

Teerthanker Mahaveer Medical College & Research Center

Teerthanker Mahaveer University

Delhi Road, Moradabad - 244001

Time Table Schedule (Phase 3 MBBS (Part I) as per New Curriculum w.e.f AUGUST 2019)

Day/Time	8:00-9:00 am	9:00-10:00 am	10:00 am - 1:00 pm	1:00-2:00pm	2:00-3:00pm	3:00-4:00pm	
Monday	Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Dermatology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)	LUNCH	Community Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		
Tuesday	Obstetrics & Gynecology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Respiratory Medicine/ Radiology # - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Otorhinolaryngology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Surgery - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	# - First 21 weeks are for Respiratory medicine and Next 21 weeks are for Radiology
Wednesday	Pediatrics - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Community Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Forensic Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		
Thursday	Surgery - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Otorhinolaryngology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Obstetrics & Gynecology - Lecture/Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	
Friday	Psychiatry - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Ophthalmology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Integrated Teaching as decided by AITo	Pediatrics/ Anesthesia* - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	*First 21 weeks are for Anesthesia and next 21 weeks are for Pediatrics
Saturday	Orthopedics - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	AETCOM Module/ Pandemic Module	Clinical Posting (P)		Ophthalmology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		1 week Holi Vacations (14/3/22-19/3/22); 1 week Diwali Vacations(24/10/22-29/10/22); 2 weeks each for 1st Terminal (02/5/22-13/5/22), 2nd Terminal (22/8/22-03/9/22) and Pre-University Exam (19/12/22 onwards); Four Days Every Year - Annual Sports (Weekend / Holidays). Ist Termials will be conducted from 2pm to 5 pm without disturbing the morning schedule
		AETCOM Module 3.1 & 3.3 - Community Medicine; Module 3.2 by ENT; Module 3.4 by Eye and Module 3.5 by Forensic Medicine: Pandemic Module:3.1-3.3 by Community Medicine	Clinical Posting - 4weeks in General Medicine; General Surgery, Obstetrics & Gynecology, Pediatrics, Eye, ENT, Orthopedics; and 2 weeks in Psychiatry, Dermatology, Anestheisa and Casualty; 6 weeks in Community Medicine

Teerthanker Mahaveer Medical College & Research Center

Teerthanker Mahaveer University

Delhi Road, Moradabad - 244001

Time Table Schedule (Phase 3 MBBS (Part 1) as per New Curriculum w.e.f AUGUST 2019)

Week 1

Day/Time	10:00 am - 1:00 pm	Date
Monday	IM 2.9 Distinguish and differentiate between stable and unstable angina and AMI based on the clinical presentation Unit - 3/ IM 7.14 Describe the appropriate diagnostic work up based on the presumed aetiology Unit - 1	31.01.2022
Tuesday	Clinical Posting (P):IM 2.10 Order, perform and interpret an ECG Unit - 4/ IM 7.13 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology Unit - 5	01.02.2022
Wednesday	Clinical Posting (P):IM 2.11 Order and interpret a Chest X-ray and markers of acute myocardial infarction Unit - 2/ IM 7.12 Perform a systematic examination of y all joints, muscle and skin that will establish the diagnosis and severity of disease Unit - 1	02.02.2022
Thursday	Clinical Posting (P)IM 2.12 Choose and interpret a lipid profile and identify the desirable lipid profile in the clinical context Unit - 1/ IM 7.11 Elicit document and present a medical history that will differentiate the aetiologies of disease Unit - 2	03.02.2022
Friday	Clinical Posting (P):IM 2.21 Observe and participate in a controlled environment an ACLS program Unit - 5/IM 6.23 Demonstrate a non-judgemental attitude to patients with HIV and to their lifestyles Unit - 4	04.02.2022
Saturday	Clinical Posting (P):IM 2.22 Perform and demonstrate in a mannequin BLS Unit - 1/ IM 6.22 Demonstrate understanding of ethical and legal issues regarding patient confidentiality and disclosure in patients with HIV Unit - 3	05.02.2022
Monday	Clinical Posting (P):IM 2.23 Describe and discuss the indications for nitrates, anti-platelet agents, gpIIb IIIa inhibitors, beta blockers, ACE inhibitors etc in the management of coronary syndromes Unit - 3/IM 6.21 Communicate with patients on the importance of medication adherence Unit - 1	07.02.2022
Tuesday	Clinical Posting (P):IM 2.24 Counsel and communicate to patients with empathy lifestyle changes in atherosclerosis / post coronary syndromes Unit - 4/ IM 6.20 Communicate diagnosis, treatment plan and subsequent follow up plan to patients Unit - 5	08.02.2022

Week 2

Wednesday	Clinical Posting (P):IM 3.4 Elicit document and present an appropriate history including the evolution, risk factors including immune status and occupational risk Unit - 2/ IM 6.19 Counsel patients on prevention of HIV transmission Unit - 1	09.02.2022
Thursday	Clinical Posting (P): IM 3.5 Perform, document and demonstrate a physical examination including general examination and appropriate examination of the lungs that establishes the diagnosis, complications and severity of disease Unit - 1/ IM 6.15 Demonstrate in a model the correct technique to perform a lumbar puncture Unit - 2	10.02.2022
Friday	Clinical Posting (P):IM 3.6 Generate document and present a differential diagnosis based on the clinical features, and prioritise the diagnosis based on the presentation Unit - 5/ IM 6.14 Perform and interpret AFB sputum Unit - 4	11.02.2022
Saturday	Clinical Posting (P):IM 3.7 Order and interpret diagnostic tests based on the clinical presentation including: CBC, Chest X ray PA view, Mantoux, sputum gram stain, sputum culture and sensitivity, pleural fluid examination and culture, HIV testing and ABG Unit - 1/IM 6.12 Enumerate the indications for and interpret the results of: pulse oximetry, ABG, Chest Radiograph Unit - 2	12.02.2022
Monday	Clinical Posting (P):IM 3.8 Demonstrate in a mannequin and interpret results of an arterial blood gas examination Unit - 3/ IM 6.11 Enumerate the indications and describe the findings for CT of the chest and brain and MRI Unit - 1	14.02.2022
Tuesday	Clinical Posting (P):IM 3.9 Demonstrate in a mannequin and interpret results of a pleural fluid Aspiration Unit - 4/ IM 6.10 Choose and interpret appropriate diagnostic tests to diagnose opportunistic infections including CBC, sputum examination and cultures, blood cultures, stool analysis, CSF analysis and Chest radiographs Unit - 5	15.02.2022
Wednesday	Clinical Posting (P):IM 3.10 Demonstrate in a mannequin and interpret results of a blood culture Unit - 2/IM 6.9 Choose and interpret appropriate diagnostic tests to diagnose and classify the severity of HIV-AIDS including specific tests of HIV, CDC Unit - 1	16.02.2022
Thursday	Clinical Posting (P)IM 3.11 Describe and enumerate indications for further testing including HRCT,viral cultures,PCR and specialized testing Unit - 1/ IM 6.8 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology for the presenting symptom Unit - 2	17.02.2022
Friday	Clinical Posting (P)IM 3.13 Select, describe and prescribe based on the most likely aetiology, an appropriate empirical antimicrobial based on the pharmacology and antimicrobial spectrum Unit - 5/IM 6.7 Elicit document and present a medical history that helps delineate the aetiology of the current presentation and includes risk factors for HIV, mode of infection, other sexually transmitted diseases, risks for opportunistic infections and nutritional status Unit - 4	18.02.2022
Saturday	Clinical Posting (P)IM 3.14 Perform and interpret a sputum gram stain and AFB Unit - 1/ IM 4.26 Counsel the patient on malaria prevention Unit - 3	19.02.2022

Week 3

Week 4

Monday	Clinical Posting (P): IM 3.18 Communicate and counsel patient on family on the diagnosis and therapy of pneumonia Unit - 3/ IM 4.25 Communicate to the patient and family the diagnosis and treatment Unit - 1	21.02.2022
Tuesday	Clinical Posting (P):IM 4.12 Order and interpret diagnostic tests based on the differential diagnosis including CBC with differential, peripheral smear, urinary analysis with sediment, chest xray, blood and urine cultures, sputum gram stain and culture, sputum AFB & cultures, CSF analysis, pleural and body fluid analysis, stool routine and culture and QBC Unit - 4/ IM 4.24 Develop an appropriate empiric treatment plan based on the patient's clinical and immune status pending definitive diagnosis Unit - 5	22.02.2022
Wednesday	Clinical Posting (P):IM 4.13 Perform and interpret a sputum gram stain Unit - 2/ IM 4.23 Prescribe drugs for malaria based on the species identified, prevalence of drug resistance and national programmes Unit - 1	23.02.2022
Thursday	Clinical Posting (P)IM 4.14 Perform and interpret a sputum AFB Unit - 1/ IM 4.21 Develop and present an appropriate diagnostic plan based on the clinical presentation, most likely diagnosis in a prioritised and cost effective manner Unit - 2	24.02.2022
Friday	Clinical Posting (P)IM 4.15 Perform and interpret a malaria smear Unit - 5/ IM 4.20 Interpret a PPD (Mantoux) Unit - 4	25.02.2022
Saturday	Clinical Posting (P)IM 4.17 Observe and assist in the performance of a bone marrow aspiration and biopsy in a simulated environment Unit - 1/ IM 4.19 Assist in the collection of blood and wound cultures Unit - 3	26.02.2022
Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh) - SU18.3 Describe and demonstrate the clinical examination of surgical patient including swelling	28.02.2022
Tuesday	Clinical Posting (P): Unit II(Dr. S.K. KANTH SU28.18 Describe and demonstrate clinical examination of abdomen. Order relevant investigations	01.03.2022
Wednesday	Clinical Posting (P): Unit III(S.C.SHARMA)-SU25.2 Describe the etiopathogenesis, clinical features and principles of management of benign breast disease including infections of the breast	02.03.2022
Thursday	Clinical Posting (P): Unit IV(Dr. V.KUMAR)-SU25.3 Describe the etiopathogenesis, clinical features, Investigations and principles of treatment of benign and malignant tumours of breast.	03.03.2022
Friday	Clinical Posting (P): Unit V(Dr.A.K. SINGH)-SU25.5 Demonstrate the correct technique to palpate the breast for breast swelling in a mannequin or equivalent	04.03.2022
Saturday	Clinical Posting (P):Unit in Rotation -SU27.2 Demonstrate the correct examination of the vascular system and enumerate and describe the investigation of vascular disease	05.03.2022

Week 5

Week 6

Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh - SU27.5 Describe the applied anatomy of venous system of lower limb	07.03.2022
Tuesday	Clinical Posting (P)Unit II(Dr. S.K. KANTH SU27.6 Describe pathophysiology, clinical features, Investigations and principles of management of DVT and Varicose veins	08.03.2022
Wednesday	Clinical Posting (P):Unit III(S.C.SHARMA) SU28.1 Describe pathophysiology, clinical features, Investigations and principles of management of Hernias	09.03.2022
Thursday	Clinical Posting (P)::Unit IV (Dr. V.KUMAR)SU28.2 Demonstrate the correct technique to examine the patient with hernia and identify different types of hernias.	10.03.2022
Friday	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU28.9 Demonstrate the correct technique of examination of a patient with disorders of the stomach	11.03.2022
Saturday	Clinical Posting (P)Unit in Rotation SU28.11 Describe the applied anatomy of spleen. Describe the clinical features, investigations and principles of management of splenic injuries. Describe the post-splenectomy sepsis - prophylaxis	12.03.2022

Holi Vacations14.03.22-19.03.22

Week 7

Monday	Clinical Posting (P):Unit I (Dr. N.K. Singh)SU28.10 Describe the applied anatomy of liver. Describe the clinical features, Investigations and principles of management of liver abscess, hydatid disease, injuries and tumors of the liver	21.03.2022
Tuesday	Clinical Posting (P):Unit II (Dr. S.K.KANTH)SU28.12 Describe the applied anatomy of biliary system. Describe the clinical features, investigations and principles of management of diseases of biliary system	22.03.2022
Wednesday	Clinical Posting (P): Unit III(S.C.SHARMA) SU28.15 Describe the clinical features, investigations and principles of management of diseases of Appendix including appendicitis	23.03.2022
Thursday	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU22.6 Describe and discuss the clinical features of hypo - and hyperparathyroidism and the principles of their management	24.03.2022
Friday	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU29.1 Describe the causes, investigations and principles of management of Hematuria	25.03.2022
Saturday	Clinical Posting (P): Unit in Rotation SU29.5 Describe the clinical features,investigations and principles of management of renal calculi	26.03.2022
Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh SU30.1 Describe the clinical features, investigations and principles of management of phimosis, paraphimosis and carcinoma penis	28.03.2022

Week 8

Tuesday	Clinical Posting (P):Unit II (Dr. S.K.KANTHSU29.10 Demonstrate a digital rectal examination of the prostate in a mannequin or equivalent	29.03.2022
Wednesday	Clinical Posting (P)Unit III(S.C.SHARMA) SU28.17 Describe the clinical features, investigations and principles of management of common anorectal diseases	30.03.2022
Thursday	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU28.14 Describe the clinical features, investigations and principles of management of disorders of small and large intestine	31.03.2022
Friday	Clinical Posting (P): Unit V (Dr.A.K. SINGH)SU30.5 Describe the applied anatomy, clinical features, investigations and principles of management of Hydrocele	01.04.2022
Saturday	Clinical Posting (P): Unit on rotation-- SU30.6 Describe classification, clinical features, investigations and principles of management of tumours of testis	02.04.2022
Monday	Clinical Posting (P):OG8.2 Elicit, document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past medical history and surgical history	04.04.2022
Tuesday	Clinical Posting (P): OG9.1 Classify, define and discuss the aetiology and management of abortions including threatened, incomplete, inevitable, missed and septic	05.04.2022
Wednesday	Clinical Posting (P):OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM	06.04.2022
Thursday	Clinical Posting (P): OG10.1 Define, classify and describe the aetiology, pathogenesis, clinical features, ultrasonography, differential diagnosis and management of antepartum haemorrhage in pregnancy	07.04.2022
Friday	Clinical Posting (P):OG12.2 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of anemia in pregnancy	08.04.2022
Saturday	Clinical Posting (P): OG12.3 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of diabetes in pregnancy	09.04.2022
Monday	Clinical Posting (P):OG12.4 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of heart diseases in pregnancy	11.04.2022

Week 9

Week 10

Tuesday	Clinical Posting (P):OG12.1 Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of hypertensive disorders of pregnancy and eclampsia, complications of eclampsia.	12.04.2022
Wednesday	Clinical Posting (P):OG16.1 Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in postpartum haemorrhage	13.04.2022
Thursday	Clinical Posting (P):OG12.8 Describe the mechanism, prophylaxis, fetal complications, diagnosis and management of isoimmunization in pregnancy	14.04.2022
Friday	Clinical Posting (P):OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of Postdated pregnancy	15.04.2022
Saturday	Clinical Posting (P):OG35.1 Obtain a logical sequence of history, and perform a humane and thorough clinical examination, excluding internal examinations (per- rectal and per-vaginal) of a gynaecological patient	16.04.2022
Monday	Clinical Posting (P):OG24.1 Define, classify and discuss abnormal uterine bleeding in peri-menopausal women, its aetiology, clinical features, investigations, diagnosis and management	18.04.2022
Tuesday	Clinical Posting (P):OG24.1 Define, classify and discuss abnormal uterine bleeding in reproductive age group, its aetiology, clinical features, investigations, diagnosis and management	19.04.2022
Wednesday	Clinical Posting (P):OG24.2 Define, classify and discuss abnormal uterine bleeding in puberty, its aetiology, clinical features, investigations, diagnosis and management	20.04.2022
Thursday	Clinical Posting (P):OG24.3 Define, classify and discuss abnormal uterine bleeding in post menopausal bleeding, its aetiology, clinical features, investigations, diagnosis and management	21.04.2022
Friday	Clinical Posting (P):OG29.1 Describe and discuss the etiology; pathology; clinical features; differential diagnosis; investigations; principles of management, complications of fibroid uterus	22.04.2022
Saturday	Clinical Posting (P): OG31.1 Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of management and preventive aspects of prolapse of uterus	23.04.2022
Monday	Clinical Posting (P):OG30.1 Describe and discuss the etiopathogenesis; clinical features; differential diagnosis; investigations; management, complications of PCOS	25.04.2022

Week 11

Week 12

Tuesday	Clinical Posting (P):OG33.3 Describe and demonstrate the screening for cervical cancer in a simulated environment	26.04.2022
Wednesday	Clinical Posting (P):OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and management of endometriosis	27.04.2022
Thursday	Clinical Posting (P): OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and management of adenomyosis	28.04.2022
Friday	Clinical Posting (P):OG27.4 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of Acute Pelvic Inflammatory Disease	29.04.2022
Saturday	Clinical Posting (P):WARD LEAVING TEST	30.04.2022

Week 13

Monday	Clinical Posting (P): OR1.1 Describe and discuss the Principles of pre-hospital care and Casualty management of a trauma victim including principles of triage , Dr Amit Saraf	02.05.2022
Tuesday	Clinical Posting (P):OR1.6 Participate as a member in the team for closed reduction of shoulder dislocation / hip dislocation / knee dislocation, Dr Ajay Pant	03.05.2022
Wednesday	Clinical Posting (P):OR2.10 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of fractures of proximal femur, Dr Manmohan sharma	04.05.2022
Thursday	Clinical Posting (P): OR3.2 Participate as a member in team for aspiration of joints under supervision, Dr Sudhir Singh	05.05.2022
Friday	Clinical Posting (P): OR3.3 Participate as a member in team for procedures like drainage of abscess, sequestrectomy/ saucerisation and arthrotomy , Dr Piyush Jain	06.05.2022
Saturday	Clinical Posting (P): OR13.1 Participate in a team for procedures in patients and demonstrating the ability to perform on mannequins / simulated patients in the following: i. Above elbow plaster ii. Below knee plaster iii. Above knee plaster iv. Thomas splint v. splinting for long bone fractures vi. Strapping for shoulder and clavicle trauma, Dr amit saraf	07.05.2022
Monday	Clinical Posting (P):OR13.2 Participate as a member in team for Resuscitation of Polytrauma victim by doing all of the following : (a) I.V. access central - peripheral (b) Bladder catheterization (c) Endotracheal intubation (d) Splintage, Dr Ajay pant	09.05.2022

Week 14

Tuesday	Clinical Posting (P): OR14.1 Demonstrate the ability to counsel patients regarding prognosis in patients with various orthopedic illnesses like a. fractures with disabilities b. fractures that require prolonged bed stay c. bone tumours d. congenital disabilities, Dr Manmohan Sharma	10.05.2022
Wednesday	Clinical Posting (P): OR14.2 Demonstrate the ability to counsel patients to obtain consent for various orthopedic procedures like limb amputation, permanent fixations etc, Dr Sudhir Singh	11.05.2022
Thursday	Clinical Posting (P):OR14.3 Demonstrate the ability to convince the patient for referral to a higher centre in various orthopedic illnesses, based on the detection of warning signals and need for sophisticated management, Dr Piyush Jain	12.05.2022
Friday	Clinical Posting (P):AN50.4 Explain the anatomical basis of Scoliosis, Lordosis, Prolapsed disc, Spondylolisthesis & Spina bifida, Dr Amit Saraf	13.05.2022
Saturday	Clinical Posting (P): AN33.1 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications of osteomyelitis, Dr Ajay Pant	14.05.2022
Monday	Clinical Posting (P): AN33.2 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications and metastases of bone tumors, Dr Sudhir Singh	16.05.2022
Tuesday	Clinical Posting (P): AN33.3 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications and metastases of soft tissue tumors, Dr Manmohan Shamra	17.05.2022
Wednesday	Clinical Posting (P): AN33.4 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications of Paget's disease of the bone, Dr Piyush Jain	18.05.2022
Thursday	Clinical Posting (P):M14.2 Describe the etiopathogenesis, clinical course and discuss the laboratory diagnosis of bone & joint infections, Dr Amit Saraf	19.05.2022
Friday	Clinical Posting (P)FM3.7 Describe factors influencing infliction of injuries and healing, examination and certification of wounds and wound as a cause of death: Primary and Secondary, Dr Ajay Pant	20.05.2022
Saturday	Clinical Posting (P): FM3.8 Mechanical injuries and wounds: Describe and discuss different types of weapons including dangerous weapons and their examination , Dr Sudhir Singh	21.05.2022
Monday	Clinical Posting (P): FM3.9 Firearm injuries: Describe different types of firearms including structure and components. Along with description of ammunition propellant charge and mechanism of fire arms, different types of cartridges and bullets and various terminology in relation of firearm – caliber, range, choking, Dr Manmohan Sharma	23.05.2022

Week 15

Week 16

Tuesday	Clinical Posting (P):FM3.10 Firearm injuries: Describe and discuss wound ballistics-different types of firearm injuries, blast injuries and their interpretation, preservation and dispatch of trace evidences in cases of firearm and blast injuries, various tests related to confirmation of use of firearms, Dr Piyush Jain	24.05.2022
Wednesday	Clinical Posting (P): FM3.11 Regional Injuries: Describe and discuss regional injuries to head (Scalp wounds, fracture skull, intracranial haemorrhages, coup and contrecoup injuries), neck, chest, abdomen, limbs, genital organs, spinal cord and skeleto, Dr Amit Saraf	25.05.2022
Thursday	Clinical Posting (P):FM3.12 Regional Injuries Describe and discuss injuries related to fall from height and vehicular injuries – Primary and Secondary impact, Secondary injuries, crush syndrome, railway spine, Dr Ajay Pant	26.05.2022
Friday	Clinical Posting (P): IM7.5 Develop a systematic clinical approach to joint pain based on the pathophysiology, Dr Sudhir Singh	27.05.2022
Saturday	Clinical Posting (PIM7.6 Describe and discriminate acute, subacute and chronic causes of joint pain, Dr Manmohan Sharma	28.05.2022

