5	Clinical Insights	48 to 54
6	Co-curricular and Extracurricular activities	51 to 68
7	Health Outreach Programmes	69 to 91

Message from the Chancellor

Shri Suresh Jain

It is my firm belief that the harmonious development of society can be achieved by the enlightenment of the individual heart, mind and soul. This has become a prerequisite in today's fast-changing world where material gains have outpaced basic human values. I am of the firm opinion that education as a powerful instrument of socioeconomic change can transform the attitude, thinking and lifestyle of the people and society. Education enables flexible thinking and enhances better decision making capabilities in individuals. I have always dreamt of empowering society with enlightened, skilful and socially relevant citizens, which can be possible only by educating the masses. As such, we have undertaken in this noble task of reconstructing the social order by providing educational establishments, thus contributing to the development of the nation in our own humble way. Teerthanker Mahaveer University has embraced the task of developing human capital in tune with the requirements of industry and society by integrating the basic principles of Right Philosophy, Right Knowledge and Right Conduct in its policies and programmes. The University stands for humanism, tolerance, reason, adventure of ideas and the search for the truth. We ensure that a multitude of students study in a tolerant but encouraging environment that provides adequate liberty for individual ambition and lifestyle. The multidisciplinary approach of our curriculum focuses on experiential learning, leveraging of ICT for better content delivery, and provisions for sports and extracurricular activities, which are integral components of the learning process. I extend my best wishes to all the aspiring students and assure them that under the mentorship of dedicated faculty of this prestigious University, they shall be able to take full advantage of the opportunities offered to them.

Message from the Group Vice Chairman Shri Manish Jain

It is a matter of great pride and responsibility to contribute to an institution that is committed to shaping not just careers, but character. In today's rapidly evolving world, where technological advancements and material aspirations are accelerating at an unprecedented pace, it becomes essential to nurture individuals who are not only skilled but also grounded in strong ethical values and social responsibility. I firmly believe that education is the cornerstone of progress and a powerful catalyst for transforming society. It equips individuals with the ability to think critically, act responsibly, and adapt to changing global demands. At Teerthanker Mahaveer University, our focus extends beyond academic excellence to the holistic development of every student, ensuring they are prepared to meet both professional challenges and societal expectations. As a Group Vice Chairman, it is deeply fulfilling to witness the University's continued efforts in building an ecosystem that integrates innovation, industry relevance, and value-based education. Our institutions are designed to promote experiential learning, encourage interdisciplinary collaboration, and cultivate leadership qualities that empower students to make meaningful contributions to society. We are committed to creating an environment that inspires curiosity, fosters inclusivity, and supports the aspirations of every learner. With a strong emphasis on mentorship, research, and practical exposure, we strive to develop confident individuals who are capable of driving positive change in their respective fields. I extend my heartfelt wishes to all students embarking on their academic journey with us. I am confident that with dedication, perseverance, and the guidance of our accomplished faculty, you will achieve excellence and uphold the values that define our institution. Let us continue to work together towards building a progressive, knowledgeable, and compassionate society.

Message from the Executive Director Shri Akshat Jain

It gives me immense satisfaction to be part of an institution that is dedicated to delivering quality education and shaping future-ready professionals. In an era defined by rapid transformation and increasing global interconnectedness, the role of education extends beyond knowledge acquisition to nurturing competence, adaptability, and integrity.

I firmly believe that a strong educational foundation empowers individuals to think independently, act decisively, and contribute meaningfully to society. At Teerthanker Mahaveer University, we are committed to creating a dynamic learning environment that bridges academic knowledge with practical application, ensuring our students are well-prepared to meet the evolving demands of industry and society. As Executive Director, my focus remains on strengthening academic systems, enhancing infrastructure, and promoting innovation in teaching and learning methodologies. We continuously strive to integrate technology, research, and skill-based training into our curriculum, enabling students to gain real-world exposure and develop a competitive edge. Our institution places great emphasis on discipline, professionalism, and continuous improvement. Through collaborative efforts of our dedicated faculty and motivated students, we aim to uphold the highest standards of excellence while maintaining a student-centric approach. I extend my best wishes to all our students. I am confident that your journey at the University will be enriching and transformative, equipping you with the knowledge, skills, and values necessary to excel in your chosen paths. Together, let us move forward with determination and purpose to create a future driven by knowledge, innovation, and responsibility.

Message from the Vice Chancellor

Prof. Dr. VK Jain

It is both an honour and a privilege to serve as the Vice Chancellor of an institution that is committed to academic excellence, innovation, and the holistic development of its students. In today's dynamic and knowledge-driven world, universities play a pivotal role in shaping individuals who are not only intellectually competent but also socially responsible and ethically grounded. At Teerthanker Mahaveer University, we believe that education is a transformative force that empowers individuals to realize their full potential. Our academic framework is designed to promote critical thinking, creativity, and lifelong learning. We continuously strive to provide a stimulating environment that encourages inquiry, research, and interdisciplinary collaboration. We are dedicated to maintaining high academic standards through a well-structured curriculum, experienced faculty, and state-of-the-art infrastructure. Emphasis is placed on integrating theoretical knowledge with practical application, ensuring that our students are equipped to meet the challenges of an ever-evolving global landscape. The University fosters a culture of inclusivity, innovation, and academic integrity. We encourage our students to engage in research, participate in co-curricular activities, and develop leadership qualities that will enable them to contribute meaningfully to society.

I extend my sincere wishes to all students and stakeholders. May your association with the University be enriching and fulfilling, paving the way for success, growth, and excellence in all your endeavours. Let us work together in pursuit of knowledge, progress, and a better future for all.

It gives me great pleasure to address students and stakeholders as the Dean Academics of an institution committed to excellence in education and academic integrity. In today's dynamic and competitive world, the quality of academic delivery is pivotal in shaping not just skilled professionals, but responsible and forward-thinking individuals. At Teerthanker Mahaveer University, our academic framework is meticulously structured to achieve a seamless integration of strong theoretical foundations with meaningful practical exposure. We place strong emphasis on outcome-based education, continuous evaluation, and the adoption of innovative teaching methodologies that elevate the learning experience. Through a blend of technology-driven learning and research-oriented approaches, we aim to ignite curiosity, build competence, and prepare our students to excel in a rapidly advancing world.

