student feedback on the undergraduate and postgraduate curriculum for the current academic year was placed before the Board of Studies for detailed discussion. It was discussed that feedback will be systematically collected from students of all academic years at regular intervals using a standardized feedback mechanism to ensure reliability, validity, and comprehensive student representation. The Board emphasized that the feedback will be collected on multiple parameters, including the effectiveness, clinical relevance, academic depth, and sequencing of existing course content.

The members discussed that the feedback process will specifically identify areas requiring academic improvement or enrichment, including content depth, teaching methodologies, assessment patterns, and integration of theory with clinical practice. In addition, student inputs will be carefully reviewed to identify redundant, overlapping, or outdated components of the curriculum that may be considered for deletion or rationalization without compromising regulatory requirements. The Board further discussed that students will be encouraged to provide suggestions regarding the inclusion of emerging topics, recent advances, innovative pedagogical approaches, digital learning tools, and skill-based learning modules to better align the curriculum with contemporary professional and clinical demands.

It was further emphasized that the collected feedback will be analyzed year-wise, course-wise, and department-wise, and the findings will be deliberated at departmental meetings and subsequently at institutional academic forums. Based on this structured analysis, specific, actionable recommendations will be formulated, including course modifications, teaching-learning enhancements, assessment reforms, and faculty development interventions. The Board discussed that the implementation of these recommendations will be monitored through documented action plans and periodic reviews, thereby ensuring continuous quality improvement in curriculum delivery and academic outcomes.

*The minutes were recorded and the proposal was deemed to be approved.*