Week 17

Monday	Clinical Posting (P): PE2.2 Dr Baljeet Maini Assessment of a child with failing to thrive including eliciting an appropriate history and examination	30.05.2022
Tuesday	Clinical Posting (P): PE2.3 Dr BK Gaur Counselling a parent with failing to thrive child	31.05.2022
Wednesday	Clinical Posting (P): PE2.5 Dr Rupa Singh Assessment of a child with short stature: Elicit history, perform examination, document and present	01.06.2022
Thursday	Clinical Posting (P): PE3.3 Dr Baljeet Maini Assessment of a child with developmental delay - Elicit document and present history	02.06.2022
Friday	Clinical Posting (P): PE3.4 Dr BK Gaur Counsel a parent of a child with developmental delay	03.06.2022
Saturday	Clinical Posting (P): IPE6.8 Dr Rupa Singh Respecting patient privacy and maintaining confidentiality while dealing with adolescence	04.06.2022

Week 18

Monday	Clinical Posting (P): PE6.9 Dr Baljeet Maini Perform routine Adolescent Health check up including eliciting history, performing examination including SMR (Sexual Maturity Rating), growth assessments (using Growth charts) and systemic exam including thyroid and Breast exam and the HEADSS screening	06.06.2022
Tuesday	Clinical Posting (P): PE6.11 Dr BK Gaur Visit to the Adolescent Clinic	07.06.2022
Wednesday	Clinical Posting (P): PE7.5 Dr Rupa Singh Observe the correct technique of breast feeding and distinguish right from wrong techniques	08.06.2022
Thursday	Clinical Posting (P): PE7.7 Dr Baljeet Maini Perform breast examination and identify common problems during lactation such as retracted nipples, cracked nipples, breast engorgement, breast abscess	09.06.2022

Week 19

Friday	Clinical Posting (P): PE7.8 Dr BK Gaur Educate mothers on ante natal breast care and prepare mothers for lactation	10.06.2022
Saturday	Clinical Posting (P):PE7.9 Dr Rupa Singh Educate and counsel mothers for best practices in Breast feeding	11.06.2022
Monday	Clinical Posting (P):PE7.10 Dr Baljeet Maini Respects patient privacy	13.06.2022
Tuesday	Clinical Posting (P): PE7.11 Dr BK Gaur Participate in Breast Feeding Week Celebration	14.06.2022
Wednesday	Clinical Posting (P):PE8.4 Dr Rupa Singh Elicit history on the Complementary Feeding habits	15.06.2022
Thursday	Clinical Posting (P): PE8.5 Dr Baljeet Maini Counsel and educate mothers on the best practices in Complimentary Feeding	16.06.2022
Friday	Clinical Posting (P): PE9.4 Dr BK Gaur Elicit document and present an appropriate nutritional history and perform a dietary recall	17.06.2022
Saturday	Clinical Posting (P): PE10.3 Dr Rupa Singh Assessment of a patient with SAM and MAM, diagnosis, classification and planning management including hospital and community based intervention, rehabilitation and prevention	18.06.2022
Monday	Clinical Posting (P): PE10.4 Dr Baljeet Maini Identify children with under nutrition as per IMNCI criteria and plan referral	20.06.2022
Tuesday	Clinical Posting (P): PE10.5 Dr BK Gaur Counsel parents of children with SAM and MAM	21.06.2022
Wednesday	Clinical Posting (P): PE11.3 Dr Rupa Singh Assessment of a child with obesity with regard to eliciting history including physical activity, charting and dietary recall	22.06.2022
Thursday	Clinical Posting (P): PE11.4 Dr Baljeet Maini Examination including calculation of BMI, measurement of waist hip ratio, identifying external markers like acanthosis, striae, pseudogynaecomastia etc	23.06.2022
Friday	Clinical Posting (P): PE12.17 Dr BK Gaur Identify the clinical features of Vitamin B complex deficiency	24.06.2022
Saturday	Clinical Posting (P): PE12.18 Dr Rupa Singh Diagnose patients with Vitamin B complex deficiency and plan management	25.06.2022
Monday	Clinical Posting (P): EN 2.1: Elicit and document an appropriate history in a patient presenting with an ENT complaint / Dr P Chatterji	27.06.2022

Week 20

Week 21

Tuesday	Clinical Posting (P): EN 2.2: Present an appropriate history in a patient presenting with an ENT complaint / Dr Sudhakar	28.06.2022
Wednesday	Clinical Posting (P): EN 2.3: Demonstrate the correct technique of examination of the ear including Otoscopy / Dr A Jain	29.06.2022
Thursday	Clinical Posting (P): EN 2.4: Demonstrate the correct method of performance and interpret tuning fork tests / Dr Poonji Gupta	30.06.2022
Friday	Clinical Posting (P): EN 2.5: Demonstrate the correct technique of examination of the nose & paranasal sinuses including the use of nasal speculum / Dr P Chatterji	01.07.2022
Saturday	Clinical Posting (P): EN 2.6: Demonstrate the correct technique of examining the throat including the use of a tongue depressor / Dr Sudhakar	02.07.2022
Monday	Clinical Posting (P): EN 2.7: Demonstrate the correct technique of examination of neck including elicitation of laryngeal crepitus / Dr A Jain	04.07.2022

Week 22

Tuesday	Clinical Posting (P): EN 2.8: Demonstrate the correct technique to perform and interpret pure tone audiogram & impedance audiogram / Dr Poonji Gupta	05.07.2022
Wednesday	Clinical Posting (P): EN 2.9: Choose correctly and interpret radiological, microbiological & histological investigations relevant to the ENT disorders / Dr P Chatterji	06.07.2022
Thursday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery	07.07.2022
Friday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Sudhakar	08.07.2022
Saturday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr A Jain	09.07.2022
Monday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Poonji Gupta	11.07.2022

Week 23

Tuesday	Clinical Posting (P): EN 2.11: Describe and identify by clinical examination malignant and Premalignant ENT disease / Dr P Chatterji	12.07.2022
Wednesday	Clinical Posting (P): EN 2.12: Counsel and administer informed consent to patients and their families in a simulated environment / Dr Sudhakar	13.07.2022
Thursday	Clinical Posting (P): EN 2.13: Identify, Resuscitate and manage ENT emergencies in a simulated environment (including tracheostomy, anterior nasal packing, removal of foreign bodies in ear, nose, measles and upper respiratory tract) / Dr A Jain	14.07.2022
Friday	Clinical Posting (P): EN 2.14: Demonstrate the correct technique to instilling topical medications into the ear, nose and throat in a simulated environment / Dr Poonji Gupta	15.07.2022
Saturday	Clinical Posting (P): EN 2.15: Describe the national programs for prevention of deafness, cancer, noise & environmental pollution	16.07.2022

Week 24

Monday	Clinical Posting (P): EN 3.1: Observe and describe the indications for and steps involved in the performance of Otomicroscopic examination in a simulated environment / Dr P Chatterji	18.07.2022
Tuesday	Clinical Posting (P): EN 3.2: Observe and describe the indications for and steps involved in the performance of diagnostic nasal Endoscopy / Dr Sudhakar	19.07.2022
Wednesday	Clinical Posting (P): EN 3.3: Observe and describe the indications for and steps involved in the performance of Rigid/Flexible Laryngoscopy / Dr A Jain	20.07.2022
Thursday	Clinical Posting (P): EN 3.4: Observe and describe the indications for and steps involved in the removal of foreign bodies from ear, nose & throat / Dr Poonji Gupta	21.07.2022
Friday	Clinical Posting (P):EN 3.5: Observe and describe the indications for and steps involved in the surgical procedures in ear, nose & throat	22.07.2022
Saturday	Clinical Posting (P): EN 3.6: Observe and describe the indications for and steps involved in the skills of emergency procedures in ear, nose & throat / Dr P Chatterji	23.07.2022
Monday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS2.1- Enumerate the indications, describe the steps and demonstrate in a simulated environment, Basic Life Support in adults, children and neonates AS2.2- Enumerate the indications, describe the steps and demonstrate in a simulated environment, Advanced Life Support in adults and children	25.07.2022
Tuesday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS3.5- Determine the readiness for General Surgery in a patient based on the preoperative evaluation AS3.6- Choose and write a prescription for appropriate premedications for patients undergoing surgery	26.07.2022
Wednesday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS4.3- Observe and describe the principles and the practical aspects of induction and maintenance of anesthesia AS4.5- Observe and describe the principles and the steps/ techniques in monitoring patients during anaesthesia	27.07.2022
Thursday	Clinical Posting (P):Unit-2- (Prof Rohit K Varshney) AS4.7- Observe and describe the principles and the steps/ techniques involved in anaesthesia outside the operating room	28.07.2022
Friday	Clinical Posting (P):Unit-3 (Prof Mukesh K Prasad) AS5.3- Observe and describe the principles and steps/ techniques involved in peripheral nerve blocks AS5.4- Observe and describe the pharmacology and correct use of commonly used drugs and adjuvant agents in regional anesthesia	29.07.2022
Saturday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS5.5- Observe and describe the principles and steps/ techniques involved in caudal epidural in adults and children AS5.6- Observe and describe the principles and steps/ techniques involved in common blocks used in surgery (including brachial plexus blocks)	30.07.2022
Monday	Clinical Posting (P):Unit-1 (Prof GS Jheetay) AS6.1- Describe the principles of monitoring and resuscitation in the recovery room AS6.2- Observe and enumerate the contents of the crash cart and describe he equipment used in the recovery room	01.08.2022

Week 25

Week 26

Tuesday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS7.1- Visit, enumerate and describe the functions of an Intensive Care Unit AS7.3- Observe and describe the management of an unconscious patient	02.08.2022
Wednesday	Clinical Posting (P):Unit-2- (Prof Rohit K Varshney) AS7.4- Observe and describe the basic setup process of a ventilator AS7.5- Observe and describe the principles of monitoring in an ICU	03.08.2022
Thursday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS8.2- Elicit and determine the level, quality and quantity of pain and its tolerance in patient or surrogate AS9.1- Establish intravenous access in a simulated environment	04.08.2022
Friday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS9.2- Establish central venous access in a simulated environment AS9.3- Describe the principles of fluid therapy in the preoperative period	05.08.2022
Saturday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS10.1- Enumerate the hazards of incorrect patient positioning AS10.2- Enumerate the hazards encountered in the perioperative period and steps/techniques taken to prevent them	06.08.2022
Monday	Clinical Posting (Psychiatry) DOAP session PS1.1Establish rapport and empathy with patients.PS1.3 Demonstrate breaking of bad news in a simulated environment.PS1.4 Describe and demonstrate the importance of confidentiality in patient encounters.	08.08.2022
Tuesday	PS3.3 Elicit,present and document a history in patients presenting with a mental disorders.PS3.4 Describe the importance of establishing rapport with patients. P.S3.5 perform, demonstrate and document a minimal examination. PS3.9 Describe the steps and demonstrate in a simulated environment family education in patients with organic psychiatric disorders.	09.08.2022
Wednesday	PS4.2 Elicit,describe and document clinical features of alcohol and substance use disorders.PS 4.3 Enumerate and describe the indications and other tests used in alcohol and substance abuse disorders PS4.5 Demonstrate family education in a patient with alcohol and substance abuse in a simulated environment. PS5.2 Enumerate, elicit describe and document clinical features, positive skill. PS5.4 Demonstrate family education in a patient with schizophrenia in a simulated environment.	10.08.2022
Thursday	PS6.2 Enumerate,elicit,describe and document clinical features in patients with depression.PS6.3 Enumerate and describe the indications and interpret laboratory and other tests used in depression.PS6.5 Demonstrate family education in a patient with depression in a simulated environment.	11.08.2022
Friday	PS7.2 Enumerate, elicit,describe and document clinical features in patients with bipolar disorders. PS7.3 Enumerate and describe the indications and interpret laboratory and other tests used in bipolar disorders. PS7.5 Demonstrate family education in a patient with bipolar disorders in a simulated environment.	12.08.2022

Week 27

Week 28

Saturday	PS8.2 Enumerate, elicit, describe and document clinical features in patients with anxiety disorders. PS8.3 Enumerate and describe the indications and interpret laboratory and other tests used in anxiety disorders. PS8.5 Demonstrate family education in a patient with anxiety disorders in a simulated environment.	13.08.2022
Monday	PS 9.2 Enumerate, elicit, describe and document clinical features in patients with stress related disorders. PS9.3 Enumerate and describe the indications and interpret laboratory and other tests used in stress related disorders. PS9.5 Demonstrate family education in a patient with stress related disorders in a simulated environment.	15.08.2022
Tuesday	PS10.2 Enumerate, elicit, describe and document clinical features in patients with somatoform, dissociative and conversion disorders. PS10.3 Enumerate and describe the indications and interpret laboratory and other tests used in somatoform, dissociative and conversion disorders. PS10.5 Demonstrate family describe the pharmacologic basis and side effects of drugs used in somatoform environment	16.08.2022
Wednesday	PS11.2 Enumerate, elicit, describe and document clinical features in patients with personality disorders. PS11.3 Enumerate and describe the indications and interpret laboratory and other tests used in personality disorders. PS11.5 Demonstrate family education in a patient with personality disorders in a simulated environment.	17.08.2022
Thursday	PS12.2 Enumerate, elicit, describe and document clinical features in patients with magnitude and etiology of psychosomatic disorders. PS12.3 Enumerate and describe the indications and interpret laboratory and other tests of psychosomatic disorders. PS12.5 Demonstrate family education in a patient with psychosomatic disorders in a simulated environment.	18.08.2022
Friday	PS13.2 Enumerate, elicit, describe and document clinical features in patients with magnitude and etiology of psychosexual and gender identity disorders. PS13.3 Enumerate and describe the indications and interpret laboratory and other tests used in psychosexual and gender identity disorders. PS13.5 Demonstrate family education in a patient with psychosexual and gender identity disorders in a simulated environment.	19.08.2022
Saturday	PS14.2 Enumerate, elicit, describe and document clinical features in patients with psychiatric disorders occurring in childhood and adolescence. PS14.4 Demonstrate family education in a patient with psychiatric disorders occurring in childhood and adolescence in a simulated environment. PS15.3 Elicit and document a history and clinical examination and choose appropriate investigations in a patient with mental retardation. PS16.4 Demonstrate family education in a patient with psychiatric disorders occurring in the elderly in a simulated environment.	20.08.2022

Second Terminal Exam 22.08.2022 - 03.09.2022

Week 29

Monday	Casualty: M9.19: Assist a blood transfusion Unit - 1	05.09.2022
Tuesday	Casualty: IM9.20: Communicate and counsel patients with methods to prevent nutritional anaemia Unit - 3	06.09.2022
Wednesday	Casualty: IM10.12: Elicit document and present a medical history that will differentiate the etiologies of disease, distinguish acute and chronic disease, identify predisposing conditions, nephrotoxic drugs and systemic causes Unit - 5	07.09.2022
Thursday	Casualty: IM10.13: Perform a systemic examination that establishes the diagnosis and severity including determining of volume status, presence of edema and heart failure, features of uremia and associated systemic disease. Unit - 1	08.09.2022
Friday	Casualty: IM10.14: Generate a differential diagnosis and prioritise based on clinical features that suggest specific etiology Unit - 4	09.09.2022
Saturday	Casualty: IM10.18: Identify the ECG findings in Hyperkalemia. Unit - 2	10.09.2022

Week 30

Monday	Casualty: IM10.19: Enumerate the indications and describe the findings in renal ultrasound. Unit - 1	12.09.2022
Tuesday	Casualty: IM10.20: Describe and discuss the indications to perform arterial blood gas analysis: interpret the data. Unit - 3	13.09.2022
Wednesday	Casualty: IM10.21: Describe and discuss the indications for and insert a peripheral intravenous catheter. Unit - 5	14.09.2022
Thursday	Casualty: IM10.22: Describe and discuss the indications, demonstrate in a model and assist in the insertion of a central venous or a dialysis catheter. Unit - 1	15.09.2022
Friday	Casualty: IM10.23: Communicate diagnosis treatment plan and subsequent followup to patients Unit - 4	16.09.2022
Saturday	Casualty: IM10.24: Counsel patients on renal diet. Unit - 2	17.09.2022

Week 31

Monday	Dermatology: Clinical Posting (P): Unit-1 DR 1.1 , 1.3 Dr Anuj Acne vulgaris	19.09.2022
Tuesday	Dermatology: Clinical Posting (P): Unit-2 DR 2.2 Dr Dilip Vitiligo vulgaris	20.09.2022
Wednesday	Dermatology: Clinical Posting (P): Unit-3- DR3.3 Dr Vinita Psoriasis	21.09.2022
Thursday	Dermatology: Clinical Posting (P): Unit-4-DR 4.2 Dr Arjun Lichen planus Dr Arjun	22.09.2022
Friday	Dermatology: Clinical Posting (P): Unit-5 DR 5.1, 5.3 Dr Anuj Scabies	23.09.2022
Saturday	Dermatology: Clinical Posting (P): Unit- DR 6.1 Dr Dilip Pediculosis	24.09.2022

Week 32

Monday	Dermatology: Clinical Posting (P):Unit-1 DR 7.1, 7.3 Dr Vinita Fungal infections	26.09.2022
Tuesday	Dermatology: Clinical Posting (P): Unit-2 DR 8.1, 8.7 Dr Arjun Viral infections	27.09.2022
Wednesday	Dermatology: Clinical Posting (P):Unit-3-DR 9.1 Dr Anuj Classify, describe the epidemiology, aetiology, microbiology, pathogenesis, clinical presentations and diagnostic features of Leprosy	28.09.2022
Thursday	Dermatology: Clinical Posting (P): Unit-4- DR 9.4 Dr Dilip Enumerate, describe and identify lepra reactions and supportive measures and therapy of lepra reactions	29.09.2022
Friday	Dermatology: Clinical Posting (P):Unit-5DR 9.5, 9.6 Dr Vinita Management of leprosy	20.09.2022
Saturday	Dermatology: Clinical Posting (P):Unit- DR 9.7 Dr Arjun Complications of Leprosy	01.10.2022
Monday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	03.10.2022
Tuesday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	04.10.2022
Wednesday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	05.10.2022
Thursday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	06.10.2022
Friday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	07.10.2022
Saturday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	08.10.2022

Week 33

Week 34

Monday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	10.10.2022
Tuesday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	11.10.2022
Wednesday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	12.10.2022
Thursday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	13.10.2022
Friday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	14.10.2022
Saturday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a “red eye” including congestion, discharge, pain correctly.	15.10.2022
Monday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a “red eye” including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	17.10.2022
Tuesday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a “red eye” including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	18.10.2022
Wednesday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a “red eye” including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	19.10.2022
Thursday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a “red eye” including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	20.10.2022
Friday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	21.10.2022
Saturday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	22.10.2022

Week 35

Diwali Vacations 24.10.2022-29.10.2022

Week 36

Monday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	31.10.2022
Tuesday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	01.11.2022
Wednesday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Uniocular & Binocular)	02.11.2022
Thursday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Uniocular & Binocular)	03.11.2022
Friday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Uniocular & Binocular)	04.11.2022
Saturday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Uniocular & Binocular)	05.11.2022
Monday	Clinical Posting (P):CM 1.1(Define & describe the concept of public health)	07.11.2022
Tuesday	Clinical Posting (P):CM 7.1 (Define Epidemiology and describe and enumerate the principles, concepts and uses)	08.11.2022
Wednesday	Clinical Posting (P):CM 4.4(Define, calculate and interpret morbidity and mortality indicators based on given set of data)	09.11.2022
Thursday	Clinical Posting (P):CM :7.5(Enumerate, define, describe and discuss epidemiological study designs),7.6(Enumerate and evaluate the need of screening tests)	10.11.2022
Friday	Clinical Posting (P):CM :6.1(Formulate a research question for a study),6.2(Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data)	11.11.2022
Saturday	Clinical Posting (P):CM :6.3(Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs)	12.11.2022

Week 37

Week 38

Monday	Clinical Posting (P)CM ::6.4(Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion)	14.11.2022
Tuesday	Clinical Posting (P)CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)	15.11.2022
Wednesday	Clinical Posting (P):CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)	16.11.2022
Thursday	Clinical Posting (P)CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)	17.11.2022
Friday	Clinical Posting (P)CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)	18.11.2022
Saturday	Clinical Posting (P):CM :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	19.11.2022
Monday	Clinical Posting (P)CM : :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	21.11.2022
Tuesday	Clinical Posting (P):: CM 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	22.11.2022
Wednesday	Clinical Posting (P): : 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India),10.5(Describe Universal Immunization Program)	23.11.2022
Thursday	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)	24.11.2022
Friday	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)	25.11.2022
Saturday	Clinical Posting (P)CM ::8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	26.11.2022