Message from the Dean Academics

Dr Manjula Jain

It is a privilege to address you as the Director – Governance (Dental & Allied Health Sciences). In the field of healthcare, true excellence is built not only on knowledge and skill, but on discipline, ethics, and a strong sense of responsibility. At Teerthanker Mahaveer University, we strive to create a structured and supportive academic environment where systems, standards, and values guide every aspect of learning and clinical practice. Governance is not about rules alone—it is about shaping professionalism, ensuring fairness, and building a culture of accountability that prepares you for real-world challenges. I encourage each one of you to uphold these values, remain committed to your goals, and approach your training with sincerity and integrity. The habits you build here will define the kind of healthcare professional you become. Your journey is not just about earning a degree, but about becoming a responsible contributor to society.

Message from the Director - Governance (Dental & Allied Health Sciences)

Dr Neelima Jain

Message from the Principal

Prof Dr Pradeep Tangade

It gives me great pleasure to be associated with Teerthanker Mahaveer Dental College and Research Centre, an institution committed to excellence in dental education, clinical training, and patient care. Our focus is to provide a strong academic foundation supported by modern infrastructure and advanced preclinical laboratories, enabling students to develop essential skills before entering clinical practice. With a substantial patient inflow, students gain valuable exposure to diverse clinical scenarios, helping them build confidence and competence. We emphasize not only academic and clinical excellence but also the development of ethical values, discipline, and professional responsibility. I extend my best wishes to all students and encourage them to make the most of the opportunities available and strive for excellence in their professional journey.

It is a privilege to be part of an institution that nurtures future dental professionals through a balanced approach to education and training. We believe that learning extends beyond classrooms and clinics, and we actively encourage students to participate in co-curricular and extracurricular activities for their overall personality development. Working closely with the management, faculty, and students, we are committed to maintaining high standards in teaching, learning, and patient care, while continuously adapting to advancements in the field. I wish all our students success and am confident they will uphold the values and reputation of the institution in their future endeavours.

Message from the Vice Principal

Prof Dr Ankita Jain

ABOUT *the* COLLEGE

Academic Excellence:

Teerthanker Mahaveer Dental College & Research Centre (TMDCRC) is a premier dental institution in India known for academic excellence, innovative research, and empathetic patient care. As a constituent college of Teerthanker Mahaveer University (TMU), Moradabad, a UGC-recognized, NAAC-accredited university, TMDCRC continually enhances its facilities and resources to align with the evolving needs of the dental profession. A strong cadre of PhD-qualified and highly experienced faculty mentor undergraduate and postgraduate learners, thus creating ethically bound and clinically competent healthcare professionals. TMDCRC has, in the last five years, carved out a distinguished place for itself as a leader in dental education, clinical excellence, and cutting-edge research. With its forward-looking vision and commitment to academic and clinical advancement, the institution has systematically built an ecosystem where innovation, service, and scholarly contributions thrive in unison. The college today stands as one of the most dynamic dental schools in the country, offering a blend of world-class infrastructure, highly experienced faculty, advanced technology, and strong research orientation.

Research Contribution and Global Recognition:

The hallmark of any great academic institution lies in its research culture and contributions to the advancement of knowledge, and TMDCRC has achieved global excellence in this domain. The institution has published extensively in globally acclaimed journals, including in four Q1-ranked journals, which represent the highest levels of academic quality and impact. Faculty and students alike publish in reputed, peer-reviewed national and international journals with competitive support from DST, DBT, UGC, CSIR, ICMR, and other agencies, while TMU intramural and seed grants further catalyse early-stage ideas. Notably, TMDCRC has also authored and contributed to books, including a Springer Nature publication, highlighting its role in global scholarly discourse. Patents and copyrights have been filed to protect intellectual innovations, demonstrating the institution's emphasis on translating ideas into tangible contributions for science and society.

ABOUT *the* COLLEGE

Research Ecosystem:

The research ecosystem at TMDCRC is inclusive and collaborative, integrating discovery, education, and patient care to drive innovation that benefits oral and general health. The institution promotes interdisciplinary and multidisciplinary projects and strategic collaborations to advance professional, scientific, and innovative development across the life and health sciences. Research spans healthcare, cosmetic science, biostatistics, bioinformatics, environmental science, nanoscience and technology, and nutrition and dietetics, directly improving quality of life and oral-systemic health outcomes. TMDCRC also extends research support to scholars from other higher educational institutions and state universities, providing access to state-of-the-art laboratories for experimental and translational work across modern biology, health sciences, and dental specialties. The college additionally engages with professional bodies and experts from various specializations across the country, ensuring research guidance, peer support, and collaborative projects that enrich its academic depth. Dedicated incubation and innovation centres further provide students and faculty with platforms to transform creative ideas into practical solutions, reinforcing TMDCRC's status as a hub for entrepreneurial and translational innovation.

State-of-the-Art Technology and Infrastructure:

What sets TMDCRC apart is its emphasis on ensuring that students and faculty are exposed to the most advanced technologies available in global dentistry. The installation of a world-class Cone Beam Computed Tomography (CBCT) machine marked a quantum leap in diagnostic precision. This imaging modality allows for highly accurate three-dimensional visualization of craniofacial structures, significantly enhancing diagnostic accuracy, surgical planning, and patient outcomes. The incorporation of CAD-CAM milling technology has revolutionized prosthodontic practice at the institution, ensuring the delivery of highly precise prostheses with unmatched accuracy and efficiency. The use of loupes and magnification systems in endodontics has improved the precision of root canal treatments and other micro-procedures, ensuring better treatment outcomes and advanced training for postgraduate students. The integration of advanced 3D scanning systems has firmly embedded digital dentistry into the curriculum and clinical workflow, offering highly accurate intraoral impressions and digital workflows for prosthetics and orthodontics. Complementing these facilities is a sophisticated VIP clinic, demonstrating the institution's focus on providing world-class care with unmatched hospitality and patient comfort, aligning with international standards of dental practice.

ABOUT *the* COLLEGE

Clinical Excellence and Patient Care:

Clinical excellence is another pillar where the institution has made significant progress. The college operates with a strong patient base due to its prime location on a national highway and its reputation for delivering affordable yet world-class care. The college boasts a consistently high number of outpatient visits, ensuring students gain real-world exposure to a wide variety of cases. It is equipped with an adequate number of advanced, ergonomically designed dental chairs in every department, ensuring smooth clinical workflow, comprehensive patient care, and optimal training opportunities for students across all specialties. With the establishment of dedicated centres such as the Tobacco Cessation Clinic, TMDCRC has taken a proactive role in addressing pressing public health issues. Extensive outreach programs, screening camps, and awareness initiatives have been organized in both rural and urban areas, directly impacting the health and well-being of thousands of people. These efforts not only enhance the community's access to dental care but also instill in students a sense of responsibility and empathy. The introduction of structured patient feedback systems has ensured continuous quality improvement in clinical services, contributing to the dual objective of enhancing patient satisfaction and creating an excellent learning environment for students.

Faculty and Student Development and Achievements:

The progress of TMDCRC is also reflected in the accomplishments of its faculty, who bring national and international recognition to the college through their contributions. Faculty members have secured prestigious fellowships, awards, and recognition at global platforms, highlighting the expertise nurtured at the institution. Regular faculty development programs, induction, and orientation initiatives ensure that teaching standards remain contemporary and effective. TMDCRC believes that the true measure of its success lies in the achievements of its students as well. The institution has nurtured its students into confident professionals equipped with both skills and values. Students have been active participants in national and international conferences, where their presentations and posters have won recognition. A robust student mentoring system ensures holistic development, addressing academic, personal, and career growth needs. Platforms such as the Scientia Forum and student clubs have been created to encourage innovation, debate, and leadership among students. The result is a generation of graduates who are not just clinically competent, but also research-oriented, empathetic, and socially responsible.

ABOUT *the* COLLEGE

A Green and Sustainable Campus:

Alongside its academic and clinical strengths, TMDCRC has also created a supportive and sustainable campus ecosystem. Hostel accommodation is designed to be safe and comfortable, offering essential amenities without excess, allowing students to focus on academics and self-development. Food facilities provide nutritious, hygienic meals and simple recreational spaces, ensuring a balanced and healthy lifestyle. What makes the campus distinctive is its conscious alignment with environmental sustainability. TMDCRC is a designated green campus, with eco-friendly infrastructure, energy-efficient practices, tree-lined spaces, and modern waste management systems. It is also a smoke-free campus, reinforcing its commitment to health promotion and environmental stewardship. These initiatives highlight the institution's vision of connecting oral health, systemic health, and planetary health into a unified framework. Students and faculty are encouraged to adopt sustainable practices, making environmental consciousness a lived value within the academic community.

The last five years at Teerthanker Mahaveer Dental College & Research Centre have been nothing short of transformational. From world-class technologies like CBCT, CAD-CAM, and 3D scanning to prestigious research publications in Q1 journals; from authored works in Springer Nature to patents and copyrights filed; from incubation centres improving innovation to community outreach programs impacting thousands of lives, the institution has excelled across every dimension of its mission. TMDCRC continues to advance with a vision of preparing the next generation of dental professionals who will not only serve but also lead in the rapidly changing world of oral healthcare.

ACADEMIC ACHIEVEMENTS

ACADEMIC ACHIEVEMENTS

The academic year 2025–2026 has been marked by a strong commitment to academic excellence, knowledge dissemination, and professional development. A series of guest lectures, expert talks, and workshops were systematically planned and conducted to enhance the academic environment and provide students with exposure to current advancements in the field. These activities facilitated interaction with eminent speakers and promoted critical thinking, clinical insight, and research orientation among students. The dental departments have demonstrated consistent progress in executing their academic schedule effectively, as reflected in the following summary of planned and completed activities.

Activity Type	Total Events Planned	Completed
Guest Lecture	9	7
Expert Talk	5	4
Workshop	3	3
Value added course	2	2

ACADEMIC ACHIEVEMENTS

Anti-Ragging Guest Lecture organised by Teerthanker Mahaveer Dental College & Research Centre. The session by Prof. (Dr.) Nikhil Srivastava highlighted awareness, responsibility, and ethical conduct. This reflects TMU's strong commitment to nurturing a safe, respectful, and student-centric campus environment.