Week 39

Week 40

Monday	Clinical Posting (P)CM ::8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	28.11.2022
Tuesday	Clinical Posting (P): CM 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	29.11.2022
Wednesday	Clinical Posting (P)CM : 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	30.11.2022
Thursday	Clinical Posting (P)CM :2.1(Define and describe the concept of Geriatric services),12.2(Describe health problems of aged population),12.3(Describe the prevention of health problems of aged population)	01.12.2022
Friday	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)	02.12.2022
Saturday	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)	03.12.2022
Monday	Clinical Posting (P)CM :Clinical Posting (P): 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	05.12.2022
Tuesday	Clinical Posting (P)CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	06.12.2022
Wednesday	Clinical Posting (P) CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	07.12.2022
Thursday	Clinical Posting (P):CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	08.12.2022
Friday	Clinical Posting (P)CM :10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions,3.5(Describe the standards of housing and the effect of housing on health)	09.12.2022

Week 41

Week 42

Saturday	Clinical Posting (P)CM 10.7(Enumerate and describe the basis and principles of the Family Welfare Program including the organization, technical and operational aspects),10.8(Describe the physiology, clinical management and principles of adolescent health including ARSH)	10.12.2022
Monday	Clinical Posting (P)CM :3.5(Describe the standards of housing and the effect of housing on health)	12.12.2022
Tuesday	Clinical Posting (P)CM : :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	13.12.2022
Wednesday	Clinical Posting (P): CM : 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	14.12.2022
Thursday	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	15.12.2022
Friday	Clinical Posting (P)CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	16.12.2022
Saturday	Clinical Posting (P): CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	17.12.2022

Pre University Exams from 19.12.21 onwards followed by University Exams from Second Week of January 2022

Teerthanker Mahaveer Medical College & Research Center

Teerthanker Mahaveer University

Delhi Road, Moradabad - 244001

Time Table Schedule (Phase 3 MBBS (Part 1) as per New Curriculum w.e.f AUGUST 2019)

Day/Time	8:00-9:00 am	9:00-10:00 am	10:00 am - 1:00 pm	1:00-2:00pm	2:00-3:00pm	3:00-4:00pm	
Monday	Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Dermatology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)	LUNCH	Community Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		
Tuesday	Obstetrics & Gynecology - Lecture/Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Respiratory Medicine/ Radiology # - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Otorhinolaryngology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Surgery - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	# - First 21 weeks are for Respiratory medicine and Next 21 weeks are for Radiology
Wednesday	Pediatrics - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Community Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Forensic Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		
Thursday	Surgery - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Otorhinolaryngology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Obstetrics & Gynecology - Lecture/Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Medicine - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	
Friday	Psychiatry - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Ophthalmology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P)		Integrated Teaching as decided by AITo	Pediatrics/ Anesthesia* - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	*First 21 weeks are for Anesthesia and next 21 weeks are for Pediatrics
Saturday	Orthopedics - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	AETCOM Module/ Pandemic Module	Clinical Posting (P)		Ophthalmology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning		1 week Holi Vacations (14/3/22-19/3/22); 1 week Diwali Vacations(24/10/22-29/10/22); 2 weeks each for 1st Terminal (02/5/22-13/5/22), 2nd Terminal (22/8/22-03/9/22) and Pre-University Exam (19/12/22 onwards); Four Days Every Year - Annual Sports (Weekend / Holidays). Ist Terminals will be conducted from 2pm to 5 pm without disturbing the morning schedule
		AETCOM Module 3.1 & 3.3 - Community Medicine; Module 3.2 by ENT; Module 3.4 by Eye and Module 3.5 by Forensic Medicine; Pandemic Module:3.1-3.3 by Community Medicine	Clinical Posting - 4weeks in General Medicine; General Surgery, Obstetrics & Gynecology, Pediatrics, Eye, ENT, Orthopedics; and 2 weeks in Psychiatry, Dermatology, Anestheisa and Casualty; 6 weeks in Community Medicine				

Week 1

Day/Time	8:00-9:00 am	9:00-10:00 am	10:00 am - 1:00 pm	1:00-2:00pm	2:00-3:00pm	3:00-4:00pm	Date	
Monday	(IM02.13) Discuss and enumerate the indications for and findings on echocardiogram, stress testing	DR 10.9-11 Dr Vinita Syndromic management of STDs	IM 2.9 Distinguish and differentiate between stable and unstable angina and AMI based on the clinical presentation Unit - 3/IM 7.14 Describe the	LUNCH	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),1.8(Describe the Demographic		31.01.2022	
Tuesday	OG12.1 -Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of	Respiratory Medicine - Lecture-(CT1.1)Describe and discuss the epidemiology of tuberculosis and its impact on the work, life and economy of India	Clinical Posting (P):IM 2.10 Order, perform and interpret an ECG Unit - 4/IM 7.13 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific		Otorhinolaryngology - Tutorial/ EN 2.2: Demonstrate the correct use of a headlamp in the examination of the ear, nose and throat	SU11.3 Demonstrate maintenance of an airway in a mannequin or equivalent		01.02.2022
Wednesday	PE1.1 Dr Rupa Singh Define the terminologies Growth and development and discuss the factors affecting normal growth	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):IM 2.11 Order and interpret a Chest X-ray and markers of acute myocardial infarction Unit - 2/IM 7.12 Perform a systematic		Forensic Medicine - Lecture--FM2.22 Mechanical asphyxia: Describe and discuss Patho-physiology, clinical features, post- mortem findings and medico-legal aspects of			02.02.2022
Thursday	SU11.4Describe principles of providing post-operative pain relief and management of chronic pain.	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P)IM 2.12 Choose and interpret a lipid profile and identify the desirable lipid profile in the clinical context Unit - 1/IM 7.11 Elicit, document and		OG13.1Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation; monitoring of labor including	(IM02.14) Discuss and describe the indications for admission to a coronary care unit and supportive therapy for a patient with		03.02.2022
Friday	PS2.1 Define stress and describe its components and causes. PS2.2 Describe the role of time management, study skills, balanced diet and sleep	Ophthalmology - Lecture/ OP1.4 Enumerate the indications and describe the principles of refractive surgery	Clinical Posting (P):IM 2.21 Observe and participate in a controlled environment an ACLS program Unit - 5/IM 6.23 Demonstrate a non-judgemental attitude to patients with		Integrated Teaching as decided by AITo- AN35.8: Describe the anatomically relevant clinical features of Thyroid swellings; SU22.3 -	ASI.1-Describe the evolution of Anaesthesiology as a modern speciality		04.02.2022
Saturday	Orthopedics ORI.2 Describe and discuss the aetiopathogenesis, clinical features,investigations, and	AETCOM Module 3.1: The Foundation of Communication - 3 - Community Medicine	Clinical Posting (P):IM 2.22 Perform and demonstrate in a mannequin BLS Unit - 1/IM 6.22 Demonstrate understanding of ethical and legal issues	Ophthalmology - Tutorial/OP3.8 Demonstrate correct technique of removal of foreign body from the eye in a simulated environment correctly.			05.02.2022	

Week 2

Monday	IM02.15 Discuss and describe the medications used in patients with an acute coronary syndrome based on the clinical	DR 1.1 , 1.3 Acne vulgaris	Clinical Posting (P):IM 2.23 Describe and discuss the indications for nitrates, anti-platelet agents, gpIb IIIa inhibitors, beta blockers, ACE inhibitors	LUNCH	Community Medicine - Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable		07.02.2022	
Tuesday	OG12.1 -Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of	Respiratory Medicine - Lecture-(CT1.2) Describe and discuss the microbiology of tubercle bacillus, mode of transmission, pathogenesis, clinical	Clinical Posting (P):IM 2.24 Counsel and communicate to patients with empathy lifestyle changes in atherosclerosis / post coronary syndromes Unit - 4/IM 6.20 Communicate		Otorhinolaryngology - Tutorial/EN 2.3: Demonstrate the correct technique of examination of the ear including Otoscopy	SU 14.2Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general		08.02.2022
Wednesday	PE1.5 Dr Baljeet MainiDefine development and discuss the normal developmental milestones with respect to motor,	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):IM 3.4 Elicit document and present an appropriate history including the evolution, risk factors including immune status and		Forensic Medicine - P-SGD- FM2.23 Describe and discuss types, Patho-physiology, clinical features, post mortem findings and medico-legal aspects of drowning, diatom test and, gettler test.			09.02.2022
Thursday	SU 11.5 (L) Describe principles of providing post-operative pain relief and management of chronic pain	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P): IM 3.5 Perform, document and demonstrate a physical examination including general examination and appropriate		OG13.3 Observe/ assist in the performance of an artificial rupture of membranes	IM02.16 Discuss and describe the indications for acute thrombolysis, PTCA and CABG		10.02.2022
Friday	PS2.4 Describe the principles of personality development and motivation PS2.5 Define and distinguish normality and abnormality.	Ophthalmology - Lecture/ OP1.5 Define, enumerate the types and the mechanism by which strabismus leads to amblyopia correctly.	Clinical Posting (P):IM 3.6 Generate document and present a differential diagnosis based on the clinical features, and prioritise the diagnosis based on the presentation Unit - 5/IM 6.14 Perform and interpret		Integrated Teaching as decided by AITo - BI6.15: Describe the abnormalities of thyroid gland; IM12.8 - Generate a differential diagnosis based on the clinical	Pediatrics/ Anesthesia* - ASI.2- Describe the roles of Anaesthesiologist in the medical profession (including as a peri-operative physician in the		11.02.2022
Saturday	ORI.3 Describe and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of	AETCOM Module 3.1: The Foundation of Communication - 3 - Community Medicine	Clinical Posting (P):IM 3.7 Order and interpret diagnostic tests based on the clinical presentation including: CBC, Chest X ray PA view, Mantoux, sputum	Ophthalmology - Tutorial / OP 3.9 Demonstrate the correct technique of instillation of eye drops in a simulated environment accurately.			12.02.2022	

Week 3

Monday	IM02.17 Discuss and describe the indications and methods of cardiac rehabilitation	DR 2.2 Vitiligo vulgaris	Clinical Posting (P):IM 3.8 Demonstrate in a mannequin and interpret results of an arterial blood gas examination Unit - 3/IM 6.11 Enumerate the indications and describe the findings for	LUNCH	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),9.5(Describe the methods of population control) 9.6(Describe the National Population		14.02.2022	
Tuesday	OG12.2 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects	Respiratory Medicine - Lecture-(CT1.3)Discuss and describe the impact of co-infection with HIV and other	Clinical Posting (P):IM 3.9 Demonstrate in a mannequin and interpret results of a pleural fluid Aspiration Unit - 4/IM 6.10 Choose and interpret		Otorhinolaryngology - Tutorial/EN 2.4: Demonstrate the correct method of performance and interpret	SU 17.2 Demonstrate the steps in Basic Life Support. Transport of injured patient in a simulated environment		15.02.2022
Wednesday	PE2.1 Dr BK GaurDiscuss the etio-pathogenesis, clinical features and management of a child who fails to thrive	Community Medicine -8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):IM 3.10 Demonstrate in a mannequin and interpret results of a blood culture Unit - 2/IM 6.9 Choose and interpret		Forensic Medicine - Lecture--FM2.24 Thermal deaths: Describe the clinical features, post-mortem finding and medicolegal aspects of injuries due to physical agents like heat (heat-hyper-pyrexia, heat stroke, sun stroke,			16.02.2022
Thursday	SU 11.6 (L) Describe Principles of safe General Surgery	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P)IM 3.11 Describe and enumerate indications for further testing including HRCT,viral cultures,PCR and specialized testing Unit - 1/IM 6.8 Generate a differential		OG 13.4Demonstrate the stages of normal labor in a simulated environment	IM02.18 Discuss and describe the indications, formulations, doses, side effects and monitoring for		17.02.2022

Week 4

Friday	P.S3.1 Describe the growth of psychiatry as a medical specialty, its history and contribution to society. PS 3.2 Enumerate, describe and	Ophthalmology - Lecture/ OP.2.1 Enumerate the causes, describe and discuss the aetiology, clinical presentations and diagnostic features of common conditions of the lid and	Clinical Posting (P)IM 3.13 Select, describe and prescribe based on the most likely aetiology, an appropriate empirical antimicrobial based on the pharmacology and antimicrobial
Saturday	OR1.4 Describe and discuss the Principles of management of soft tissue injuries	AETCOM Module 3.1: The Foundation of Communication - 3 - Community Medicine	Clinical Posting (P)IM 3.14 Perform and interpret a sputum gram stain and AFB Unit - 1/IM 4.26 Counsel the patient on
Monday	IM02.19 Discuss and describe the pathogenesis, recognition and management of complications of acute	DR3.3 Psoriasis	Clinical Posting (P): IM 3.18 Communicate and counsel patient on family on the diagnosis and therapy of pneumonia
Tuesday	OG12.2 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and	Respiratory Medicine - Lecture- (CT1.4) Describe the epidemiology, the predisposing factors and microbial and therapeutic factors that determine resistance to drugs - Lecture- (CT1.12)	Clinical Posting (P):IM 4.12 Order and interpret diagnostic tests based on the differential diagnosis including CBC with differential, peripheral smear, urinary analysis with sediment chest
Wednesday	PE2.4 Dr Rupa Singh Discuss the etio-pathogenesis, clinical features and management of a child with short stature	Community Medicine -8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):IM 4.13 Perform and interpret a sputum gram stain Unit - 2/IM 4.23 Prescribe drugs for malaria based on the species identified,
Thursday	SU 12.1 (L) Enumerate the causes and consequences of malnutrition; SU 17.10 Manage Tension	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P)IM 4.14 Perform and interpret a sputum AFB Unit - 1/IM 4.21 Develop and present an appropriate diagnostic plan based on the
Friday	PS 3.7 Enumerate and describe common organic psychiatric disorders, magnitude, etiology and clinical features. PS 3.8 Enumerate and describe the	Ophthalmology - Lecture/ OP.2.4 Describe the aetiology, clinical presentation. Discuss the complications and management of orbital cellulitis	Clinical Posting (P)IM 4.15 Perform and interpret a malaria smear Unit - 5/IM 4.20 Interpret a PPD (Mantoux) Unit - 4
Saturday	OR1.5 Describe and discuss the aetiopathogenesis, clinical features, investigations, and principles of management of	AETCOM Module 3.1: The Foundation of Communication - 3 - Community Medicine	Clinical Posting (P)IM 4.17 Observe and assist in the performance of a bone marrow aspiration and biopsy in a simulated environment Unit - 1/IM 4.19 Assist in the collection
Monday	IM 3.1 Define, discuss, describe and distinguish community acquired pneumonia, nosocomial	DR 4.2 Lichen planus	Clinical Posting (P):Unit I(Dr. N.K. Singh) - SU18.3 Describe and demonstrate the clinical examination of surgical

LUNCH

Integrated Teaching as decided by AITo - PA32.1 - Enumerate, classify and describe the etiology, pathogenesis, pathology	Pediatrics/ Anesthesia* - AS1.3- Enumerate and describe the principle of ethics as it relates to Anaesthesiology	18.02.2022
Ophthalmology - OP2.3 Tutorial/ Demonstrate under supervision clinical procedures performed in the lid including: bells phenomenon, assessment of entropion/ ectropion, perform the regurgitation test of lacrimal sac.		19.02.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.1(Describe the current status of		21.02.2022
Otorhinolaryngology - Tutorial/EN 2.5: Demonstrate the correct technique of examination of the nose & maxillary sinuses including	SU 17.1 Describe the Principles of FIRST AID	22.02.2022
Forensic Medicine - P-SGD-FM2.25 Describe types of injuries, clinical features, Pathophysiology, post- mortem findings and medico-legal aspects in cases of burns, scalds, lightning, electrocution and		23.02.2022
OG13.5 Observe and assist the conduct of a normal vaginal delivery	IM02.20 Discuss and describe the assessment and relief of pain in acute coronary syndromes	24.02.2022
Integrated Teaching as decided by AITo - PY8.2 - Describe the synthesis, secretion, transport, physiological actions,	Pediatrics/ Anesthesia* - AS1.4- Describe the prospects of Anaesthesiology as a career	25.02.2022
Ophthalmology - Tutorial / OP 3.1 Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.		26.02.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.3(Describe local customs and		28.02.2022

Week 5

Tuesday	Holiday		
Wednesday	PE3.1 Dr Baljeet Maini Define, enumerate and discuss the causes of developmental delay and disability including	Community Medicine -8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P): Unit III(S.C.SHARMA)-SU25.2 Describe the etiopathogenesis, clinical features and principles of
Thursday	SU 12.2 (L) Describe and discuss the methods of estimation and replacement of the fluid and electrolyte	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P): Unit IV(Dr. V.KUMAR)-SU25.3 Describe the etiopathogenesis, clinical features, Investigations and
Friday	PS 3.10 Enumerate and describe the pharmacologic basis and side effects of drugs used in psychiatric disorders.	Ophthalmology - Lecture/ OP 2.5 Describe the clinical features on ocular examination and management of a patient with cavernous sinus thrombosis correctly.	Clinical Posting (P): Unit V(Dr.A.K. SINGH)-SU25.5 Demonstrate the correct technique to palpate the breast for breast swelling in a mannequin or equivalent
Saturday	OR2.1 Describe and discuss the mechanism of Injury, clinical features, investigations and plan management of	AETCOM Module 3.1: The Foundation of Communication - 3 - Community Medicine	Clinical Posting (P):Unit in Rotation - SU27.2 Demonstrate the correct examination of the vascular system and enumerate and describe the
Monday	IM 3.3 Discuss and describe the pathogenesis, presentation, natural history and complications of pneumonia	DR 5.1, 5.3 Scabies	Clinical Posting (P):Unit I(Dr. N.K. Singh) - SU27.5 Describe the applied anatomy of venous system of lower limb
Tuesday	OG12.3 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and	Respiratory Medicine - Lecture- (CT1.13) Describe and discuss the origin, indications, technique of administration, efficacy and complications of the PCC injection	Clinical Posting (P)Unit II(Dr. S.K. KANTH) SU27.6 Describe pathophysiology, clinical features, Investigations and principles of management of DVT and
Wednesday	PE3.8 Dr Bk Gaur Discuss the etio-pathogenesis, clinical presentation and multi-disciplinary approach in the	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):Unit III(S.C.SHARMA) SU28.1 Describe pathophysiology, clinical features, Investigations and
Thursday	SU 12.3 (L) Discuss the nutritional requirements of surgical patients, the methods of providing	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P):Unit IV (Dr. V.KUMAR)SU28.2 Demonstrate the correct technique to examine the patient with

LUNCH

Holiday		01.03.2022
Forensic Medicine - P-SGD- FM2.27 Define and discuss infanticide, feticide and stillbirth. FM4.13 Describe social aspects of Medico-legal cases with respect		02.03.2022
OG14.1 Enumerate and discuss the diameters of maternal pelvis and types	IM 3.2 Discuss and describe the aetiologies of various kinds of pneumonia and their microbiology	03.03.2022
Integrated Teaching as decided by AITo - PH1.36 - Describe the mechanism of action, types, doses, side effects, indications and	Pediatrics/ Anesthesia* - AS3.1- Describe the principles of preoperative evaluation	04.03.2022
Ophthalmology - Tutorial/ OP4.8 Demonstrate technique of removal of foreign body in the cornea in a simulated environment accurately.		05.03.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.3(Describe local customs and		07.03.2022
Otorhinolaryngology - Tutorial/EN 2.8: Demonstrate the correct technique to perform and interpret pure tone audiogram & impedance	SU 18.3 Describe and demonstrate the clinical examination of surgical patient including swelling a	08.03.2022
Forensic Medicine - LectureFM3.29 Describe and discuss child abuse and battered baby syndrome FM2.28		09.03.2022
OG 14.2 Discuss the mechanism of normal labor. Define and describe obstructed labor, its clinical features;	IM 3.15 Describe and enumerate the indications for hospitalisation in patients with pneumonia	10.03.2022

Week 6

Friday	PS 3.10 Enumerate and describe the pharmacologic basis and side effects of drugs used in psychiatric disorders.	Ophthalmology - Lecture/ OP2.6 Enumerate the causes and describe the differentiating features, and clinical features and management of proptosis	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU28.9 Demonstrate the correct technique of examination of a patient with disorders of the stomach	Integrated Teaching as decided by AITo - SU22.4 - Describe the clinical features, classification and principles of management of thyroid cancer;	Pediatrics/ Anesthesia* - AS4.1- Describe and discuss the pharmacology of drugs used in induction and maintenance of general	11.03.2022
Saturday	OR2.2 Describe and discuss the mechanism of Injury, clinical features, investigations and plan	Pandemic Module 3.1: Outbreak Management including Quarantine, Isolation, Contact Tracing - Community Medicine	Clinical Posting (P)Unit in Rotation SU28.11 Describe the applied anatomy of spleen. Describe the clinical features, investigations and principles of	Ophthalmology - Self directed learning/ OP 4.10 Counsel patients and family about eye donation in a simulated environment correctly.		12.03.2022