CLINICAL INSIGHTS

OUTPATIENT STATISTICAL ANALYSIS

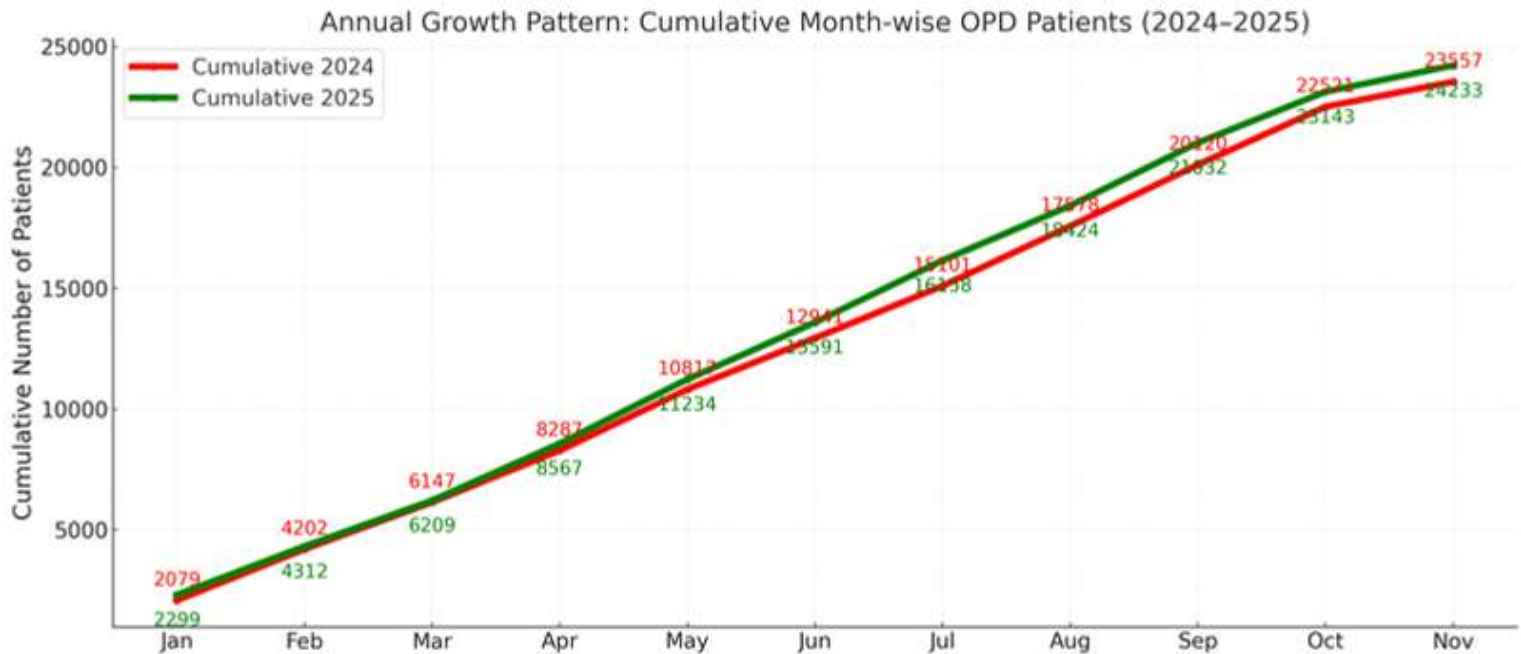

The Outpatient Statistical Analysis provides a comprehensive evaluation of patient flow and service utilization across the institution.

The Overall OPD Footfall reflects the total volume of patients attending the outpatient department, serving as a key indicator of institutional reach and clinical demand. Department-wise OPD Trends highlight variations in specialty-specific workload and help identify areas of high patient dependency.

The New vs. Review Patient Ratio offers insight into the balance between fresh case inflow and ongoing treatment requirements, reflecting both accessibility and continuity of care.

The Monthly and Annual Growth Pattern further illustrates seasonal fluctuations, operational efficiency, and long-term service expansion. Together, these metrics support data-driven planning and ensure optimal academic, clinical, and administrative decision-making.

MONTHLY OPD ANALYSIS

The cumulative growth curve shows a consistent and progressive increase in OPD patient flow in 2025 compared with 2024.

While both years begin with similar starting volumes in January, the 2025 trajectory accelerates more rapidly from March onward.

The cumulative totals for 2025 surpass 2024 in every subsequent month

demonstrating stronger month-on-month retention and acquisition of new patients.

The most notable divergence appears between May and October, where the gap between the two years widens significantly. This reflects a sustained rise in clinical activity, improved footfall, and better service utilisation in 2025.

“Overall, the graph highlights higher patient engagement, improved institutional visibility, and a positive annual growth trend for 2025. ”

CO-CURRICULAR & EXTRACURRICULAR ACTIVITIES

SPORTS AND CULTURAL ACTIVITIES

The academic year 2025–2026 has been marked by a strong commitment to academic excellence, knowledge dissemination, and professional development. A series of guest lectures, expert talks, and workshops were systematically planned and conducted to enhance the academic environment and provide students with exposure to current advancements in the field. These activities facilitated interaction with eminent speakers and promoted critical thinking, clinical insight, and research orientation among students. The dental departments have demonstrated consistent progress in executing their academic schedule effectively, as reflected in the following summary of planned and completed activities.

CONVOCATION CEREMONY

The Convocation Ceremony was conducted on 14th March 2026 in a formal and celebratory setting. The event was graced by the Chief Guest, Jagat Prakash Nadda, Hon'ble Union Minister of Health and Family Welfare. The Guests of Honour included Brajesh Pathak, Hon'ble Deputy Chief Minister of Uttar Pradesh; Suresh Kumar Khanna, Hon'ble Minister of Finance, Government of Uttar Pradesh; and Bhupendra Singh Chaudhary, Hon'ble President of BJP, Uttar Pradesh. The ceremony marked a significant academic milestone, celebrating the achievements of graduating students and their transition into professional practice.

Festive Celebrations

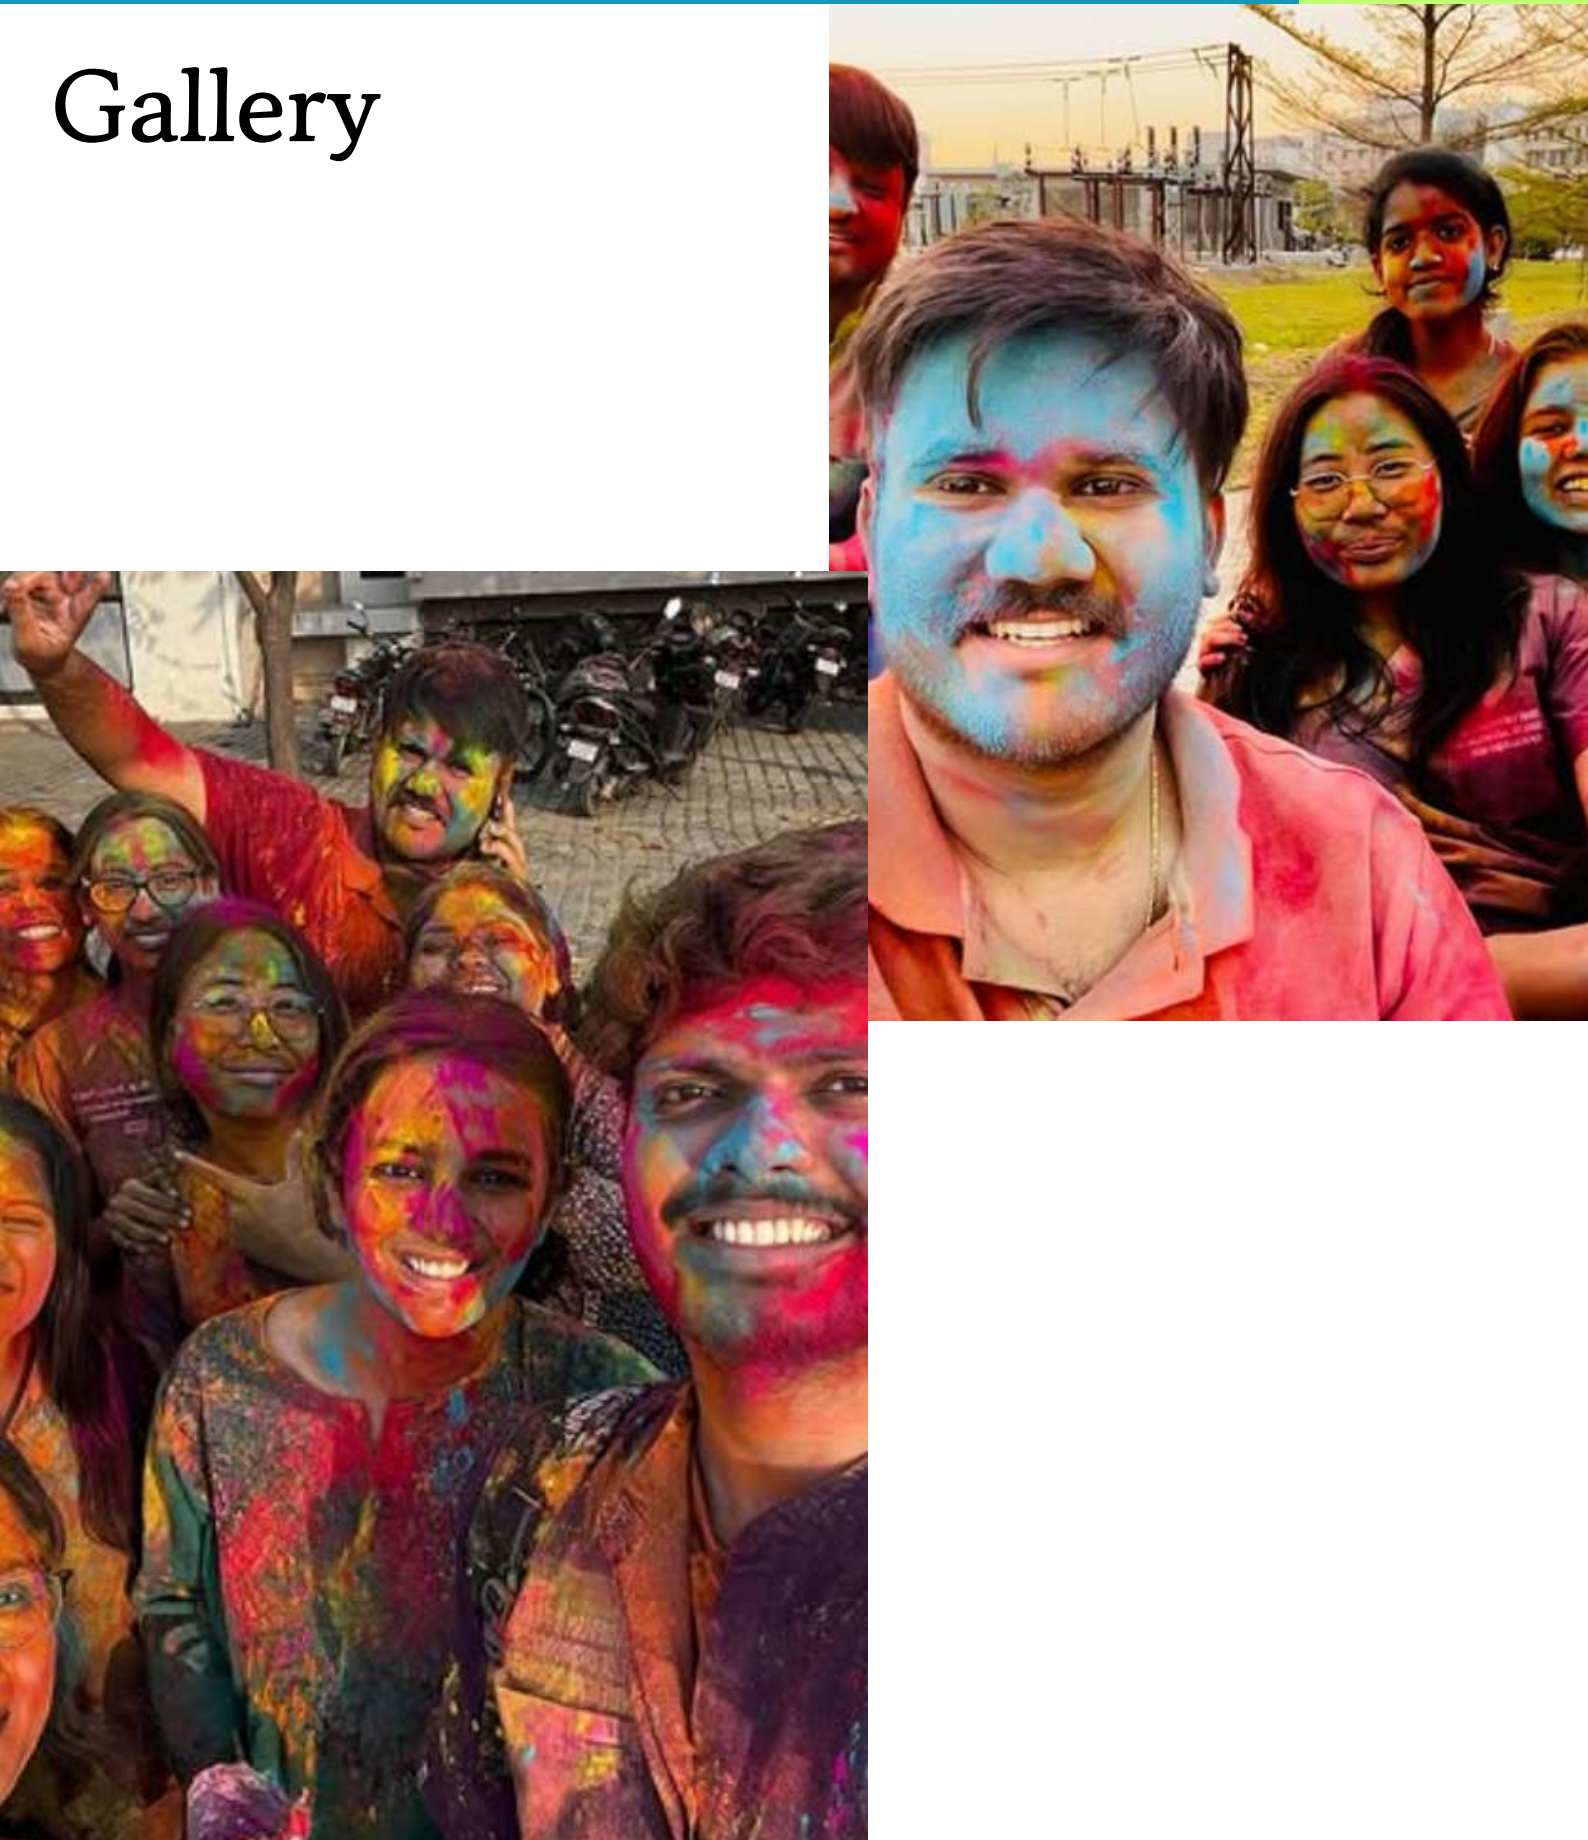

Makar Sankranti Celebration

At Teerthanker Mahaveer Dental College and Research Centre, all festivals are celebrated with great enthusiasm and significance, reflecting the institution's commitment to cultural diversity and inclusivity. These celebrations bring together students, faculty, and staff, creating a sense of unity and belonging while honoring various traditions. Such occasions provide a welcome break from academic routines and contribute to a vibrant and engaging campus environment.