Holi Vacations14.03.22-19.03.22

Week 7	Monday	IM 3.16 Describe and enumerate the indications for isolation and barrier nursing in patients with pneumonia	DR 6.1 Pediculosis	Clinical Posting (P):Unit I (Dr. N.K. Singh)SU28.10 Describe the applied anatomy of liver. Describe the clinical features,	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.4(Describe the reproductive, maternal newborn & child health (RMCH): child survival	21.03.2022	
	Tuesday	OG12.3 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse	Respiratory Medicine - Lecture-(CT1.14)Describe and discuss the pharmacology of various anti-tuberculous	Clinical Posting (P):Unit II (Dr. S.K.KANTHSU)28.12 Describe the applied anatomy of biliary system. Describe the	Otorhinolaryngology - Tutorial/EN 2.10: Identify and describe the use of common instruments used in ENT	22.03.2022	
	Wednesday	PE4.1 Dr Rupa SinghDiscuss the causes and approach to a child with scholastic backwardness	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P): Unit III(S.C.SHARMA) SU28.15 Describe the clinical features, investigations and principles of	Forensic Medicine - -P-SGD- FM14.18 To examine & prepare medico-legal report of a person in police, judicial custody or referred by Court of Law and violation of human rights as requirement of NHRC, who		23.03.2022
	Thursday	SU13.1 Describe the immunological basis of organ transplantation	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU22.6 Describe and discuss the clinical features of hypo- and	Holiday	IM 3.17 Describe and discuss the supportive therapy in patients with pneumonia including	24.03.2022
	Friday	PS 3.11 Enumerate the appropriate conditions for specialist referral in patients with psychiatric disorders, PS 3.12 Describe, discuss and	Ophthalmology - Lecture/ OP 2.7 Classify the various types of orbital tumours. Differentiate the symptoms and signs of the presentation of various types of ocular tumours	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU29.1 Describe the causes, investigations and principles of management of Hematuria	Integrated Teaching as decided by AITo - PE33.1 - Describe the etio-pathogenesis clinical features, management of Hematuria in children	Pediatrics/ Anesthesia* - AS4.2- Describe the anatomy of the airway and its implications for general anaesthesia	25.03.2022
	Saturday	OR2.3 Select, prescribe and communicate appropriate medications for relief of joint pain	Pandemic Module 3.1: Outbreak Management including Quarantine, Isolation, Contact Tracing - Community Medicine	Clinical Posting (P): Unit in Rotation SU29.5 Describe the clinical features,investigations and principles of management of renal calculi	Ophthalmology - Tutorial/OP6.6 Identify and demonstrate the clinical features and distinguish and diagnose common clinical conditions affecting the anterior chamber accurately.		26.03.2022
Week 8	Monday	IM 3.19 Discuss, describe, enumerate the indications and communicate to patients on pneumococcal and influenza	DR 7.1, 7.3 Fungal infections	Clinical Posting (P):Unit I(Dr. N.K. Singh)SU30.1 Describe the clinical features, investigations and principles of management of phimosi, paraphimosis and carcinoma peni-	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.4(Describe the reproductive, maternal newborn & child health (RMCH): child survival	28.03.2022	
	Tuesday	OG12.4Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and	Respiratory Medicine - Lecture-(CT1.15) Prescribe an appropriate antituberculosis regimen based on the location of disease, smear positivity and negativity and comorbidities	Clinical Posting (P):Unit II (Dr. S.K.KANTHSU)29.10 Demonstrate a digital rectal examination of the prostate in a mannequin or equivalent	Otorhinolaryngology - Tutorial/EN 2.13: Identify, Resuscitate and manage ENT emergencies in a simulated environment (including	29.03.2022	
	Wednesday	PE4.4 Dr Baljeet Maini Discuss the etiology, clinical features, diagnosis and management of a child with Autism	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P)Unit III(S.C.SHARMA) SU28.17 Describe the clinical features, investigations and principles of	Forensic Medicine - Lecture--FM2.33 Demonstrate ability to use local resources whenever required like in mass disaster situations FM2.34		30.03.2022
	Thursday	SU13.2 Discuss the Principles of immunosuppressive therapy.Enumerate Indications, describe surgical	Otorhinolaryngology - Lecture/EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU28.14 Describe the clinical features, investigations and principles of	OG15.1 Enumerate and describe the indications and steps of common obstetric procedures, technique and	IM 4.1 Describe and discuss the febrile response and the influence of host immune status, risk factors and	31.03.2022
	Friday	PS 4.1 Describe the magnitude and etiology of alcohol and substance use disorders, PS 4.4 Describe the treatment of alcohol and substance abuse disorders including behavioural	Ophthalmology - Lecture/ OP2.8 List the investigations helpful in diagnosis of orbital tumors. Enumerate the indications for appropriate referral	Clinical Posting (P): Unit V (Dr.A.K. SINGH)SU30.5 Describe the applied anatomy, clinical features, investigations and principles of management of Hydrocele	Integrated Teaching as decided by AITo - PE33.3 - Interpret and explain neonatal thyroid screening report; PA32.3 - Describe the etiology, pathogenesis	Pediatrics/ Anesthesia* - AS4.4- Observe and describe the principles and the steps/ techniques in maintenance of vital organ functions in patients	01.04.2022
	Saturday	OR2.4 Describe and discuss the mechanism of injury, clinical features, investigations and principles of management of Features of child of Human	Pandemic Module 3.1: Outbreak Management including Quarantine, Isolation, Contact Tracing - Community Medicine	Clinical Posting (P): Unit on rotation--SU30.6 Describe classification, clinical features, investigations and principles of management of tumours of testis.	Ophthalmology - Tutorial/ OP6.10 Counsel patients with conditions of the iris and anterior chamber about their diagnosis, therapy and prognosis in an empathetic manner in a simulated environment		02.04.2022
	Monday	IM 4.2 Describe and discuss the influence of special populations on the febrile response including: the elderly, immune suppression	DDR 8.1, 8.7 Viral infections	Clinical Posting (P):OG8.2 Elicit, document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.4(Describe the reproductive, maternal newborn & child health (RMCH): child survival	04.04.2022	
	Tuesday	OG12.4Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and	Respiratory Medicine - Lecture-(CT1.17) Define criteria for the cure of Tuberculosis; describe and recognise the features of drug resistant tuberculosis, resistance and	Clinical Posting (P): OG9.1 Classify, define and discuss the aetiology and management of abortions including threatened, incomplete, inevitable, missed and septic	Otorhinolaryngology - Tutorial/EN 2.14: Demonstrate the correct technique to instilling topical medications into the ear in a simulated environment	05.04.2022	

Week 9

Wednesday	PE5.1 Dr BK Gaur Describe the clinical features, diagnosis and management of thumb sucking	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P);OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM
Thursday	SU13.3 Discuss the legal and ethical issues concerning organ donation	Otorhinolaryngology - Lecture/EN 4.1: Principles of management of Otitis; Lecture/EN 4.2: Elicit document and present a correct history, demonstrate and describe the	Clinical Posting (P); OG10.1 Define, classify and describe the aetiology, pathogenesis, clinical features, ultrasonography, differential diagnosis and management of antenatal
Friday	PS 4.6 Enumerate and describe the pharmacologic basis and side effects of drugs used in alcohol and substance abuse. PS4.7 Enumerate the	Ophthalmology - Lecture/ OP 3.1 Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	Clinical Posting (P);OG12.2 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and the management
Saturday	OR2.5 Describe and discuss the aetiopathogenesis, clinical features, mechanism of injury, investigation & principles of management of fractures of	Pandemic Module 3.1: Outbreak Management including Quarantine, Isolation, Contact Tracing - Community Medicine	Clinical Posting (P); OG12.3 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects

LUNCH

Forensic Medicine - P-SGD-FM3.4 Mechanical injuries and wounds: Define injury, assault & hurt. Describe IPC pertaining to injuries	06.04.2022
OG15.2 Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a	07.04.2022
Integrated Teaching as decided by AITo - IM12.6 - Perform and demonstrate a systematic examination based on the	Pediatrics/ Anesthesia* - AS4.6- Observe and describe the principles and the steps/ techniques involved in day care
Ophthalmology Tutorial/ OP 3.1 Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	09.04.2022

Week 10

Monday	IM 4.4 Describe and discuss the pathophysiology and manifestations of inflammatory causes of fever	DR 9.1 Classify, describe the epidemiology, aetiology, microbiology, pathogenesis, clinical presentations and diagnostic features	Clinical Posting (P);OG12.4 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects
Tuesday	OG12.5 Describe the clinical features, detection, effect of pregnancy on the disease and impact of the disease on	Respiratory Medicine - Lecture-(CT2.1) Define and classify obstructive airway disease (CT2.2) Describe and discuss the	Clinical Posting (P);OG12.1 Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of
Wednesday	PE5.8 Dr Rupa Singh Discuss the etiology, clinical features and management of Enuresis	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P);OG16.1 Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in
Thursday		Holiday	
Friday	PS 5.1 Classify and describe the magnitude and etiology of schizophrenia & other psychotic disorders. PS 5.3 Describe the treatment of schizophrenia	Ophthalmology - Lecture/ OP 7.4 Enumerate the types of cataract surgery and describe the steps, intra-operative and post-operative complications of extracapsular cataract	Clinical Posting (P);OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of Postdated pregnancy
Saturday	OR2.6 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and	Pandemic Module 3.1: Outbreak Management including Quarantine, Isolation, Contact Tracing - Community Medicine	Clinical Posting (P);OG35.1 Obtain a logical sequence of history, and perform a humane and thorough clinical examination, excluding internal

LUNCH

Community Medicine -8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.4(Describe the reproductive,	11.04.2022
Otorhinolaryngology - Tutorial/EN 2.15: Describe the national programs for prevention of deafness, cancer,	SU17.1 Describe the Principles of FIRST AID; SU14.1 Describe Aseptic techniques, sterilization and
Forensic Medicine - P-SGP-FM3.6 Mechanical injuries and wounds: Describe healing of injury and fracture of bones with its medico-legal importance	13.04.2022
	Holiday
Integrated Teaching as decided by AITo - IM23.1 - Discuss and describe the methods of nutritional assessment in an	Pediatrics/ Anesthesia* - AS5.1- Enumerate the indications for and describe the principles of regional anaesthesia (including
Ophthalmology Tutorial/ OP 7.4 Enumerate the types of cataract surgery and describe the steps, intra-operative and post-operative complications of extracapsular cataract extraction surgery	16.04.2022

Week 11

Monday	IM 4.5 Describe and discuss the pathophysiology and manifestations of malignant causes of fever including	DR 9.4 Enumerate, describe and identify lepra reactions and supportive measures and therapy of lepra reactions	Clinical Posting (P);OG24.1 Define, classify and discuss abnormal uterine bleeding in peri-menopausal women, its aetiology, clinical features,
Tuesday	OG12.5 Describe the clinical features, detection, effect of pregnancy on the disease and impact of the disease on	Respiratory Medicine - Lecture-(CT2.3) Enumerate and describe the causes of acute episodes in patients with obstructive airway disease	Clinical Posting (P);OG24.1 Define, classify and discuss abnormal uterine bleeding in reproductive age group, its aetiology, clinical features,
Wednesday	PE6.1 Dr Baljeet Maini Define Adolescence and stages of adolescence	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P);OG24.2 Define, classify and discuss abnormal uterine bleeding in puberty, its aetiology, clinical features, investigations,
Thursday	SU14.2 Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in	Otorhinolaryngology - Lecture/EN 4.3: Elicit document and present a correct history, demonstrate and describe the clinical features, choose	Clinical Posting (P);OG24.3 Define, classify and discuss abnormal uterine bleeding in post menopausal bleeding, its aetiology, clinical features,
Friday	PS 5.5 Enumerate and describe the pharmacologic basis and side effects of drugs used in schizophrenia. PS 5.6 Enumerate the appropriate	Ophthalmology - Lecture/ OP3.3 Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications, and management of various causes of	Clinical Posting (P);OG29.1 Describe and discuss the etiology, pathology; clinical features; differential diagnosis; investigations; principles of management, complications of fibroid
Saturday	OR2.7 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and	AETCOM Module 3.2: Case Study in Bioethics: Disclosure of Medication Error - ENT	Clinical Posting (P); OG31.1 Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of
Monday	IM 4.8 Discuss and describe the pathophysiology, aetiology and clinical manifestations of fever of unknown origin (FUO)	DR 9.5, 9.6 Management of leprosy	Clinical Posting (P);OG30.1 Describe and discuss the etiology, pathogenesis; clinical features; differential diagnosis; investigations; management,
Tuesday	OG12.6 Describe the clinical features, detection, effect of pregnancy on the disease and impact of the disease on	Respiratory Medicine - Lecture-(CT2.4) Describe and discuss the physiology and pathophysiology of hypoxia and hypercapnia; Lecture-	Clinical Posting (P);OG33.3 Describe and demonstrate the screening for cervical cancer in a simulated environment

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)	18.04.2022
Otorhinolaryngology - Tutorial/ EN 4.6: Elicit document and present a correct history, demonstrate	SU22.3 Demonstrate and document the correct clinical examination of thyroid swellings and
Forensic Medicine - Lecture - FM3.9 Firearm injuries: Describe different types of firearms including structure and components. Along with description of ammunition	20.04.2022
OG17.2 Counsel in a simulated environment, care of the breast, importance and the technique of breast feeding	IM 4.7 Discuss and describe the pathophysiology and manifestations of the sepsis
Integrated Teaching as decided by AITo - IM23.1 - Discuss and describe the methods of nutritional assessment in an	Pediatrics/ Anesthesia* - AS5.2-Describe the correlative anatomy of the brachial plexus, subarachnoid and epidural
Ophthalmology - Tutorial/ OP 7.4 Enumerate the types of cataract surgery and describe the steps, intra-operative and post-operative complications of extracapsular cataract extraction surgery	23.04.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.5(Describe Universal	25.04.2022
Otorhinolaryngology - Tutorial/ EN 4.9: Demonstrate the correct technique for syringing wax from the ear in	SU25.4 Counsel the patient and obtain informed consent for treatment of malignant conditions of the

Week 12

Wednesday	PE6.6 Dr BK Gaur Discuss the common Adolescent eating disorders (Anorexia Nervosa, Bulimia)	Community Medicine - 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary	Clinical Posting (P):OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and
Thursday	SU14.3 Describe the materials and methods used for surgical wound closure and anastomosis	Otorhinolaryngology - Lecture/EN 4.4: Demonstrate the correct technique to hold visualize and assess the mobility of the tympanic	Clinical Posting (P): OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and
Friday	PS 6.1 Classify and describe the magnitude and etiology of depression. PS6.4 Describe the treatment of depression including behavioural and	Ophthalmology - Lecture/ OP3.4 Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of trachoma.	Clinical Posting (P):OG27.4 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of Acute Pelvic
Saturday	OR2.8 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and	AETCOM Module 3.2: Case Study in Bioethics: Disclosure of Medication Error - ENT	Clinical Posting (P):WARD LEAVING TEST
Monday	IM 4.10 Perform a systematic examination that establishes the diagnosis and severity of presentation that includes:	DR 9.7 Complications of Leprosy	Clinical Posting (P): OR1.1 Describe and discuss the Principles of pre-hospital care and Casualty management of a trauma victim including principles

LUNCH

Week 13

Tuesday	Holiday		
Wednesday	PE7.1 Dr Rupa Singh Awareness on the cultural beliefs and practices of breast feeding	Community Medicine -8.3 Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case	Clinical Posting (P):OR2.10 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of
Thursday	SU15.1 Describe classification of hospital waste and appropriate methods of disposal	Otorhinolaryngology - Lecture/EN 4.5: Elicit document and present a correct history, demonstrate and describe the clinical features, choose	Clinical Posting (P): OR3.2 Participate as a member in team for aspiration of joints under supervision, Dr Sudhir Singh
Friday	PS 7.1 classify and describe the magnitude and etiology of bipolar disorders.	Ophthalmology - Lecture/ OP.3.5 Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of vernal catarrh	Clinical Posting (P): OR3.3 Participate as a member in team for procedures like drainage of abscess, sequestrectomy/ saucerisation and arthrotenomy . Dr Piyush Jain
Saturday	OR2.9 Describe and discuss the mechanism of injury, Clinical features, investigations and principle of	AETCOM Module 3.2: Case Study in Bioethics: Disclosure of Medication Error - ENT	Clinical Posting (P): OR13.1 Participate in a team for procedures in patients and demonstrating the ability to perform on mannequins / simulated
Monday	IM 4.16 Enumerate the indications and describe the findings in tests of inflammation and specific	DR 10.3. 10.4 Syphilis	Clinical Posting (P):OR13.2 Participate as a member in team for Resuscitation of Polytrauma victim by doing all of the following : (a) LV.

LUNCH

Week 14

Tuesday	OG12.7 Describe and discuss screening, risk factors, management of mother and newborn with HIV	Respiratory Medicine - Lecture-(CT2.10) Generate a differential diagnosis and prioritise based on clinical	Clinical Posting (P): OR14.1 Demonstrate the ability to counsel patients regarding prognosis in patients with various orthopedic illnesses like a.
Wednesday	PE8.1 Dr Baljeet Maini Define the term Complementary Feeding	Community Medicine - 8.3 Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case	Clinical Posting (P): OR14.2 Demonstrate the ability to counsel patients to obtain consent for various orthopedic procedures like limb amputation, cement fixation etc. Dr
Thursday	SU16.1 Minimally invasive General Surgery: Describe indications advantages and disadvantages	Otorhinolaryngology - Lecture/EN 4.7: Elicit document and present a correct history demonstrate and describe the clinical features, choose	Clinical Posting (P):OR14.3 Demonstrate the ability to convince the patient for referral to a higher centre in various orthopedic illnesses, based on
Friday	PS7.4 Describe the treatment of bipolar disorders including behavioural and pharmacologic therapy. PS 7.6 Enumerate and describe the pharmacologic	Ophthalmology - Lecture/ OP3.6 Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of pterygium	Clinical Posting (P):AN50.4 Explain the anatomical basis of Scoliosis, Lordosis, Prolapsed disc, Spondylolisthesis & Spina bifida, Dr Amit Saraf
Saturday	OR2.11 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and	AETCOM Module 3.2: Case Study in Bioethics: Disclosure of Medication Error - ENT	Clinical Posting (P): AN33.1 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications
Monday	IM 4.22 Describe and discuss the pharmacology, indications, adverse reactions, interactions of antimalarial drugs and basis	DR 10.6 Chancroid, donovanosis and LGV	Clinical Posting (P): AN33.2 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications
Tuesday	OG12.7 Describe and discuss screening, risk factors, management of mother and newborn with HIV	Respiratory Medicine - Lecture-(CT2.14) Part-(1) Enumerate the indications for and interpret the results of : pulse oximetry, ABG	Clinical Posting (P): AN33.3 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications and metastases of soft tissue tumors. Dr

LUNCH

Forensic Medicine - Lecture---FM3.11 Regional Injuries: Describe and discuss regional injuries to head (Scalp wounds, fracture skull, intracranial hemorrhages, coup and	27.04.2022	
OG18.1 Describe and discuss the assessment of maturity of the newborn, diagnosis of birth asphyxia, principles of	IM 4.9 Elicit document and present a medical history that helps delineate the aetiology of fever that	28.04.2022
Integrated Teaching as decided by AITo - IM24.22 - Describe and discuss the aetiopathogenesis, clinical presentation,	Pediatrics/ Anesthesia* - ASS.3- Observe and describe the principles and steps/ techniques involved in peripheral nerve blocks	29.04.2022
Ophthalmology - Tutorial/ OP7.6 Administer informed consent and counsel patients for cataract surgery in a simulated environment.		30.04.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.6(Enumerate and describe		02.05.2022
Holiday		03.05.2022
Forensic Medicine - Lecture---FM3.13 Describe different types of sexual offences. Describe various sections of IPC regarding rape including definition of rape (Section 375 IPC), Punishment for Rape (Section		04.05.2022
OG18.2 Demonstrate the steps of neonatal resuscitation in a simulated environment	IM 4.11 Generate a differential diagnosis and prioritise based on clinical features that help	05.05.2022
Integrated Teaching as decided by AITo - IM24.22 - Describe and discuss the aetiopathogenesis, clinical presentation,	Pediatrics/ Anesthesia* - ASS.4-Observe and describe the pharmacology and correct use of commonly used drugs and	06.05.2022
Ophthalmology - Tutorial/OP7.6 Administer informed consent and counsel patients for cataract surgery in a simulated environment.		07.05.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.6(Enumerate and describe		09.05.2022
Otorhinolaryngology - Tutorial/EN 4.17: Enumerate the indications and interpret the results of an audiogram	SU27.8 Demonstrate the correct examination of the lymphatic system	10.05.2022
Forensic Medicine - P-SGD---FM3.14 SEXUAL OFFENCES Describe and discuss the examination of the victim of an alleged case of rape, and the preparation of report, framing		11.05.2022
OG19.1 Describe and discuss the physiology of puerperium, its complications, diagnosis and management; counselling	IM 4.18 Enumerate the indications for use of imaging in the diagnosis of febrile syndrome	12.05.2022
Integrated Teaching as decided by AITo - SU12.1 - Enumerate the causes and consequences of malnutrition in the	Pediatrics/ Anesthesia* - AS6.3-Describe the common complications encountered by patients in the recovery room, their	13.05.2022
Ophthalmology - Tutorial/ OP7.5 To participate in the team of cataract surgery.		14.05.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.6(Enumerate and describe		16.05.2022
Otorhinolaryngology - Tutorial/EN 4.44: Describe the clinical features, investigations and principles of management of Benign	SU28.9 Demonstrate the correct technique of examination of a patient with disorders of the stomach	17.05.2022