भव्य उत्सव

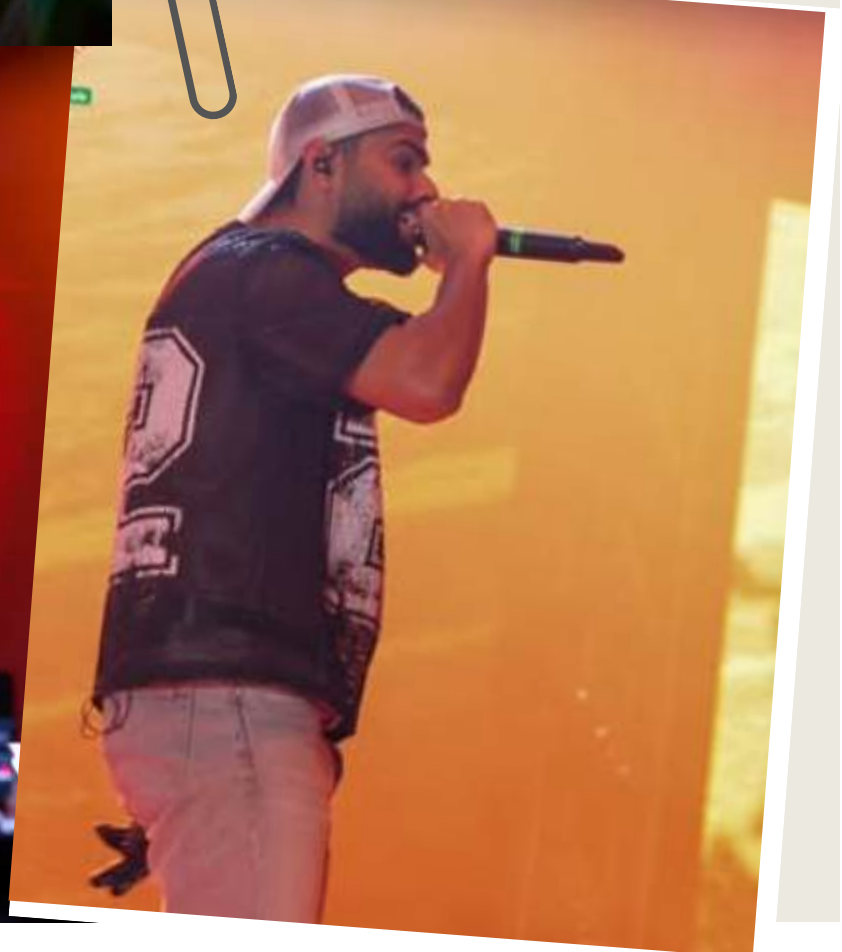

Rock Fest

Rock Fest came alive with electrifying performances as Badshah and Akasa Singh turned the campus into a vibrant celebration of music and energy on 15th March 2026. The event witnessed enthusiastic participation, with students enjoying an evening filled with live music, rhythm, and high-spirited performances, making it one of the most memorable highlights of the year.

Rock Fest

TMU Kavi Sammellan

TMU Kavi Sammellan 2026, held on 16th March 2026 at 8 PM, was a vibrant celebration of Hindi literature and poetic expression. Shailesh Lodha captivated the audience with his wit and thought-provoking verses, alongside esteemed poets Govind Rathi, Ashok Charan, Chetan Charchit, Abhishar Geeta Shukla, and Manu Vaishali. The event created an engaging atmosphere filled with humor, reflection, and cultural richness, leaving a lasting impression on all attendees.

HEALTH OUTREACH PROGRAMMES

HEALTH OUTREACH PROGRAMMES

The institution actively conducted a series of health outreach programmes and dental camps throughout the year, aiming to extend essential oral healthcare services to the community. These initiatives focused on early diagnosis, preventive care, and creating awareness about oral hygiene among diverse populations. Students and faculty participated in screening, basic treatment, and health education activities, gaining valuable clinical exposure while contributing to community well-being. Such programmes reflect the institution's commitment to social responsibility and the promotion of accessible healthcare services.

DENTAL HEALTH FOR WOMEN – MISSION SHAKTI 5.0 AT TMU

Teerthanker Mahaveer Dental College & Research Centre, Teerthanker Mahaveer University (TMU), successfully organised a special awareness camp titled “Dental Health for Women” under Mission Shakti 5.0, in collaboration with the U.P. Police. The event, hosted at the College of Nursing, focused on empowering women with essential knowledge linking oral health to overall well-being.

Event Highlights

The primary goal of the event was to educate and empower women through awareness about oral health and its broader connection to physical and mental well-being. Key objectives included:

- Educating women about the link between oral and systemic health, particularly during pregnancy, menstruation, menopause, and hormonal changes.
- Empowering women under Mission Shakti 5.0 to take charge of their personal and family oral hygiene.
- Promoting preventive dental care, balanced nutrition, and regular dental check-ups for long-term health benefits.

The interactive session encouraged calmness during emergencies, effective communication, and proactive engagement with law enforcement and healthcare professionals.

OTHER COMMUNITY HEALTH ACTIVITIES

A total of **10** **commemoration days** were also celebrated during the year. These events created meaningful impact by increasing community participation, promoting public awareness, and encouraging volunteer involvement. They also helped strengthen connections with the society and contributed to positive social change.

Commemoration Days

WORLD ORAL HEALTH DAY

“A healthy smile is a perfect smile.” The Department of Periodontology, Teerthanker Mahaveer Dental College and Research Centre, celebrated World Oral Health Day from 20 March to 21 March. Under the guidance of Principal and Head of Department Prof. Dr. Shalabh Mehrotra, the programme comprised an educational lecture by Prof. Mehrotra on the importance of oral health, a briefing on oral hygiene aids by Dr. Sweta, student competitions (rangoli and slogan writing), and an OPD oral health screening camp where patients were examined and advised for necessary treatment; the events were coordinated by Dr. Rajeev, Dr. Disha, Dr. Amrita, Dr. Pooja, Dr. Bharti, Dr. Sweta and Dr. Prerna, and concluded with a prize distribution ceremony graced by the Principal. Overall, the initiative saw enthusiastic participation from undergraduate, intern and postgraduate students and faculty and was adjudged a successful and impactful outreach.