Week 15

Wednesday	PE9.1 Dr BK Gaur Describe the age related nutritional needs of infants, children and adolescents including	Community Medicine - 11.1(Enumerate and describe the presenting features of patients with occupational illness including	Clinical Posting (P): AN33.4 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications
Thursday	SUI7.1 Describe the Principles of FIRST AID	Otorhinolaryngology - Lecture/EN 4.8: Elicit document and present a correct history, demonstrate and describe the clinical features, choose	Clinical Posting (P):M14.2 Describe the etiopathogenesis, clinical course and discuss the laboratory diagnosis of bone & joint infections, Dr Amit Saraf
Friday	PS 8.1 Enumerate and describe the magnitude and etiology of anxiety disorders. PS 8.4 Describe the treatment of anxiety disorders including	Ophthalmology - Lecture/ OP3.7 Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of symblepharon	Clinical Posting (P)FM3.7 Describe factors influencing infliction of injuries and healing, examination and certification of wounds and wound as a cause of death: Primary and Secondary,
Saturday	OR2.12 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management	AETCOM Module 3.2: Case Study in Bioethics: Disclosure of Medication Error - ENT	Clinical Posting (P): FM3.8 Mechanical injuries and wounds: Describe and discuss different types of weapons including dangerous weapons
Monday	IM 5.2 Describe and discuss the aetiology and pathophysiology of liver injury	DR 10.9-11 Syndromic management of STDs	Clinical Posting (P): FM3.9 Firearm injuries: Describe different types of firearms including structure and components. Along with description of
Tuesday	OG12.8 Describe the mechanism, prophylaxis, fetal complications, diagnosis and management of	Respiratory Medicine - Lecture-(CT2.14) Part-(2) Enumerate the indications for and interpret the results of Chest Radiograph	Clinical Posting (P)FM3.10 Firearm injuries: Describe and discuss wound ballistics-different types of firearm injuries, blast injuries and their
Wednesday	PE10.1 Dr Rupa Singh Define and describe the etiopathogenesis, classify including WHO classification,	Community Medicine - 11.3(Enumerate and describe specific occupational health hazards, their risk factors and preventive measures)	Clinical Posting (P): FM3.11 Regional Injuries: Describe and discuss regional injuries to head (Scalp wounds, fracture skull, intracranial
Thursday	SUI7.3 Describe the Principles in management of mass casualties	Otorhinolaryngology - Lecture/EN 4.11: Enumerate the indications and describe the steps of mastoidectomy	Clinical Posting (P):FM3.12 Regional Injuries Describe and discuss injuries related to fall from height and vehicular injuries – Primary and Secondary
Friday	PS 9.1 Enumerate and describe the magnitude and etiology of stress related disorders. PS 9.4 Describe the treatment of stress related disorders including	Ophthalmology - Lecture/ OP1.2 Define, classify and describe the types and methods of correcting refractive errors	Clinical Posting (P): IM7.5 Develop a systematic clinical approach to joint pain based on the pathophysiology, Dr Sudhir Singh
Saturday	OR2.13 Describe and discuss the aetiopathogenesis, clinical features, Investigation and principles of management	AETCOM Module 3.3: The Foundation of Communication - 4 - Community Medicine	Clinical Posting (P)M7.6 Describe and discriminate acute, subacute and chronic causes of joint pain, Dr Manmohan Sharma
Monday	IM 5.4 Describe and discuss the epidemiology, microbiology, immunology and clinical evolution of infective	DR 11.1, 11.3 HIV	Clinical Posting (P): PE2.2 Dr Baljeet Maini Assessment of a child with failing to thrive including eliciting an appropriate history and examination
Tuesday	OG12.8 Describe the mechanism, prophylaxis, fetal complications, diagnosis and management of	Respiratory Medicine - Lecture-(CT2.16) Discuss and describe therapies for OAD including bronchodilators,	Clinical Posting (P): PE2.3 Dr BK Gaur Counselling a parent with failing to thrive child
Wednesday	PE11.1 Dr Baljeet Maini Describe the common etiology, clinical features and management of obesity in	Community Medicine - 11.4(Describe the principles of ergonomics in health preservation),11.5(Describe occupational disorders of health	Clinical Posting (P): PE2.5 Dr Rupa Singh Assessment of a child with short stature: Elicit history, perform examination,
Thursday	SUI7.4 Describe Pathophysiology, mechanism of head injuries	Otorhinolaryngology - Lecture/EN 4.12: Elicit document and present a correct history demonstrate and describe the clinical features, choose	Clinical Posting (P): PE3.3 Dr Baljeet Maini Assessment of a child with developmental delay - Elicit document and present history
Friday	PS 9.6 Enumerate and describe the pharmacologic basis and side effects of drugs used in stress related disorders.	Ophthalmology - Lecture/ OP4.1 Enumerate, describe and discuss the types and causes of corneal ulceration	Clinical Posting (P): PE3.4 Dr BK Gaur Counsel a parent of a child with developmental delay
Saturday	OR2.14 Describe and discuss the aetiopathogenesis, clinical features, Investigation and principles of management	AETCOM Module 3.3: The Foundation of Communication - 4 - Community Medicine	Clinical Posting (P): IPE6.8 Dr Rupa Singh Respecting patient privacy and maintaining confidentiality while dealing with adolescence
Monday	IM 5.6 Describe and discuss the pathophysiology, clinical evolution and complications of cirrhosis and portal	DR 12.1, 12.3, 12.4 Eczema	Clinical Posting (P): PE6.9 Dr Baljeet Maini Perform routine Adolescent Health check up including eliciting history, performing examination

LUNCH

LUNCH

LUNCH

Week 16

Forensic Medicine -P-SGD---FM3.15 SEXUAL OFFENCES Describe and discuss examination of accused and victim of sodomy, preparation of report, framing of opinion,		18.05.2022
OG18.1 Describe and discuss the assessment of maturity of the newborn, diagnosis of birth asphyxia, principles of	IM 5.1 Describe and discuss the physiologic and biochemical basis of hyperbilirubinemia	19.05.2022
Integrated Teaching as decided by AITo - PA12.2 - Describe the pathogenesis of disorders caused by protein	Pediatrics/ Anesthesia* - AS7.2- Enumerate and describe the criteria for admission and discharge of a patient to an ICU	20.05.2022
Ophthalmology - Tutorial/OP9.1 Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)		21.05.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.7(Enumerate and describe the		23.05.2022
Otorhinolaryngology - Tutorial/EN 4.45: Describe the clinical features, investigations and principles	SU29.1 Describe the causes, investigations and principles of management of Hematuria	24.05.2022
Forensic Medicine - Lecture---FM3.16 SEXUAL OFFENCES Describe and discuss adultery and unnatural sexual offences- sodomy, incest, lesbianism, buccal coitus, bestiality,		25.05.2022
OG18.2 Demonstrate the steps of neonatal resuscitation in a simulated environment	IM 5.3 Describe and discuss the pathologic changes in various forms of liver disease	26.05.2022
Integrated Teaching as decided by AITo - PA12.2 - Describe the pathogenesis of disorders caused by protein	Pediatrics/ Anesthesia* - AS8.1- Describe the anatomical correlates and physiologic principles of pain	27.05.2022
Ophthalmology - Seminar/OP9.4 Enumerate, describe and discuss the causes of avoidable blindness and the National Programs for Control of Blindness (including vision 2020)		28.05.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.7(Enumerate and describe the		30.05.2022
Otorhinolaryngology - Tutorial/ EN 4.46: Describe the clinical features, investigations and principles	SU27.2 Demonstrate the correct examination of the vascular system and enumerate and describe the	31.05.2022
Forensic Medicine - Lecture----FM3.21 Discuss Pre-conception and Pre Natal Diagnostic Techniques (PC&PNDT) - Prohibition of Sex Selection Act 2003 and Domestic Violence Act 2005		01.06.2022
OG18.4 Describe the principles of resuscitation of the newborn and enumerate the common problems	IM 5.5 Describe and discuss the pathophysiology and clinical evolution of alcoholic liver disease	02.06.2022
Integrated Teaching as decided by AITo - IM24.22 - Describe and discuss the aetiopathogenesis, clinical presentation,	Pediatrics/ Anesthesia* - AS8.3- Describe the pharmacology and use of drugs in the management of pain	03.06.2022
Ophthalmology - Tutorial/ OP 9.5 Describe the evaluation and enumerate the steps involved in the stabilisation, initial management and indication for referral in a patient with ocular injury		04.06.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.7(Enumerate and describe the		06.06.2022

Week 18

Tuesday	OG13.1 Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Respiratory Medicine - Lecture-(CT2.18) Develop a therapeutic plan including use of bronchodilators and inhaled corticosteroids	Clinical Posting (P): PE6.11 Dr BK Gaur Visit to the Adolescent Clinic
Wednesday	PE12.1 Dr BK Gaur Discuss the RDA, dietary sources of Vitamin A and their role in health and disease	Community Medicine - 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital	Clinical Posting (P): PE7.5 Dr Rupa Singh Observe the correct technique of breast feeding and distinguish right from wrong techniques
Thursday	SU17.5 Describe clinical features for neurological assessment and GCS in head injuries	Otorhinolaryngology - Lecture/EN 4.13; Describe the clinical features, investigations and principles of management of Otosclerosis	Clinical Posting (P): PE7.7 Dr Baljeet Maini Perform breast examination and identify common problems during lactation such as retracted nipples,
Friday	P.S 9.7 Enumerate the appropriate conditions for specialist referral in stress disorders.	Ophthalmology - Lecture/OP4.2 Enumerate and discuss the differential diagnosis of infective keratitis	Clinical Posting (P): PE7.8 Dr BK Gaur Educate mothers on ante natal breast care and prepare mothers for lactation
Saturday	OR2.15 Plan and interpret the investigations to diagnose complications of fractures like malunion, non-union, infection,	AETCOM Module 3.3: The Foundation of Communication - 4 - Community Medicine	Clinical Posting (P):PE7.9 Dr Rupa Singh Educate and counsel mothers for best practices in Breast feeding

LUNCH

Otorhinolaryngology - Tutorial/ EN 4.47: Describe the clinical features, investigations and principles	SU27.8 Demonstrate the correct examination of the lymphatic system	07.06.2022
Forensic Medicine - Lecture---FM3.27 Define, classify and discuss abortion, methods of procuring MTP and criminal abortion and complication of abortion. MTP Act1971		08.06.2022
OG 19.3 Observe/ assist in the performance of tubal ligation	IM 5.7 Enumerate and describe the causes and pathophysiology of drug induced liver injury	09.06.2022
Integrated Teaching as decided by AITo - IM24.22 - Describe and discuss the aetiopathogenesis, clinical presentation,	Pediatrics/ Anesthesia* - AS8.5- Describe the principles of pain management in the terminally ill	10.06.2022
Ophthalmology - Tutorial/ OP 7.3 Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.		11.06.2022

Week 19

Monday	IM 5.8 Describe and discuss the pathophysiology, clinical evolution and complications cholelithiasis and cholecystitis	DR 14.1, 14.5 Urticaria and angioedema	Clinical Posting (P):PE7.10 Dr Baljeet Maini Respects patient privacy
Tuesday	OG13.1 Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Respiratory Medicine - Lecture-(CT2.19) Develop a management plan for acute exacerbations including bronchodilators, systemic steroids,	Clinical Posting (P): PE7.11 Dr BK Gaur Participate in Breast Feeding Week Celebration
Wednesday	PE12.6 Dr Rupa Singh Discuss the RDA, dietary sources of Vitamin D and their role in health and disease	Community Medicine - 13.1(Define and describe the concept of Disaster management),13.2(Describe disaster management cycle)	Clinical Posting (P):PE8.4 Dr Rupa Singh Elicit history on the Complementary Feeding habits
Thursday	SU17.6 Chose appropriate investigations and discuss the principles of management of head injuries	Otorhinolaryngology - Lecture/EN 4.14; Describe the clinical features, investigations and principles of management of Sudden Sensorineural	Clinical Posting (P): PE8.5 Dr Baljeet Maini Counsel and educate mothers on the best practices in Complimentary Feeding
Friday	PS 10.1 Enumerate and describe the magnitude and etiology of somatoform, dissociative and conversion disorders.PS 10.4 Describe the	Ophthalmology - Lecture/ OP4.3 enumerate the causes of corneal edema	Clinical Posting (P): PE9.4 Dr BK Gaur Elicit document and present an appropriate nutritional history and perform a dietary recall
Saturday	OR2.16 Describe and discuss the mechanism of injury, clinical features, investigations and principles of	AETCOM Module 3.3: The Foundation of Communication - 4 - Community Medicine	Clinical Posting (P): PE10.3 Dr Rupa Singh Assessment of a patient with SAM and MAM, diagnosis, classification and planning management

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.7(Enumerate and describe the basic and principles of the Family Welfare Program		13.06.2022
Otorhinolaryngology - Tutorial/ EN 4.48: Elicit document and present a correct history, demonstrate	SU28.2 Demonstrate the correct technique to examine the patient with hernia and identify different	14.06.2022
Forensic Medicine - Lecture---FM4.1 Describe Medical Ethics and explain its historical emergence FM4.2 Describe the Code of Medical Ethics 2002 conduct,		15.06.2022
OG19.2 Counsel in a simulated environment, contraception and puerperal sterilisation	IM 5.9 Elicit document and present a medical history that helps delineate the aetiology of the current	16.06.2022
Integrated Teaching as decided by AITo - IM4.1 - Describe and discuss the febrile response and the influence of host	Pediatrics/ Anesthesia* - AS9.4- Enumerate blood products and describe the use of blood products in the preoperative period/AS8.4-	17.06.2022
Ophthalmology Tutorial/ OP3.2 Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness		18.06.2022

Week 20

Monday	IM 5.10 Perform a systematic examination that establishes the diagnosis and severity that includes nutritional status,	DR 15.3 Pyoderma	Clinical Posting (P): PE10.4 Dr Baljeet Maini Identify children with under nutrition as per IMNCI criteria and plan referral
Tuesday	OG13.1 Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Respiratory Medicine - Lecture-(CT2.20) Describe and discuss the principles and use of oxygen therapy in	Clinical Posting (P): PE10.5 Dr BK Gaur Counsel parents of children with SAM and MAM
Wednesday	PE12.6 Dr Baljeet Maini Discuss the RDA, dietary sources of Vitamin D and their role in health and disease	Community Medicine -13.3(Describe manmade disasters in the world and in India),13.4(Describe the details of the National Disaster management	Clinical Posting (P): PE11.3 Dr Rupa Singh Assessment of a child with obesity with regard to eliciting history including physical activity, charting and
Thursday	SU17.7 Describe the clinical features of soft tissue injuries. Chose appropriate investigations and	Otorhinolaryngology - Lecture/EN 4.18; Describe the clinical features, investigations and principles of management of Facial Nerve palsy	Clinical Posting (P): PE11.4 Dr Baljeet Maini Examination including calculation of BMI, measurement of waist hip ratio, identifying external
Friday	PS 10.6 Enumerate and describe the pharmacologic basis and side effects of drugs used in somatoform,dissociative and conversion disorders. PS10.7	Ophthalmology - Lecture/ OP 4.4 Enumerate the causes and discuss the management of dry eye correctly.	Clinical Posting (P): PE12.17 Dr BK Gaur Identify the clinical features of Vitamin B complex deficiency
Saturday	OR3.1 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of	AETCOM Module 3.3: The Foundation of Communication - 4 - Community Medicine	Clinical Posting (P): PE12.18 Dr Rupa Singh Diagnose patients with Vitamin B complex deficiency and plan management

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.8(Describe the physiology,		20.06.2022
Otorhinolaryngology - Tutorial/ EN 4.49: Elicit document and present a correct history, demonstrate	SU28.3 Describe causes, clinical features, complications and principles of	21.06.2022
Forensic Medicine - Lecture---FM4.3 Describe the functions and role of Medical Council of India and State Medical Councils FM4.4		22.06.2022
OG18.1 Describe and discuss the assessment of maturity of the newborn, diagnosis of birth asphyxia, principles of	IM 5.11 Generate a differential diagnosis and prioritise based on clinical features that suggest a	23.06.2022
Integrated Teaching as decided by AITo - IM4.1 - Describe and discuss the febrile response and the influence of host	Pediatrics/ Anesthesia* - AS10.3- Describe the role of communication in patient safety/AS10.2- Enumerate the hazards encountered in	24.06.2022
Ophthalmology - Seminar/ OP 8.3 Demonstrate the correct technique of a fundus examination and describe and distinguish the fundoscopic features in a normal condition and in conditions causing an abnormal retinal exam		25.06.2022

Week 21

Monday	IM 5.12 Choose and interpret appropriate diagnostic tests including: CBC, bilirubin, function tests, Hepatitis ascitic	DR 17.1-17.4 Nutritional Deficiencies and Skin	Clinical Posting (P): EN 2.1: Elicit and document an appropriate history in a patient presenting with an ENT complaint / Dr P Chatterji	LUNCH	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.3(Enumerate and describe disease	27.06.2022	
Tuesday	OG13.1 Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation;	Respiratory Medicine - Lecture-(CT2.24) Recognise the impact of OAD on patient's quality of life, well being,	Clinical Posting (P): EN 2.2: Present an appropriate history in a patient presenting with an ENT complaint / Dr Sudhakar		Otorhinolaryngology - Tutorial/ EN 4.50: Observe and describe the indications for and steps involved in	SU30.4 Describe the applied anatomy clinical features, investigations and principles of management	28.06.2022
Wednesday	PE14.1 Dr BK GaurDiscuss the risk factors, clinical features, diagnosis and management of Lead Poisoning	Community Medicine -15.1(Define and describe the concept of mental Health),15.2(Describe warning signals of mental health disorder)	Clinical Posting (P): EN 2.3: Demonstrate the correct technique of examination of the ear including Otoscopy / Dr A Jain		Forensic Medicine -P-SGD---FM4.5 Rights/privileges of a medical practitioner, penal erasure, infamous conduct, disciplinary Committee, disciplinary procedures, warning notice and penal erasure		29.06.2022
Thursday	SU17.8 Describe the pathophysiology of chest injuries.	Otorhinolaryngology - Lecture/EN 4.19: Describe the clinical features, investigations and principles of management of Vertigo	Clinical Posting (P): EN 2.4: Demonstrate the correct method of performance and interpret tuning fork tests / Dr Poonji Gupta		OG18.3 Describe and discuss the diagnosis of birth asphyxia	IM 5.13 Enumerate the indications for ultrasound and other imaging studies including MRCP and ERCP	30.06.2022
Friday	PS 11.1 Enumerate and describe the magnitude and etiology of personality disorders. PS 11.4 Describe the treatment of personality	Ophthalmology - Lecture/ OP4.5 Enumerate the causes of corneal blindness correctly.	Clinical Posting (P): EN 2.5: Demonstrate the correct technique of examination of the nose & paranasal sinuses including the use of nasal speculum / Dr P Chatterji		Integrated Teaching as decided by AITo - IM4.2 - Describe and discuss the influence of special populations on the	Pediatrics/ Anaesthesia* - AST10.4- Define and describe common medical and medication errors in anaesthesia	01.07.2022
Saturday	OR4.1 Describe and discuss the clinical features, Investigation and principles of management of Tuberculosis	Pandemic Module 3.2:Interdisciplinary Collaboration, Principles of Public Health Administration, Health Economics, International Health, Community	Clinical Posting (P):EN 2.6: Demonstrate the correct technique of examining the throat including the use of a tongue depressor / Dr Sudhakar		Ophthalmology - Seminar/ OP8.3Demonstrate the correct technique of a fundus examination and describe and distinguish the fundoscopic features in a normal condition and in conditions causing an abnormal retinal exam		02.07.2022

Week 22

Monday	IM 5.14 Outline a diagnostic approach to liver disease based on hyperbilirubinemia, liver function changes and hepatitis	DR 18.1 Cutaneous features of Type 2 diabetes	Clinical Posting (P):EN 2.7: Demonstrate the correct technique of examination of neck including elicitation of laryngeal crepitus / Dr A	LUNCH	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases) ,10.9(Describe and discuss gender	04.07.2022	
Tuesday	OG13.1 Enumerate and discuss the physiology of normal labor, mechanism of labor in occipito-anterior presentation; monitoring of labor including	RD1.1 & 1.12 Understanding radiation its interaction with biological matter, value, importance & application of radiation protection.	Clinical Posting (P): EN 2.8: Demonstrate the correct technique to perform and interpret pure tone audiogram & impedance audiogram / Dr Poonji Gupta		Otorhinolaryngology - Tutorial/ EN 4.51: Observe and describe the care of the patient with a tracheostomy	AN9.2 Breast-Describe the location, extent, deep relations, structure, age changes, blood supply, lymphatic drainage	05.07.2022
Wednesday	PE14.3 Dr Rupa Singh Discuss the risk factors, clinical features, diagnosis and management of	Community Medicine -15.3(Describe National Mental Health program)	Clinical Posting (P): EN 2.9: Choose correctly and interpret radiological, microbiological & histological investigations relevant to the ENT		Forensic Medicine - P- SGD---FM4.7 Describe and discuss the ethics related to HIV patients FM4.8 Describe the Consumer Protection Act-1986 (Medical		06.07.2022
Thursday	SU17.9 Describe the clinical features and principles of management of chest injuries.	Otorhinolaryngology - Lecture/EN 4.20: Describe the clinical features, investigations and principles of management of Meniere's Disease	Clinical Posting (P):EN 2.10: Identify and describe the use of common instruments used in ENT surgery		OG19.4 Enumerate the indications for, describe the steps in and insert and remove an intrauterine device in a	IM 5.15 Assist in the performance and interpret the findings of an ascetic fluid analysis	07.07.2022
Friday	PS 11.6 Enumerate and describe the pharmacologic basis and side effects of drugs used in personality disorders. PS11.7 Enumerate	Ophthalmology - Lecture/ OP4.6 Enumerate the indications and the types of keratoplasty correctly.	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Sudhakar		Integrated Teaching as decided by AITo - IM4.2 - Describe and discuss the influence of special populations on the	PE1.4 Dr Rupa Singh Perform Anthropometric measurements, document in growth charts and interpret	08.07.2022
Saturday	OR5.1 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management	Pandemic Module 3.2:Interdisciplinary Collaboration, Principles of Public Health Administration, Health Economics, International Health, Community	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr A Jain		Ophthalmology - Seminar/ OP4.7 Enumerate the indications and describe the methods of tarsorrhaphy correctly.		09.07.2022

Week 23

Monday	IM 5.16 Describe and discuss the management of hepatitis, cirrhosis, portal hypertension, ascites spontaneous, bacterial	DR 18.2 Cutaneous features of hypo/hyper-thyroidism	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Poonji Gupta	LUNCH	Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),10.9(Describe and discuss gender	11.07.2022	
Tuesday	OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor.	RD1.2 Evaluation of imaging technology & its present role in diagnosis & management of various disease pattern.	Clinical Posting (P): EN 2.11: Describe and identify by clinical examination maglnant and Premalignant ENT disease / Dr P Chatterji		Otorhinolaryngology - Tutorial/ EN 4.52: Describe the Clinical features, Investigations and principles	AN10.4 Describe the anatomical groups of axillary lymph nodes and specify	12.07.2022
Wednesday	PE15.1 Dr Baljeet MainiDiscuss the fluid and electrolyte requirement in health and disease	Community Medicine -18.1(Define and describe the concept of International health)	Clinical Posting (P): EN 2.12: Counsel and administer informed consent to patients and their families in a simulated environment / Dr Sudhakar		Forensic Medicine - Lecture---FM4.9 Describe the medico - legal issues in relation to family violence, violation of human rights, NHRC and doctors FM4.10		13.07.2022
Thursday	SU18.1 Describe the pathogenesis, clinical features and management of various cutaneous and	Otorhinolaryngology - Lecture/EN 4.23: Describe the clinical features, investigations and principles of management of DNS	Clinical Posting (P): EN 2.13: Identify, Resuscitate and manage ENT emergencies in a simulated environment (including tracheostomy, anterior nasal		OG20.1 Enumerate the indications and describe and discuss the legal aspects, indications, methods for first	IM 5.17 Enumerate the indications, precautions and counsel patients on vaccination for hepatitis	14.07.2022
Friday	PS 12.1 Enumerate and describe the indications and etiology of psychosomatic disorders. PS12.4 Describe the treatment of psychosomatic	Ophthalmology - Lecture/ OP4.7 Enumerate the indications and describe the methods of tarsorrhaphy correctly.	Clinical Posting (P): EN 2.14: Demonstrate the correct technique to instilling topical medications into the ear, nose and throat in a simulated environment / Dr Poonji Gupta		Integrated Teaching as decided by AITo - MI2.4 - List the common microbial agents causing anemia. Describe the morphology, mode of	PE2.6 DR BALJEET MAINI Enumerate the referral criteria for growth related problems	15.07.2022

Week 24

Saturday	OR6.1 Describe and discuss the clinical features, investigations and principles of management of degenerative	Pandemic Module 3.2:Interdisciplinary Collaboration, Principles of Public Health Administration, Health Economics,	Clinical Posting (P): EN 2.15: Describe the national programs for prevention of deafness, cancer, noise & environmental pollution
Monday	IM 5.18 Enumerate the indications for hepatic transplantation	DR 18.1 Cutaneous features of Type 2 diabetes	Clinical Posting (P): EN 3.1: Observe and describe the indications for and steps involved in the performance of Otomicroscopic examination in a
Tuesday	OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor,	RD1.3 (a) Radiological methods in diagnosis & interpretation of upper respiratory tract diseases,	Clinical Posting (P): EN 3.2: Observe and describe the indications for and steps involved in the performance of diagnostic nasal Endoscopy / Dr
Wednesday	PE16.1 Dr BK Gaur Explain the components of Integrated Management of Neonatal and Childhood Illnesses (IMNCI)	Community Medicine -18.2(Describe roles of various international health agencies)	Clinical Posting (P): EN 3.3: Observe and describe the indications for and steps involved in the performance of Rigid/Flexible Laryngoscopy / Dr A
Thursday	SU18.2 Classify skin tumors Differentiate different skin tumors and discuss their management	Otorhinolaryngology - Lecture/EN 4.24: Enumerate the indications , observe and describe the steps in a Septoplasty	Clinical Posting (P): EN 3.4: Observe and describe the indications for and steps involved in the removal of foreign bodies from ear, nose & throat / Dr
Friday	PS 12.6 Enumerate and describe the pharmacologic basis and side effects of drugs used in psychosomatic disorders. PS12.7 Enumerate	Ophthalmology - Lecture/ OP4.9 Describe and discuss the importance and protocols involved in eye donation and eye banking correctly.	Clinical Posting (P):EN 3.5: Observe and describe the indications for and steps involved in the surgical procedures in ear, nose & throat
Saturday	OR7.1 Describe and discuss the aetiopathogenesis, clinical features, investigation and principles of management of	Pandemic Module 3.2:Interdisciplinary Collaboration, Principles of Public Health Administration, Health Economics,	Clinical Posting (P): EN 3.6: Observe and describe the indications for and steps involved in the skills of emergency procedures in ear, nose &
Monday	IM 6.2 Define and classify HIV AIDS based on the CDC criteria	DR 18.2 Cutaneous features of hypo/hyper-thyroidism	Clinical Posting (P): Unit-1 (Prof GS Jheeta)
Tuesday	OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM and postdated pregnancy	(b) Radiological methods in diagnosis & interpretation of esophageal disorders.	AS2.1- Enumerate the indications, describe the steps and demonstrate in a simulated environment, Basic Life Support in adults, children and neonates
Wednesday	PE17.1 Dr Rupa Singh State the vision and outline the goals, strategies and plan of action of NHM and other important national programs pertaining to maternal and	Community Medicine - 6.1(Formulate a research question for a study)	Clinical Posting (P): Unit-2- (Prof Rohit K Varshey)
Thursday	SU18.3 Describe and demonstrate the clinical examination of surgical patient including swelling and order relevant investigation for diagnosis. Describe and discuss	Otorhinolaryngology - Lecture/EN 4.25: Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	AS4.3- Observe and describe the principles and the practical aspects of induction and maintenance of anesthesia
Friday	PS13.1 Enumerate and describe the magnitude and etiology of psychosexual and gender identity disorders.PS13.4 Describe the treatment of psychosexual and gender	Ophthalmology - Lecture/ OP 5.1 Define, enumerate and describe the aetiology, associated systemic conditions, clinical features complications indications for referral and management of episcleritis	AS4.5- Observe and describe the
Saturday	OR8.1 Describe and discuss the aetiopathogenesis, clinical features,assessment and principles of management a patient with PostPolio Residual Paralysis	Pandemic Module 3.2:Interdisciplinary Collaboration, Principles of Public Health Administration, Health Economics, International Health - Community Medicine	AS4.7- Observe and describe the principles and the steps/ techniques involved in anesthesia outside the operating room
Monday	IM 6.4 Describe and discuss the pathogenesis, evolution and clinical features of common HIV related opportunistic infections	Dermatology - Lecture/ Tutorial/ Seminar/ Integrated Teaching/ Self Directed Learning	Clinical Posting (P):Unit-2- (Prof Rohit K Varshey)

LUNCH

LUNCH

Ophthalmology - Tutorial/ OP 4.9 Describe and discuss the importance and protocols involved in eye donation and eye banking correctly.	16.07.2022	
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),12.1(Define and describe the	18.07.2022	
Otorhinolaryngology - Tutorial/ EN 4.53: Describe the clinical features, investigations and principles	AN35.8 Describe the anatomically relevant clinical features of Thyroid swellings	19.07.2022
Forensic Medicine - Lecture---FM4.11 Describe and discuss euthanasia FM4.12 Discuss legal and ethical issues in relation to stem cell	20.07.2022	
OG20.3 Discuss Pre-conception and Pre Natal Diagnostic Techniques (PC& PNDT) Act 1994 & its	IM06.1 Describe and discuss the symptoms and signs of acute HIV seroconversion	21.07.2022
Integrated Teaching as decided by AITo - MI2.4 - List the common microbial agents causing anemia. Describe the morphology, mode of	PE9.5 DR BK GAUR Calculate the age related calorie requirement in Health and Disease and identify gap	22.07.2022
Ophthalmology - Seminar/ OP4.9 Describe and discuss the importance and protocols involved in eye donation and eye banking correctly.	23.07.2022	
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),12.3(Describe the prevention of health problems of aged population),12.4(Describe National program for elderly)	25.07.2022	
Otorhinolaryngology - Tutorial/EN 3.1: Observe and describe the indications for and steps involved in the performance of Otomicroscopic examination	AN44.1 Describe & demonstrate the Planes (transpyloric, transtuberular, substostal, lateral vertical, linea alba, linea	26.07.2022

FM4.14 Describe & discuss the challenges in managing medicolegal cases including development of skills in relationship	27.07.2022	
OG21.1 Describe and discuss the temporary and permanent methods of contraception, indications, technique and complications; selection of patients, side effects and	IM 6.3 Describe and discuss the relationship between CDC count and the risk of opportunistic infections	28.07.2022
Integrated Teaching as decided by AITo - IM4.18 - Enumerate the indications for use of imaging in the diagnosis of febrile syndromes; PE30.7 - Discuss	PE9.6 DR RUPA SINGH Assess and classify the nutrition status of infants, children and adolescents and recognize deviations	29.07.2022
Ophthalmology - Seminar/OP 5.1 Define, enumerate and describe the aetiology, associated systemic conditions, clinical features complications indications for referral and management of episcleritis	30.07.2022	
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),4.1(Describe various methods of health education with their advantages and limitations)	01.08.2022	

Week 25

Week 26

Tuesday	OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM and postdated pregnancy	RD1.4 (a) Role of ultrasonography in evaluation of fetal growth & pregnancy related disorders.	Clinical Posting (P): Unit-1 (Prof GS Jheeta) AS7.1- Visit, enumerate and describe the functions of an Intensive Care Unit AS7.3- Observe and describe the
Wednesday	PE18.1 Dr Baljeet Maini List and explain the components, plan, outcome of Reproductive Child Health (RCH) program and appraise its monitoring and evaluation	Community Medicine - 6.2(Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data)	Clinical Posting (P):Unit-2- (Prof Rohit K Varshney) AS7.4- Observe and describe the basic setup process of a ventilator AS7.5- Observe and describe the principles of monitoring in an ICU
Thursday	SU19.1 Describe the etiology and classification of cleft lip and palate	Otorhinolaryngology - Lecture/EN 4.2: Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS8.2- Elicit and determine the level, quality and quantity of pain and its tolerance in patient or surrogate AS9.1- Establish intravenous access in a
Friday	PS 14.1 Enumerate and describe the magnitude and etiology of psychiatric disorders occurring in childhood and adolescence. PS 14.3 Describe the treatment of	Ophthalmology - Lecture/ OP 5.2 Define, enumerate and describe the aetiology, associated systemic conditions, clinical features, complications, indications for referral and management of scleritis	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS9.2- Establish central venous access in a simulated environment AS9.3- Describe the principles of fluid therapy in the preoperative period
Saturday	OR9.1 Describe and discuss the aetiopathogenesis, clinical features, assessment and principles of management of Cerebral palsy patient	AETCOM Module 3.3: Case Study in Bioethics: Confidentiality - Eye	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS10.1- Enumerate the hazards of incorrect patient positioning AS10.2- Enumerate the hazards encountered in the perioperative period

LUNCH

Otorhinolaryngology - Tutorial/ EN 3.2: Observe and describe the indications for and steps involved in the performance of diagnostic nasal Endoscopy	AN44.4 Describe & demonstrate extent, boundaries, contents of Inguinal canal including Hesselbach's triangle	02.08.2022
Forensic Medicine - Lecture---FM9.3 Describe General Principles and basic methodologies in treatment of poisoning: decontamination, supportive therapy, antidote therapy, procedures of enhanced elimination with regard to Arsenic, lead, mercury, copper, iron, cadmium and thallium		03.08.2022
OG21.2 Describe & discuss PPIUCD programme	IM 6.5 Describe and discuss the pathogenesis, evolution and clinical features of common HIV related malignancies	04.08.2022
Integrated Teaching as decided by AITo - IM4.18 - Enumerate the indications for use of imaging in the diagnosis of febrile syndromes; PE30.7 - Discuss	PE9.7 DR BALJEET MAINI Plan an appropriate diet in health and disease	05.08.2022
Ophthalmology - Self Directed Learning OP5.2 / Define, enumerate and describe the aetiology, associated systemic conditions, clinical features, complications, indications for referral and management of scleritis		06.08.2022

Week 27

Monday	IM 6.6 Describe and discuss the pathogenesis, evolution and clinical features of common HIV related skin and oral lesions. IM 6.16 Discuss and describe the principles of	DR 17.1-17.4 Nutritional Deficiencies and Skin; DR 15.3 Psoriasis	Clinical Posting (Psychiatry) DOAP session PS1.1 Establish rapport and empathy with patients. PS1.3 Demonstrate breaking of bad news in a simulated environment. PS1.4 Describe and demonstrate the importance of
Tuesday	OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM and postdated pregnancy	(b) Radiological methods in diagnosis & interpretation of various gynecological conditions.	PS3.3 Elicit, present and document a history in patients presenting with a mental disorders. PS3.4 Describe the importance of establishing rapport with patients. PS3.5 perform, demonstrate and document a minimal
Wednesday	PE19.1 DR BK Gaur Explain the components of the Universal Immunization Program and the National Immunization Program	Community Medicine -6.3(Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs)	PS4.2 Elicit, describe and document clinical features of alcohol and substance use disorders. PS 4.3 Enumerate and describe the indications and other tests used in alcohol and substance abuse disorders PS4.5 Demonstrate family education in
Thursday	Holiday		
Friday	PS 14.5 Enumerate and describe the pharmacologic basis and side effects of drugs used in psychiatric disorders occurring in childhood and adolescence. PS 14.6 Enumerate	Ophthalmology - Lecture/ OP 6.1 Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non-granulomatous inflammation. Identify	PS7.2 Enumerate, elicit, describe and document clinical features in patients with bipolar disorders. PS7.3 Enumerate and describe the indications and interpret laboratory and other tests used in bipolar disorders. PS7.5 Demonstrate
Saturday	OR10.1 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of benign and malignant bone tumours and pathological	AETCOM Module 3.3: Case Study in Bioethics: Confidentiality - Eye	PS8.2 Enumerate, elicit, describe and document clinical features in patients with anxiety disorders. PS8.3 Enumerate and describe the indications and interpret laboratory and other tests used in anxiety disorders. PS8.5
Monday	Holiday		
Tuesday	OG14.3 Describe and discuss rupture uterus, causes, diagnosis and management	RD1.13 PCPNDT act in Nutshell.	PS10.2 Enumerate, elicit, describe and document clinical features in patients with somatoform, dissociative and conversion disorders. PS10.3 Enumerate and describe the indications and interpret laboratory and other tests used

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases), 4.2(Describe the methods of organizing health promotion and education and counseling activities at individual family and community settings)		08.08.2022
Otorhinolaryngology - Tutorial/ EN 3.3: Observe and describe the indications for and steps involved in the performance of Rigid/Flexible Laryngoscopy	AN44.7 Enumerate common Abdominal incisions; SU19.2 Describe the Principles of reconstruction of cleft lip and palate	09.08.2022
Forensic Medicine - Lecture---FM4.16 Describe and discuss Bioethics FM4.17 Describe and discuss ethical Principles: Respect for autonomy, non- maleficence, beneficence & justice FM5.3 Describe Civil and criminal Liability of a mental health professional		10.08.2022
Holiday		11.08.2022
Integrated Teaching as decided by AITo - IM4.18 - Enumerate the indications for use of imaging in the diagnosis of febrile syndromes; PE30.7 - Discuss	PE11.5 DR BK GAUR Calculate BMI, document in BMI chart and interpret	12.08.2022
Ophthalmology - Self Directed Learning / OP 6.1 Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non-granulomatous inflammation. Identify acute iridocyclitis from chronic condition		13.08.2022
Holiday		15.08.2022
Otorhinolaryngology - Tutorial/ EN 3.4: Observe and describe the indications for and steps involved in the removal of foreign bodies from ear, nose & throat	AN47.7 Mention the clinical importance of Calot's triangle	16.08.2022

Week 28

Wednesday	PE19.4 Dr Rupa Singh Define cold chain and discuss the methods of safe storage and handling of vaccines; PE11.6 Discuss criteria for referral	Community Medicine - 6.4(Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion)	PS11.2 Enumerate, elicit, describe and document clinical features in patients with personality disorders. PS11.3 Enumerate and describe the indications and interpret laboratory and other tests used in personality disorders. PS11.5
Thursday	SU20.1 Describe etiopathogenesis of oral cancer symptoms and signs of oropharyngeal cancer	Otorhinolaryngology - Lecture/EN 4.28: Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	PS12.2 Enumerate, elicit, describe and document clinical features in patients with magnitude and etiology of psychosomatic disorders. PS12.3 Enumerate and describe the indications and interpret laboratory and other tests
Friday	Holiday		
Saturday	OR11.1 Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of peripheral nerve injuries in diseases like foot drop, wrist	AETCOM Module 3.3: Case Study in Bioethics: Confidentiality - Eye	PS14.2 Enumerate, elicit, describe and document clinical features in patients with psychiatric disorders occurring in childhood and adolescence. PS14.4 Demonstrate family education in a patient with psychiatric disorders

LUNCH

Forensic Medicine - Lecture----FM4.18 Describe and discuss medical negligence including civil and criminal negligence, contributory negligence, corporate negligence, vicarious liability, Res Ipsa Loquitur, prevention of medical negligence and defenses in medical negligence litigations		17.08.2022
OG21.1 Describe and discuss the temporary and permanent methods of contraception, indications, technique and complications; selection of patients, side effects and	IM 6.13 Describe and enumerate the indications and side effects of drugs for bacterial, viral and other types of diarrhea; IM 6.17 Discuss and describe the	18.08.2022
Holiday		
Ophthalmology - Seminar/OP 6.2 Identify and distinguish acute iridocyclitis from chronic iridocyclitis		20.08.2022

Second Terminal Exam 22.08.2022 - 03.09.2022

Week 29

Monday	IM 6.18 Enumerate the indications and discuss prophylactic drugs used to prevent HIV related opportunistic infections	DR 14.1, 14.5 Urticaria and angioedema	IM9.19: Assist a blood transfusion Unit - 1
Tuesday	OG14.4 Describe and discuss the classification; diagnosis; management of abnormal labor	RD1.5 (a) Chest: Infection – Radiological methods of investigation & interpretation.	IM9.20: Communicate and counsel patients with methods to prevent nutritional anaemia Unit - 3
Wednesday	PE19.8 Dr Baljeet Maini Demonstrate willingness to participate in the National and sub national immunisation days	Community Medicine - 7.7(Describe and demonstrate the steps in the Investigation of an epidemic of communicable disease and describe the principles of control measures)	IM10.12: Elicit document and present a medical history that will differentiate the etiologies of disease, distinguish acute and chronic disease, identify predisposing conditions, nephrotoxic drugs and systemic causes
Thursday	SSU20.2 Enumerate the appropriate investigations and discuss the Principles of treatment	Otorhinolaryngology - Lecture/EN 4.29: Elicit, document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	IM10.13: Perform a systemic examination that establishes the diagnosis and severity including determining of volume status, presence of edema and heart failure, features of uremia and associated systemic disease.
Friday	PS16.1 Enumerate and describe common psychiatric disorders in the elderly including dementia, depression and psychosis. PS16.2 Describe the aetiology and magnitude of	Ophthalmology - Lecture/ OP 6.3 Enumerate systemic conditions that can present as iridocyclitis and describe their ocular manifestations	IM10.14: Generate a differential diagnosis and prioritise based on clinical features that suggest specific etiology Unit - 4
Saturday	OR12.1 Describe and discuss the clinical features, investigations and principles of management of Congenital and acquired malformations and deformities of: a. limbs and	AETCOM Module 3.3: Case Study in Bioethics: Confidentiality - Eye	IM10.18: Identify the ECG findings in Hyperkalemia. Unit - 2
Monday	IM 7.2 Describe the genetic basis of autoimmune disease	DR 12.1, 12.3, 12.4 Eczema	IM10.19: Enumerate the indications and describe the findings in renal ultrasound. Unit - 1
Tuesday	OG14.4 Describe and discuss the classification; diagnosis; management of abnormal labor	(b) Chest: Neoplastic lesion, Radiological methods of diagnosis & interpretation.	IM10.20: Describe and discuss the indications to perform arterial blood gas analysis; interpret the data. Unit - 3