Commemoration Days

INTERNATIONAL WOMEN'S DAY

Teerthanker Mahaveer Dental College and Research Centre organised a programme on 8 March to mark International Women's Day, attended by faculty and students and graced by Principal. The event opened with a floral welcome for the Principal and a keynote by Vice Principal Dr. Ankita Jain, who emphasised values and ethics, gender equality, the importance of higher education for women, and practical health education while addressing everyday issues faced by women colleagues. She also highlighted exemplary Indian women who have brought national pride. The programme concluded with a vote of thanks and high tea.

Fig. Celebration of International Women's day

Commemoration Days

World No Tobacco Day

The highlight of the event was a webinar delivered by Dr. Sahana Hegde-Shetia (MDS, PhD – Public Health Dentistry) on the topic: “Empowering Communities to Strengthen Tobacco-Free Schools: A Comprehensive Research Perspective.” She emphasised the role of community participation in achieving tobacco-free school environments and presented evidence-based strategies for effective implementation. This was followed by a pledge session.

World AIDS Day

On 1st December, the Department of Public Health Dentistry, TMDC&RC, observed World AIDS Day at Guretha village, Moradabad, under the theme “Take the Rights Path: My Health, My Right!” The outreach combined awareness sessions using charts and posters with a dental screening camp that screened 53 patients and provided oral hygiene and AIDS prevention education.

Commemoration Days

WORLD ORTHODONTIC HEALTH DAY

On 15 May, World Orthodontics Health Day was celebrated at TMDCRC, TMU in the Department of Orthodontics. The programme was inaugurated by Principal Dr. Pradeep Tangde and Vice Principal Dr. Ankita Jain, with HODs and faculty from various departments in attendance. Dr. Sumit delivered a lecture on the significance of World Orthodontics Health Day, and Dr. Malvika spoke about achievements within the department and delivered a talk titled “Say No to Do-It-Yourself Aligners,” highlighting regulatory notices and the risks of unsupervised aligner use. The event concluded with a cake-cutting ceremony and refreshments and was judged a successful observance.

Commemoration Days

WORLD RADIOLOGY DAY

On 8 November, the Department of Oral Medicine and Radiology, Teerthanker Mahaveer Dental College & Research Centre, celebrated World Radiology Day in the department seminar room. The programme was inaugurated by Head of Department Dr. Sivan Sathish, who highlighted the importance of the day and recent advances in radiology. Activities included a radiology quiz for all undergraduate students; all events saw enthusiastic participation and winners were honoured at the close. The session was attended by Principal Dr. Pradeep Tangade, Vice Principal Dr. Ankita Jain, faculty and postgraduates, and concluded with a vote of thanks.

Commemoration Days

NATIONAL ANTITERRORISM DAY

Teerthanker Mahaveer Dental College and Research Centre held an Anti-Terrorism Day lecture in LT-4 from 2–4 pm to educate students about different forms of terrorism and ways to respond. The programme began with lamp lighting and a welcome by Principal Dr. Pradeep Tangde, followed by a talk from guest speaker Mr. M. P. Singh and an interactive Q&A. A speech competition on terrorism for final-year BDS students and interns was also held. The event concluded with a vote of thanks by Vice Principal Dr. Ankita Jain and high tea, and was judged a successful and informative session.

Commemoration Days

NATIONAL PUBLIC HEALTH DENTISTRY DAY

On 19 June, the Department of Public Health Dentistry, Teerthanker Mahaveer Dental College and Research Centre, celebrated National Public Health Dentistry Day on the theme “Utilizing Behavioural Sciences in Promoting Oral Health.” The program, beginning at 11:00 AM, featured undergraduate presentations of reels, memes and slogans on oral health prevention, and was attended by Dr. Pradeep Tangade (Officiating Principal), Dr. Ankita Jain (Vice Principal), Dr. Vikas Singh and postgraduate students. The event promoted oral hygiene education, preventive care and community-focused public health dentistry.

Commemoration Days

WORLD ENVIRONMENT DAY

On World Environment Day, Teerthanker Mahaveer Dental College and Research Centre actively participated in a tree plantation drive to promote environmental sustainability. Faculty members including Dr. Ankita Jain, Dr. Sivan Sathish, Dr. Haritma Nigam, and Dr. Vikas Singh, along with students Harshit Jain, Umang Jain, Umme Habiba, and Aqsa Khan, together planted 10 saplings within the campus. The initiative reflected the institution's commitment to creating ecological responsibility and creating a greener future.

Commemoration Days

INTERNATIONAL YOGA DAY

On 21 June, Teerthanker Mahaveer Dental College and Research Centre observed International Yoga Day with an engaging programme aimed at promoting holistic health and well-being among students, faculty, and the community. The session, conducted on campus under the guidance of trained instructors, highlighted the role of yoga in reducing stress, improving concentration, and enhancing physical and mental balance.

The celebration not only created awareness within the institution but also had a broader community impact by encouraging healthy lifestyle practices.

ग्रेविटस में रीगल राजपूताना टीम चैंपियन

टीएमयू में किशोर के तालू में इम्पेक्टिड दांत की दुर्लभ सर्जरी

दुनिया जल्द सुनेगी टीएमयू डेंटल कॉलेज एंड रिसर्च सेंटर की अद्वितीय सफलता की कहानी, चीन और नेपाल के बाद यह दुनिया में दुर्लभ सर्जरी का चौथा रेयर केस, बहुप्रतिष्ठित इंटरनेशनल जर्नल ऑफ पीडियाट्रिक डेंटिस्ट्री में प्रकाशित होगी टीएमयू डेंटल की यह केस स्टडी