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases), 4.3(Demonstrate and describe the steps in evaluation of health promotion and education program	05.09.2022	
Otorhinolaryngology - Tutorial/ EN 3.5: Observe and describe the indications for and steps involved in the surgical procedures in ear, nose & throat	AN55.2 Demonstrate the surface projections of: stomach, liver, fundus of gall bladder, spleen, duodenum, pancreas, ileocaecal junction.	06.09.2022
Forensic Medicine - Lecture----FM4.19 Define Consent. Describe different types of consent and ingredients of informed consent. Describe the rules of consent and importance of consent in relation to age, emergency situation, mental illness and alcohol intoxication FM4.20	07.09.2022	
OG22.2 Describe and discuss the etiology (with special emphasis on Candida, T. vaginalis, bacterial vaginosis), characteristics, clinical diagnosis, investigations,	IM 7.1 Describe the pathophysiology of autoimmune disease	08.09.2022
Integrated Teaching as decided by AITo - MI7.1 - Describe the etio-pathogenesis and discuss the laboratory diagnosis of infections of genitourinary	PE12.3 DR BALJEET MAINI Identify the clinical features of dietary deficiency / excess of Vitamin A	09.09.2022
Ophthalmology - Seminar/ OP 6.3 Enumerate systemic conditions that can present as iridocyclitis and describe their ocular manifestations	10.09.2022	
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases), 3.6(Describe the role of vectors in the causation of diseases. Also discuss National Vector Borne disease Control Program), 4.3(Demonstrate and describe the steps in evaluation of health promotion and	12.09.2022	
Otorhinolaryngology - Tutorial/ EN 3.6: Observe and describe the indications for and steps involved in the skills of emergency procedures in ear, nose & throat	PA6.3 Define and describe shock, its pathogenesis and its stages	13.09.2022

Week 30

Wednesday	PE20.1 Dr BK Gaur Define the common neonatal nomenclatures including the classification and describe the characteristics of a Normal Term Neonate and High Risk Neonates	Community Medicine -7.6(Enumerate and evaluate the need of screening tests)	IM10.21: Describe and discuss the indications for and insert a peripheral intravenous catheter. Unit - 5
Thursday	SU21.1 Describe surgical anatomy of the salivary glands, pathology, and clinical presentation of disorders of salivary glands	Otorhinolaryngology - Lecture/EN 4.30: Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	IM10.22: Describe and discuss the indications, demonstrate in a model and assist in the insertion of a central venous or a dialysis catheter. Unit - 1
Friday	PS 15.1 Describe the aetiology and magnitude of mental retardation. PS 15.2 Describe and discuss intelligence quotient and its measurement. PS15.4 Describe the	Ophthalmology - Lecture/ OP6.4 Describe and distinguish hyphema and hypopyon	IM10.23: Communicate diagnosis treatment plan and subsequent followup to patients Unit - 4
Saturday	AN2.4 Describe various types of cartilage with its structure & distribution in body	AETCOM Module 3.3: Case Study in Bioethics: Confidentiality - Eye	IM10.24: Counsel patients on renal diet. Unit - 2

LUNCH

Forensic Medicine - Lecture----FM4.22 Explain Oath – Hippocrates, Charaka and Sushruta and procedure for administration of Oath. FM4.23 Describe the modified Declaration of Geneva and its relevance FM4.24	14.09.2022	
OG23.1 Describe and discuss the physiology of puberty, features of abnormal puberty, common problems and their management	IM 7.3 Classify cause of joint pain based on the pathophysiology	15.09.2022
Integrated Teaching as decided by AITo - MI7.1 - Describe the etio-pathogenesis and discuss the laboratory diagnosis of infections of genitourinary system. OP2.2 Describe the	PEI2.4 DR BK GAUR Diagnose patients with Vitamin A deficiency, classify and plan management	16.09.2022
Ophthalmology - Self Directed Learning/ OP 6.4 Describe and distinguish hyphema and hypopyon		17.09.2022

Week 31

Monday	IM 7.4 Develop a systematic clinical approach to joint pain based on the pathophysiology	DR 11.1, 11.3 HIV	Clinical Posting (P):Unit-1 DR 1.1 , 1.3 Dr Anuj Acne vulgaris
Tuesday	OG14.4 Describe and discuss the classification; diagnosis; management of abnormal labor	(c) Radiological interpretation of congenital heart disease.	Clinical Posting (P): Unit-2 DR 2.2 Dr Dilip Vitiligo vulgaris
Wednesday	PE20.7 Dr Rupa Singh Discuss the etiology, clinical features and management of Birth asphyxia	Community Medicine - 10.2(Enumerate and describe the methods of screening high risk groups and common health problems)	Clinical Posting (P):nit-3- DR3.3 Dr Vinita Psoriasis
Thursday	SU21.2 Enumerate the appropriate investigations and describe the Principles of treatment of disorders of salivary glands	Otorhinolaryngology - Lecture/EN 4.31: Describe the clinical features, investigations and principles of management of trauma to the face & neck	Clinical Posting (P): Unit-4-DR 4.2 Dr Arjun Lichen planus Dr Arjun
Friday	PS17.1 Enumerate and describe the recognition and clinical presentation of psychiatric emergencies (Suicide, Deliberate Self Harm, Violent	Ophthalmology - Tutorial/ OP6.5 Describe and discuss the angle of the anterior chamber and its clinical correlates	Clinical Posting (P): Unit-5 DR 5.1, 5.3 Dr Anuj Scabies
Saturday	AN2.5 Describe various joints with subtypes and examples	AETCOM Module 3.3: Case Study in Bioethics: Fiduciary Duty- Forensic Medicine	Clinical Posting (P):Unit- DR 6.1 Dr Dilip Pediculosis
Monday	IM 7.6 Discriminate, describe and discuss arthralgia from arthritis and mechanical from inflammatory causes of joint pain	DR 10.9-11 Syndromic management of STDs	Clinical Posting (P):Unit-1 DR 7.1, 7.3 Dr Vinita Fungal infections
Tuesday	OG14.4 Describe and discuss the classification; diagnosis; management of abnormal labor	(d) Radiological interpretation of acquired heart diseases – Ischemic & Non-ischemic.	Clinical Posting (P): Unit-2 DR 8.1, 8.7 Dr Arjun Viral infections

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,19.1(Define and describe the concept of Essential Medicine List (EML)		19.09.2022
Otorhinolaryngology - Tutorial/ EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	PA19.2 Describe the pathogenesis and pathology of tuberculous lymphadenitis	20.09.2022
Forensic Medicine -P-SGD- FM6.1 Describe different types of specimen and tissues to be collected both in the living and dead: Body fluids (blood, urine, semen, faces saliva), Skin, Nails, tooth pulp, vaginal smear, viscera, skull, specimen for Histo-pathological examination, blood grouping, HLA Typing and DNA		21.09.2022
OG23.2 Enumerate the causes of delayed puberty. Describe the investigation and management of common causes	IM 7.5 Describe and discriminate acute, subacute and chronic causes of joint pain	22.09.2022
Integrated Teaching as decided by AITo - PA26.4 - Define and describe the etiology, types, pathogenesis, stages, morphology, microscopic	PEI2.8 DR RUPA SINGH Identify the clinical features of dietary deficiency of Vitamin D	23.09.2022
Ophthalmology - Self Directed Learning OP 6.5 Describe and discuss the angle of the anterior chamber and its clinical correlates		24.09.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,19.2(Describe roles of essential medicine in primary health care),19.3(Describe counterfeit medicine and its prevention)		26.09.2022
Otorhinolaryngology - Tutorial/ EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	PA19.6 Enumerate and differentiate the causes of splenomegaly	27.09.2022

Week 32

Wednesday	PE20.8 Dr Baljeet Maini Discuss the etiology, clinical features and management of respiratory distress in New born including meconium aspiration and	Community Medicine - 16.1(Define and describe the concept of Health planning),16.2(Describe planning cycle)	Clinical Posting (P):Unit-3-DR 9.1 Dr Anuj Classify, describe the epidemiology, aetiology, microbiology, pathogenesis, clinical presentations and diagnostic features of Leprosy
Thursday	SU22.1 Describe the applied anatomy and physiology of thyroid	Otorhinolaryngology - Lecture/EN 4.32: Describe the clinical features, investigations and principles of management of nasopharyngeal Angiofibroma	Clinical Posting (P): Unit-4- DR 9.4 Dr Dilip Enumerate, describe and identify lepra reactions and supportive measures and therapy of lepra reactions
Friday	PS 18.1 Enumerate the indications and describe the pharmacology,dose and side effects of commonly use drugs in psychiatric disorders.	Ophthalmology - Seminar/ OP 6.7 Enumerate and discuss the aetiology, the clinical distinguishing features of various glaucomas associated with shallow and deep anterior chamber. Choose appropriate investigations and	Clinical Posting (P):Unit-5DR 9.5, 9.6 Dr Vinita Management of leprosy
Saturday	AN8.4 Demonstrate important muscle attachment on the given bone	AETCOM Module 3.3: Case Study in Bioethics: Fiduciary Duty- Forensic Medicine	Clinical Posting (P):Unit- DR 9.7 Dr Arjun Complications of Leprosy
Monday	IM 7.8 Determine the potential causes of joint pain based on the presenting features of joint involvement	DR 10.6 Chancroid, donovanosis and LGV	Clinical Posting (P): (4 weeks Eye OPI.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.
Tuesday	OG16.1 Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in postpartumhaemorrhage	RD1.6 (a) Various radiological investigation & its clinical utility in GIT conditions. g	Clinical Posting (P): (4 weeks Eye OPI.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.
Wednesday	Holiday		
Thursday	SU22.2 Describe the etiopathogenesis of thyroidal swellings	Otorhinolaryngology - Lecture/EN 4.33: Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	Clinical Posting (P): (4 weeks Eye OPI.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.
Friday	PS 18.1 Enumerate the indications and describe the pharmacology,dose and side effects of commonly use drugs in psychiatric disorders.	Ophthalmology - Seminar/ OP 6.8 Enumerate and choose the appropriate investigation for patients with conditions affecting the Uvea	Clinical Posting (P): (4 weeks Eye OPI.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.
Saturday	AN8.6 Describe scaphoid fracture and explain the anatomical basis of avascular necrosis	AETCOM Module 3.3: Case Study in Bioethics: Fiduciary Duty- Forensic Medicine	Clinical Posting (P): (4 weeks Eye OPI.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.
Monday	IM 7.10 Describe the systemic manifestations of rheumatologic disease	DR 10.3. 10.4 Syphilis	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.
Tuesday	OG16.1 Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in postpartumhaemorrhage	(b) Radiological approach in abdominal Tuberculosis.	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.

LUNCH

LUNCH

Week 33

Forensic Medicine -P-SGD--FM8.1 Describe the history of Toxicology FM8.2 Define the terms Toxicology, Forensic Toxicology, Clinical Toxicology and poison FM8.3		28.09.2022
OG23.3 Enumerate the causes of precocious puberty	IM 7.7 Discriminate, describe and discuss distinguishing articular from periarticular complaints	29.09.2022
Integrated Teaching as decided by AITo - PA26.4 - Define and describe the etiology, types, pathogenesis, stages, morphology, microscopic	PE12.9 DR BALJEET MAINI Assess patients with Vitamin D deficiency, diagnose, classify and plan management	20.09.2022
Ophthalmology - Tutorial/ OP 6.7 Enumerate and discuss the aetiology, the clinical distinguishing features of various glaucomas associated with shallow and deep anterior chamber. Choose appropriate investigations and treatment for patients with above conditions.		01.10.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases		03.10.2022
Otorhinolaryngology - Tutorial/ EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	MI1.4 Classify and describe the different methods of sterilization and disinfection. Discuss the application of the different methods in the	04.10.2022
Holiday		05.10.2022
OG24.1 Define, classify and discuss abnormal uterine bleeding, its aetiology, clinical features, investigations, diagnosis and management	IM 7.9 Describe the common signs and symptoms of articular and periarticular diseases	06.10.2022
Integrated Teaching as decided by AITo - PH1 45 - Describe the drugs used in MDR and XDR Tuberculosis; PE34.1 - Discuss the epidemiology, clinical features, clinical	PE13.4 DR BK GAUR Interpret hemogram and Iron Panel; PE20.9 Discuss the etiology, clinical features and management of Birth	07.10.2022
Ophthalmology - Tutorial/ OP 6.8 Enumerate and choose the appropriate investigation for patients with conditions affecting the Uvea		08.10.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases		10.10.2022
Otorhinolaryngology - Tutorial/ EN 1.1: Anatomy & physiology of ear, nose, throat, head & neck	AS3.1 Describe the principles of preoperative evaluation	11.10.2022

Week 34

Wednesday	PE20.11 Dr Rupa Singh Discuss the clinical characteristics, complications and management of Low birth weight (preterm and Small for gestation)	Community Medicine -16.3(Describe Health management techniques); 16.4(Describe health planning in India and National policies related to health and health planning)	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.
Thursday	SU22.3 Demonstrate and document the correct clinical examination of thyroid swellings and discuss the differential diagnosis and their management	Otorhinolaryngology - Lecture/EN 4.34: Describe the clinical features, investigations and principles of management of Tumors of Maxilla	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.
Friday	PS 18.1 Enumerate the indications and describe the pharmacology,dose and side effects of commonly use drugs in psychiatric disorders.	Ophthalmology - Seminar/OP6.10 Choose the correct local and systemic therapy for conditions of the anterior chamber and enumerate their indications, adverse events and interactions accurately.	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.
Saturday	AN10.12 Describe and demonstrate Shoulder joint for- type, articular surfaces, capsule, synovial membrane, ligaments, relations, movements, muscles involved,	AETCOM Module 3.3: Case Study in Bioethics: Fiduciary Duty- Forensic Medicine	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.

LUNCH

Forensic Medicine - P---SGD--FM14.16 To examine & prepare medico-legal report of drunk person in a simulated/ supervised environment FM14.21 To collect, preserve, seal and dispatch exhibits for DNA-Finger printing using various formats of different	12.10.2022
OG27.1 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of sexually transmitted Infections. Integrated Teaching as decided by AITo - PH1 45 - Describe the drugs used in MDR and XDR Tuberculosis; PE34.1 - Discuss the epidemiology, clinical	IM 8.1 Describe and discuss the epidemiology, aetiology and the prevalence of primary and secondary hypertension 13.10.2022
PE13.5 DR RUPA SINGH Propose a management plan for Fe deficiency anaemia	14.10.2022
Ophthalmology - Tutorial / OP6.10 Choose the correct local and systemic therapy for conditions of the anterior chamber and enumerate their indications, adverse events and interactions accurately.	15.10.2022

Week 35

Monday	IM 8.2 Describe and discuss the pathophysiology of hypertension	DR 9.7 Complications of Leprosy	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary
Tuesday	OG16.2 Describe and discuss uterine inversion – causes, prevention, diagnosis and management.	(c) Radiological methods of evaluation in various acute abdominal conditions.	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary
Wednesday	PE20.12 Dr Baljeet Maini Discuss the temperature regulation in neonates, clinical features and management of Neonatal Hypothermia	Community Medicine -8.5(Describe and discuss the principles of planning, implementing and evaluating control measures for disease at community level bearing in mind the public health importance of the disease)	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary
Thursday	SU22.4 Describe the clinical features, classification and principles of management of thyroid cancer	Otorhinolaryngology - Lecture/EN 4.35: Describe the clinical features, investigations and principles of management of Tumors of Nasopharynx	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary
Friday	PS 18.2 Enumerate the indications for modified electroconvulsive therapy.	Ophthalmology - Seminar/ OP7.1 Describe the surgical anatomy and the metabolism of the lens	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.
Saturday	AN11.4 Describe the anatomical basis of Saturday night paralysis	AETCOM Module 3.3: Case Study in Bioethics: Fiduciary Duty- Forensic Medicine	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	17.10.2022
Otorhinolaryngology - Tutorial/ EN 1.2. Describe the pathophysiology of common diseases in ENT	AS3.2 Elicit, present and document an appropriate history including medication history in a patient undergoing Surgery as it pertains to a 18.10.2022
Forensic Medicine -P--SGD--FM9.4 Describe General Principles and basic methodologies in treatment of poisoning: decontamination, supportive therapy, antidote therapy, procedures of enhanced elimination with regard to Ethanol, methanol, ethylene glycol	19.10.2022
OG27.1 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of sexually	IM 8.3 Describe and discuss the genetic basis of hypertension 20.10.2022
Integrated Teaching as decided by AITo - PE34.2 - Discuss the various diagnostic tools for childhood tuberculosis; PH1.55 - Describe and discuss the	PE15.3 DR BALJEET MAINI Calculate the fluid and electrolyte requirement in health 21.10.2022
Ophthalmology - Tutorial /OP 7.1 Describe the surgical anatomy and the metabolism of the lens	22.10.2022

Diwali Vacations 24.10.2022-29.10.2022

Monday	IM 8.4 Define and classify hypertension	DR 9.5, 9.6 Management of leprosy	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.
Tuesday	OG17.1 Describe and discuss the physiology of lactation	(d) Radiological approach to diagnosis of intestinal malignancies.	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases.8.3(Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case)	31.10.2022
Otorhinolaryngology - Tutorial/ EN 2.1: Elicit document and present an appropriate history in a patient presenting with an ENT complaint	AS3.3 Demonstrate and document an appropriate clinical examination in a patient undergoing General Surgery 01.11.2022

Week 36

Wednesday	PE20.15 Dr BK Gaur Discuss the etiology, clinical features and management of Neonatal seizures	Community Medicine -17.1(Define and describe the concept of health care to community)	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)
Thursday	SU22.5 Describe the applied anatomy of parathyroid	Otorhinolaryngology - Lecture/EN 4.36: Describe the clinical features, investigations and principles of management of diseases of the Salivary glands	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)
Friday	PS 18.3 Enumerate and describe the principles and role of psychosocial interventions in psychiatric illness including psychotherapy, behavioural therapy and rehabilitation.	Ophthalmology - Lecture/ OP7.2 Describe and discuss the aetio-pathogenesis, stages of maturation and complications of cataract	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)
Saturday	AN17.2 Describe anatomical basis of complications of fracture neck of femur.	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)
Monday	IM 8.6 Define, describe and discuss and recognise hypertensive urgency and emergency	DR 9.4 Enumerate, describe and identify lepra reactions and supportive measures and therapy of lepra reactions	Clinical Posting (P)CM 1.1(Define & describe the concept of public health)

LUNCH

Forensic Medicine - P--SGD--FM9.5 Describe General Principles and basic methodologies in treatment of poisoning: decontamination, supportive therapy, antidote therapy, procedures of enhanced elimination with regard to Organophosphates, Carbamates, Organochlorines, Pyrethroids, Paraquat, Aluminium and		02.11.2022
OG27.2 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of genital tuberculosis; OG17.3 Describe	IM 8.5 Describe and discuss the differences between primary and secondary hypertension	03.11.2022
Integrated Teaching as decided by AITo - PE34.2 - Discuss the various diagnostic tools for childhood tuberculosis; PH1.55 - Describe and discuss the	PE15.4 DR BK GAUR Interpret electrolyte report	04.11.2022
Ophthalmology - Tutorial/ OP7.2 Describe and discuss the aetio-pathogenesis, stages of maturation and complications of cataract		05.11.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,		07.11.2022
Holiday		08.11.2022
Forensic Medicine - P--SGD--FM9.6 Describe General Principles and basic methodologies in treatment of poisoning: decontamination, supportive therapy, antidote therapy, procedures of enhanced elimination with regard to Ammonia, carbon monoxide, hydrogen cyanide & derivatives, methyl isocyanate, tear		09.11.2022
OG27.3 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of HIV	IM 8.7 Describe and discuss the clinical manifestations of the various aetiologies of secondary causes of hypertension	10.11.2022
Integrated Teaching as decided by AITo - CT1.15 - Prescribe an appropriate antituberculosis regimen based on the location of disease, smear	PE15.5 DR RUPA SINGH Calculate fluid and electrolyte imbalance	11.11.2022
Ophthalmology - Tutorial/ OP8.1 Discuss the aetiology, pathology, clinical features and management of vascular occlusions of the retina		12.11.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,		14.11.2022
Otorhinolaryngology - Tutorial/ EN 2.3: Demonstrate the correct technique of examination of the ear including Otoscopy	AS3.5 Determine the readiness for General Surgery in a patient based on the preoperative evaluation	15.11.2022

Week 37

Tuesday	Holiday		
Wednesday	PE20.17 Dr Rupa Singh Discuss the etiology, clinical features and management of Perinatal infections	Community Medicine -17.2(Describe community diagnosis)	Clinical Posting (P):CM :4(Define, calculate and interpret morbidity and mortality indicators based on given set of data)
Thursday	SU22.6 Describe and discuss the clinical features of hypo- and hyperparathyroidism and the principles of their management	Otorhinolaryngology - Lecture/EN 4.37: Describe the clinical features, investigations and principles of management of Ludwig's angina	Clinical Posting (P)CM :7.5(Enumerate, define, describe and discuss epidemiological study designs),7.6(Enumerate and evaluate the need of screening tests)
Friday	PS 18.3 Enumerate and describe the principles and role of psychosocial interventions in psychiatric illness including psychotherapy, behavioural therapy and rehabilitation.	Ophthalmology - Seminar/ OP8.1 Discuss the aetiology, pathology, clinical features and management of vascular occlusions of the retina	Clinical Posting (P)CM :6.1(Formulate a research question for a study),6.2(Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of
Saturday	AN17.3 Describe dislocation of hip joint and surgical hip replacement	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P):CM :6.3(Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs)
Monday	IM 8.8 Describe, discuss and identify target organ damage due to hypertension	DR 9.1 Classify, describe the epidemiology, aetiology, microbiology, pathogenesis, clinical presentations and diagnostic features of Leprosy	Clinical Posting (P)CM :6.4(Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion)
Tuesday	OG19.1 Describe and discuss the physiology of puerperium, its complications, diagnosis and management; counselling for contraception, puerperal sterilization	RD1.7 - (a) Imaging & interpretation of metabolic bone diseases; RD1.8 Radiological methods in oncological diagnosis & evaluation (Nuclear Medicine).	Clinical Posting (P)CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)