शाह राहुल ब्यूरो

मुरादाबाद। तीर्थंकर महावीर जूनिवर्सिटी, मुरादाबाद के डेंटल कॉलेज एंड रिसर्च सेंटर की इलाजी में एक और बड़ी उपलब्धि आई है। डेंटल कॉलेज के डिपार्टमेंट ऑफ पीडियाट्रिक एंड प्रोबोसिटिव डेंटिस्ट्री की ओर से 12 वर्ष के बच्चे के तालू में फंसे दांत की सफल दुर्लभ सर्जरी की गई। यह ऑपरेशन चार घंटे तक चला। टीएमयू के पीडियाट्रिक डेंटिस्ट्री डिपार्टमेंट का यह दावा है, यह भारत का दूसरा और दुनिया में इस तरह की दुर्लभ सर्जरी का चौथा रेयर केस है। इससे पूर्व ऐसे दुर्लभ केस 2011 में चीन, 2014 में भारत-चेन्नई और 2024 में नेपाल में सामने आए हैं। इस उपलब्धि को केस स्टडी के लिए बहुप्रतिष्ठित इंटरनेशनल जर्नल-इंटरनेशनल जर्नल ऑफ पीडियाट्रिक डेंटिस्ट्री में प्रकाशित करने के लिए भेज दिया गया है। इसका प्रकाशन रिपब्लिक तक संभव है। यह भी किसी बड़ी उपलब्धि से कम नहीं है। इस उपलब्धि से ग्लोबल टीएमयू के क्वालिफिकेशन की सुरक्षा जैन, बोरसो की

मनीष जैन और एग्जिक्यूटिव हायरवेयर श्री अश्विनी जैन कहते हैं, टीएमयू के डेंटल कॉलेज एंड रिसर्च सेंटर के डॉक्टरों अनुभवी हैं। डेंटल हास्पिटल के इन्फ्रामेंट्स भी अति आधुनिक हैं। उन्होंने इस दुर्लभ

सर्जरी करने वाली टीम को हार्दिक बधाई देते हुए, पेशेंट को जल्द से जल्द स्वस्थ होने की मंगलकामना की है। जनपद अमरसिंहा के जलजलपुर कला गांव के 12 बरस के आर्य चरव के तालू में एक अतिरिक्त दांत,

जबकि ऊपरी जबड़े के पीछे भी एक दांत डग आया था। इस एनोमाली को सॉल्व करने में सुपर न्यूमेरी टोथ कहते हैं। इस कारण आग के मुंह में अत्यधिक सूजन हो गई थी, जिससे खाने-पाने में दुर्गन्धि हो रही थी। जब आर्य को पेशेंट टीएमयू में रखे तो डॉक्टरों की टीम ने सबसे पहले सोनोग्राफी जांच कराई। जांच में पता चला कि पेशेंट के तालू में एक अतिरिक्त दांत है। यह अपने आप में रेयर केस था, क्योंकि इसमें ऑपरेशन की टीम के सामने बड़ी चुनौती थी। डॉक्टरों की टीम ने पेशेंट के पेशेंट्स को ऑपरेशन करने का सुझाव दिया। पीडियाट्रिक एंड प्रोबोसिटिव डेंटिस्ट्री विभाग की डॉ. रोपेशिका बजाती हैं, यदि समय रहते इसका ऑपरेशन नहीं किया जाता तो पेशेंट के मुंह में गंभीर संक्रमण होने का अंश था। साथ ही उसके चेहरे को क्लिफ भी बिगड़ सकती थी। पेशेंट के पेशेंट्स की सहमति के बाद टीएमयू के डॉक्टरों ने आर्य का ऑपरेशन किया। अमूमन ऐसे ऑपरेशन केहोरी की हड्डी में किए जाते हैं, लेकिन टीएमयू के डॉक्टरों

की सूझबूझ के चलते इस ऑपरेशन को बिना एनार्थ्रोसिया के चार घंटे में अंजाम दिया गया। डॉक्टरों की टीम के लिए इस ऑपरेशन में बहुत-सी चुनौतियां थीं। ऊपरी जबड़े के पीछे कला का दांत डगला था, जिसे पकड़ने में परेशानी हो रही थी। जरा-सी धक्का होने से इस दांत के पीछे में जाते थे। नाक में फंसे जाने का अंश था। ऑपरेशन के दौरान यदि नाक की हड्डी टूट जाती तो, मुँह और नाक का एक ही रास्ता बन जाता और पेशेंट अस्वास्थ्य हो जाता। अब पेशेंट पूरी तरह से स्वस्थ हैं। डॉ. रोपेशिका के नेतृत्व में चले इस ऑपरेशन की टीम में डॉ. समन सिराज, डॉ. बजाहल अली, डॉ. अंबुज साधु आदि शामिल रहे। इस दुर्लभ सर्जरी के लिए डिप्टी प्रो. प्रदीप तावड़े, वाइस प्रिंसिपल डॉ. अंकिता जैन और पीडियाट्रिक एंड प्रोबोसिटिव डेंटिस्ट्री विभाग की एचआई प्रो. रचना बहलूना ने इस दुर्लभ केस को सफलता बनाते हुए कला का दांत को पता चला था। टीएमयू के डेंटल डॉक्टरों की स्किल्स अद्वितीय हैं।

TMU Serving Communities, Transforming Lives!

Teerthanker Mahaveer Dental College and Research Centre actively engages in community outreach by adopting nearby villages to promote oral health awareness and provide essential dental care services.

Extending Care to Bagadpur Village..

Through regular dental camps, screening programs, and preventive education initiatives, the institution strives to improve the overall health and well-being of rural populations. This commitment reflects the college's dedication to social responsibility and its vision of extending quality healthcare beyond institutional boundaries.

Where Care Meets Community: Aurangabad

Under the Aurangabad Smiles Initiative, Teerthanker Mahaveer Dental College and Research Centre extends its commitment to community service by delivering essential oral healthcare to the adopted village of Aurangabad. Through regular dental camps, screenings, and awareness programs, the initiative focuses on prevention, early diagnosis, and improving oral hygiene practices.

Where Care Meets Community: Aurangabad

This outreach reflects the institution's dedication to creating healthier smiles while building meaningful connections with the community.

Smiles in Manoharpur!

Through the Manoharpur Smiles Initiative, Teerthanker Mahaveer Dental College and Research Centre brings focused oral healthcare services directly to the community of Manoharpur. The program emphasizes early detection of dental conditions, accessible treatment, and practical education on maintaining oral hygiene.

Smiles in Manoharpur!

By engaging with residents at the grassroots level, the initiative aims to create lasting awareness and promote a culture of preventive dental care.

“

The milestones achieved this year stand as a testament to collective effort and commitment. This journey continues forward with greater vision, stronger purpose, and sustained excellence. ”