LUNCH

Week 38

Wednesday	PE20.19 Dr Baljeet Maini Discuss the etiology, clinical features and management of Neonatal hyperbilirubinemia	Community Medicine - 17.3(Describe primary health care, its components and principles)	Clinical Posting (P):CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)
Thursday	SU23.1 Describe the applied anatomy of adrenal glands	Otorhinolaryngology - Lecture/EN 4.38: Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of type	Clinical Posting (P):CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)
Friday	PS 19.1 Describe the relevance, role and status of community psychiatry.	Ophthalmology - Tutorial / OP 8.2 Enumerate the indications for laser therapy in the treatment of retinal diseases (including retinal detachment, retinal degenerations, diabetic retinopathy & hypertensive	Clinical Posting (P):CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)
Saturday	AN18.6 Describe knee joint injuries with its applied anatomy	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P):CM :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)

LUNCH

Forensic Medicine - P-- SGD - FM10.1 Describe General Principles and basic methodologies in treatment of poisoning: decontamination, supportive therapy, antidote therapy, procedures of enhanced elimination with regard to: i. Antipyretics – Paracetamol, Salicylates	16.11.2022
OG27.3 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of HIV	IM 8.20 Determine the need for specialist consultation
Integrated Teaching as decided by AITo - CT1.15 - Prescribe an appropriate antituberculosis regimen based on the location of disease, smear	PE21.11 DR BALJEET MAINI Perform and interpret the common analytes in a Urine examination
Ophthalmology -Tutorial / OP8.2 Enumerate the indications for laser therapy in the treatment of retinal diseases (including retinal detachment, retinal degenerations, diabetic retinopathy & hypertensive retinopathy)	19.11.2022

Week 39

Monday	IM 9.1 Define, describe and classify anaemia based on red blood cell size and reticulocyte count	DR 8.1, 8.7 Viral infections	Clinical Posting (P)CM : :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)
Tuesday	OG19.1Describe and discuss the physiology of puerperium, its complications, diagnosis and management, counselling for contraception, puerperal sterilization	RD1.9 Role of interventional radiology in various common clinical conditions.	Clinical Posting (P):: CM 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)
Wednesday	PE21.1 Dr BK Gaur Enumerate the etio-pathogenesis, clinical features, complications and management of Urinary Tract infection in children	Community Medicine - 17.4(Describe National policies related to health and health planning and millennium development goals)	Clinical Posting (P): : 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India),10.5(Describe Universal Immunization Program)
Thursday	SU23.2 Describe the etiology, clinical features and principles of management of disorders of adrenal gland	Otorhinolaryngology - Lecture/EN 4.39: Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)
Friday	PS 19.2 Describe the objectives strategies and contents of the National Mental issues. PS19.3 Describe and discuss the basic legal issues in psychiatry.	Ophthalmology - Seminar/ OP8.4 Enumerate and discuss treatment modalities in management of diseases of the retina.	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)
Saturday	AN18.7 Explain anatomical basis of Osteoarthritis	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P)CM : :8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension,
Monday	IM 9.7 Describe and discuss the meaning and utility of various components of the hemogram	DR 7.1, 7.3 Fungal infections	Clinical Posting (P)CM : :8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension,
Tuesday		RD1.10 (a) Imaging in head trauma & stroke.	Clinical Posting (P): CM 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension,

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,	21.11.2022
Otorhinolaryngology - Tutorial/ EN 2.4: Demonstrate the correct method of performance and interpret tuning fork tests; Tutorial/ EN 2.2: Demonstrate the correct	AS6.3 Describe the common complications encountered by patients in the recovery room, their recognition and principles of management
Forensic Medicine -P-SGD-FM11.1 Describe features and management of Snake bite, scorpion sting, bee and wasp sting and spider bite	23.11.2022
OG29.1 Describe and discuss the etiology; pathology; clinical features; differential diagnosis; investigations; principles of management, complications of fibroid uterus	IM 9.2 Describe and discuss the morphological characteristics, aetiology and prevalence of each of the causes of anaemia
Integrated Teaching as decided by AITo - CT1.15 - Prescribe an appropriate antituberculosis regimen based on the location of disease, smear	PE21.12 DR BK GAUR Interpret report of Plain X Ray of KUB
Ophthalmology - Tutorial /OP 8.4 Enumerate and discuss treatment modalities in management of diseases of the retina.	26.11.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases,	28.11.2022
Otorhinolaryngology - Tutorial/ EN 2.5: Demonstrate the correct technique of examination of the nose & paranasal sinuses including the use of nasal speculum	AS9.3 Describe the therapy in the preoperative period

Week 40

Wednesday	PE21.2 Dr Rupa Singh Enumerate the etio-pathogenesis, clinical features, complications and management of acute post-streptococcal Glomerular Nephritis in	Community Medicine -17.5(Describe health care delivery in India)	Clinical Posting (P)CM : 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension,
Thursday	SU23.3 Describe the clinical features, principles of investigation and management of Adrenal tumors	Otorhinolaryngology - Lecture/EN 4.41: Describe the clinical features, investigations and principles of management of Acute & chronic abscesses in relation to Pharynx	Clinical Posting (P)CM :2.1(Define and describe the concept of Geriatric services),12.2(Describe health problems of aged population),12.3(Describe the prevention of health problems of aged population)
Friday	PS19.4 Enumerate and Describe the salient features of the prevalent mental health laws in India.	Ophthalmology - Seminar / OP8.5 Describe and discuss the correlative anatomy, aetiology, clinical manifestations, diagnostic tests, imaging and management of diseases of the optic nerve and visual pathway	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)
Saturday	AN19.4 Explain the anatomical basis of rupture of calcaneal tendon	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)

LUNCH

Forensic Medicine - P-- SGD--FM12.1 Describe features and management of abuse/poisoning with following camicals: Tobacco, cannabis, amphetamines, cocaine, hallucinogens, designer drugs & solvent	30.11.2022	
OG30.1 Describe and discuss the etio-pathogenesis; clinical features; differential diagnosis; investigations; management, complications of PCOS	IM 9.8 Describe and discuss the various tests for iron deficiency	01.12.2022
Integrated Teaching as decided by AITo - CT1.1 - Describe and discuss the epidemiology of tuberculosis and its impact on the work, life and	PE21.13 DR RUPA SINGH Enumerate the indications for and Interpret the written report of Ultra sonogram of KUB	02.12.2022
Ophthalmology - Tutorial/ OP8.5 Describe and discuss the correlative anatomy, aetiology, clinical manifestations, diagnostic tests, imaging and management of diseases of the optic nerve and visual pathway		03.12.2022

Week 41

Monday	IM 9.11 Describe the indications and interpret the results of a bone marrow aspirations and biopsy	DR 6.1 Pediculosis	Clinical Posting (P)CM :Clinical Posting (P): 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn &
Tuesday		(b) Radiological interpretation of adult & pediatric skeletal trauma.	Clinical Posting (P)CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and
Wednesday	PE21.5 Dr Baljeet Maini Enumerate the etio-pathogenesis, clinical features, complications and management of Acute Renal Failure in children	Community Medicine - 20.1(List important public health events of last five years),20.2(Describe various issues during outbreaks and their prevention)	Clinical Posting (P) CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and
Thursday	SU24.1 Describe the clinical features, principles of investigation, prognosis and management of pancreatitis	Otorhinolaryngology - Lecture/EN 4.42: Elicit, document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of	Clinical Posting (P):CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and
Friday	PS 19.5 Describe the concept and principles of preventive psychiatry and mental health promotion(positive mental health);and community education.	Ophthalmology - Seminar/ OP9.2 Classify, enumerate the types, methods of diagnosis and indications for referral in a patient with heterotropia/ strabismus	Clinical Posting (P)CM :10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and
Saturday	AN19.6 Explain the anatomical basis of Flat foot & Club foot	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P)CM 10.7(Enumerate and describe the basis and principles of the Family Welfare Program including the organization, technical and operational aspects),10.8(Describe the physiology,
Monday	IM 9.14 Describe the national programs for anaemia prevention	DR 5.1, 5.3 Scabies	Clinical Posting (P)CM :3.5(Describe the standards of housing and the effect of housing on health)
Tuesday		RD1.11 Patient preparation methods & precaution in various radiological investigation.	Clinical Posting (P)CM : :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the

LUNCH

Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)		05.12.2022
Otorhinolaryngology - Tutorial/ EN 2.6: Demonstrate the correct technique of examining the throat including the use of a tongue depressor	AS10.3 Describe the role of communication in patient safety K KH	06.12.2022
Forensic Medicine -P- SGD--FM13.1 Describe toxic pollution of environment, its medico-legal aspects & toxic hazards of occupation and industry FM.13.2----- Describe medicolegal aspects of poisoning in workman's compensation Act.		07.12.2022
OG30.2 Enumerate the causes and describe the investigations and management of hyperandrogenism	IM 9.12 Describe, develop a diagnostic plan to determine the aetiology of anaemia	08.12.2022
Integrated Teaching as decided by AITo - CT1.1 - Describe and discuss the epidemiology of tuberculosis and its impact on the work, life and	PE1.4 DR BALJEET MAINI Perform Anthropometric measurements, document in growth charts and interpret	09.12.2022
Ophthalmology - Tutorial / OP9.2 Classify, enumerate the types, methods of diagnosis and indications for referral in a patient with heterotropia/ strabismus		10.12.2022
Community Medicine - 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases),8.3(Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case)		12.12.2022
Otorhinolaryngology - Tutorial/ EN 2.7: Demonstrate the correct technique of examination of neck including elicitation of laryngeal crepitus	IM5.8 Describe and discuss the pathophysiology, clinical evolution and complications of cholelithiasis and cholecystitis	13.12.2022

Week 42

Wednesday	PE21.6 Dr BK Gaur Enumerate the etio-pathogenesis, clinical features, complications and management of Chronic Renal Failure in Children / PE21.7 Dr Rupa	Community Medicine -20.3(Describe any event important to Health of the Community),20.4Demonstrate awareness about laws pertaining to practice of medicine such as Clinical establishment Act and Human Organ	Clinical Posting (P): CM : 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the
Thursday	SU24.2 Describe the clinical features, principles of investigation, prognosis and management of pancreatic endocrine tumours/SU24.3 Describe the principles of	Otorhinolaryngology - Lecture/EN 4.43: Describe the clinical features, investigations and principles of management of Acute & Chronic Laryngitis	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the
Friday	PS 19.6 enumerate and describe the identifying features and the principles of participatory management of mental illness occurring during and after disasters.	Ophthalmology - Seminar/ OP9.3 Describe the role of refractive error correction in a patient with headache and enumerate the indications for referral	Clinical Posting (P)CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the
Saturday	AN19.7 Explain the anatomical basis of Metatarsalgia & Plantar fasciitis	Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	Clinical Posting (P): CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the

LUNCH

Forensic Medicine - Practical /theory revision		14.12.2022
OG31.1 Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of management and preventive aspects of prolapse of uterus	IM 9.17 Describe the indications for blood transfusion and the appropriate use of blood components	15.12.2022
Pandemic Module 3.3: Operational Research, Field work, Surveillance - Community Medicine	PE2.6 DR BK GAUR Enumerate the referral criteria for growth related problems / PE1.4 Dr Rupa Singh Perform	16.12.2022
Ophthalmology - Tutorial/ OP9.3 Describe the role of refractive error correction in a patient with headache and enumerate the indications for referral		17.12.2022

Pre University Exams from 19.12.21 onwards followed by University Exams from Second Week of January 2022

Teerthanker Mahaveer Medical College & Research Center
Teerthanker Mahaveer University
Delhi Road, Moradabad - 244001
Time Table Schedule (Phase 3 MBBS (Part 1) as per New Curriculum w.e.f AUGUST 2019)

	Day/Time	10:00 am - 1:00 pm	Date	Weekly Slot	Unit/Faculty Incharge
Week 1	Monday	IM 2.9 Distinguish and differentiate between stable and unstable angina and AMI based on the clinical presentation Unit - 3/ IM 7.14 Describe the appropriate diagnostic work up based on the presumed aetiology Unit - 1	31.01.2022	Students are divided into Three Groups with Each posting of 4 weeks from 31.1.22 to 26.2.22; 28.2.22 to 2.4.22 and 4.4.22 to 30.4.22	Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)
	Tuesday	Clinical Posting (P):IM 2.10 Order, perform and interpret an ECG Unit - 4/ IM 7.13 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology Unit - 5	01.02.2022		Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)
	Wednesday	Clinical Posting (P):IM 2.11 Order and interpret a Chest X-ray and markers of acute myocardial infarction Unit - 2/ IM 7.12 Perform a systematic examination of y all joints, muscle and skin that will establish the diagnosis and severity of disease Unit - 1	02.02.2022		Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)
	Thursday	Clinical Posting (P)IM 2.12 Choose and interpret a lipid profile and identify the desirable lipid profile in the clinical context Unit - 1/ IM 7.11 Elicit document and present a medical history that will differentiate the aetiologies of disease Unit - 2	03.02.2022		Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)
	Friday	Clinical Posting (P):IM 2.21 Observe and participate in a controlled environment an ACLS program Unit - 5/IM 6.23 Demonstrate a non-judgemental attitude to patients with HIV and to their lifestyles Unit - 4	04.02.2022		Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)
	Saturday	Clinical Posting (P):IM 2.22 Perform and demonstrate in a mannequin BLS Unit - 1/ IM 6.22 Demonstrate understanding of ethical and legal issues regarding patient confidentiality and disclosure in patients with HIV Unit - 3	05.02.2022		Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)
Week 2	Monday	Clinical Posting (P):IM 2.23 Describe and discuss the indications for nitrates, anti-platelet agents, gpIb IIIa inhibitors, beta blockers, ACE inhibitors etc in the management of coronary syndromes Unit - 3/IM 6.21 Communicate with patients on the importance of medication adherence Unit - 1	07.02.2022	Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)	
	Tuesday	Clinical Posting (P):IM 2.24 Counsel and communicate to patients with empathy lifestyle changes in atherosclerosis / post coronary syndromes Unit - 4/ IM 6.20 Communicate diagnosis, treatment plan and subsequent follow up plan to patients Unit - 5	08.02.2022	Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)	
	Wednesday	Clinical Posting (P):IM 3.4 Elicit document and present an appropriate history including the evolution, risk factors including immune status and occupational risk Unit - 2/ IM 6.19 Counsel patients on prevention of HIV transmission Unit - 1	09.02.2022	Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)	
	Thursday	Clinical Posting (P): IM 3.5 Perform, document and demonstrate a physical examination including general examination and appropriate examination of the lungs that establishes the diagnosis, complications and severity of disease Unit - 1/ IM 6.15 Demonstrate in a model the correct technique to perform a lumbar puncture Unit - 2	10.02.2022	Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)	
	Friday	Clinical Posting (P):IM 3.6 Generate document and present a differential diagnosis based on the clinical features, and prioritise the diagnosis based on the presentation Unit - 5/ IM 6.14 Perform and interpret AFB sputum Unit - 4	11.02.2022	Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)	
	Saturday	Clinical Posting (P):IM 3.7 Order and interpret diagnostic tests based on the clinical presentation including: CBC, Chest X ray PA view, Mantoux, sputum gram stain, sputum culture and sensitivity, pleural fluid examination and culture, HIV testing and ABG Unit - 1/IM 6.12 Enumerate the indications for and interpret the results of: pulse oximetry, ABG, Chest Radiograph Unit - 3	12.02.2022	Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)	
Week 3	Monday	Clinical Posting (P):IM 3.8 Demonstrate in a mannequin and interpret results of an arterial blood gas examination Unit 3/ IM 6.11 Enumerate the indications and describe the findings for CT of the chest and brain and MRI Unit - 1	14.02.2022	Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)	
	Tuesday	Clinical Posting (P):IM 3.9 Demonstrate in a mannequin and interpret results of a pleural fluid Aspiration Unit - 4/ IM 6.10 Choose and interpret appropriate diagnostic tests to diagnose opportunistic infections including CBC, sputum examination and cultures, blood cultures, stool analysis, CSF analysis and Chest radiographs Unit - 5	15.02.2022	Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)	
	Wednesday	Clinical Posting (P):IM 3.10 Demonstrate in a mannequin and interpret results of a blood culture Unit - 2/IM 6.9 Choose and interpret appropriate diagnostic tests to diagnose and classify the severity of HIV-AIDS including specific tests of HIV, CDC Unit - 1	16.02.2022	Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)	
	Thursday	Clinical Posting (P)IM 3.11 Describe and enumerate indications for further testing including HRCT, viral cultures, PCR and specialized testing Unit - 1/ IM 6.8 Generate a differential diagnosis and prioritise based on clinical features that suggest a specific aetiology for the presenting symptom Unit - 2	17.02.2022	Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)	
	Friday	Clinical Posting (P)IM 3.13 Select, describe and prescribe based on the most likely aetiology, an appropriate empirical antimicrobial based on the pharmacology and antimicrobial spectrum Unit - 5/IM 6.7 Elicit document and present a medical history that helps delineate the aetiology of the current presentation and includes risk factors for HIV, mode of infection, other sexually transmitted diseases, risks for opportunistic infections and nutritional status Unit - 4	18.02.2022	Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)	
	Saturday	Clinical Posting (P)IM 3.14 Perform and interpret a sputum gram stain and AFB Unit - 1/ IM 4.26 Counsel the patient on malaria prevention Unit - 3	19.02.2022	Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)	

A Batch of 10 students will be allocated to each unit of medicine and they would further be distributed in five faculty members of each unit and would be assigned the bed number of patients whom they would follow as per competencies decided

Week 4	Monday	Clinical Posting (P): IM 3.18 Communicate and counsel patient on family on the diagnosis and therapy of pneumonia Unit - 3/ IM 4.25 Communicate to the patient and family the diagnosis and treatment Unit - 1	21.02.2022		Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)
	Tuesday	Clinical Posting (P):IM 4.12 Order and interpret diagnostic tests based on the differential diagnosis including CBC with differential, peripheral smear, urinary analysis with sediment, chest xray, blood and urine cultures, sputum gram stain and culture, sputum AFB & cultures, CSF analysis, pleural and body fluid analysis, stool routine and culture and QBC Unit - 4/ IM 4.24 Develop an appropriate empiric treatment plan based on the patient's clinical and immune status pending definitive diagnosis Unit - 5	22.02.2022		Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)
	Wednesday	Clinical Posting (P):IM 4.13 Perform and interpret a sputum gram stain Unit - 2/ IM 4.23 Prescribe drugs for malaria based on the species identified, prevalence of drug resistance and national programmes Unit - 1	23.02.2022		Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)
	Thursday	Clinical Posting (P)IM 4.14 Perform and interpret a sputum AFB Unit - 1/ IM 4.21 Develop and present an appropriate diagnostic plan based on the clinical presentation, most likely diagnosis in a prioritised and cost effective manner Unit - 2	24.02.2022		Unit 2 (Dr. Vishvanayak)/ Unit 1 (Dr. V K Singh)
	Friday	Clinical Posting (P)IM 4.15 Perform and interpret a malaria smear Unit - 5/ IM 4.20 Interpret a PPD (Mantoux) Unit - 4	25.02.2022		Unit 4 (Dr. J Haria)/ Unit 5 (Dr. A Kumar)
	Saturday	Clinical Posting (P)IM 4.17 Observe and assist in the performance of a bone marrow aspiration and biopsy in a simulated environment Unit - 1/ IM 4.19 Assist in the collection of blood and wound cultures Unit - 3	26.02.2022		Unit 1 (Dr. V K Singh)/ Unit 3 (Dr. K Gopal)
Week 5	Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh) - SU18.3 Describe and demonstrate the clinical examination of surgical patient including swelling	28.02.2022	Students are divided into Three Groups with Each posting of 4 weeks from 31.1.22 to 26.2.22; 28.2.22 to 2.4.22 and 4.4.22 to 30.4.22	Unit 1 (Dr. N K Singh)
	Tuesday	Clinical Posting (P): Unit II(Dr. S.K. KANTH SU28.18 Describe and demonstrate clinical examination of abdomen. Order relevant investigations	01.03.2022		Unit 2 (Dr. S K Kanth)
	Wednesday	Clinical Posting (P): Unit III(S.C.SHARMA)-SU25.2 Describe the etiopathogenesis, clinical features and principles of management of benign breast disease including infections of the breast	02.03.2022		Unit 3 (Dr. S C Sharma)
	Thursday	Clinical Posting (P): Unit IV(Dr. V.KUMAR)-SU25.3 Describe the etiopathogenesis, clinical features, Investigations and principles of treatment of benign and malignant tumours of breast.	03.03.2022		Unit 4 (Dr. V Kumar)
	Friday	Clinical Posting (P): Unit V(Dr.A.K. SINGH)-SU25.5 Demonstrate the correct technique to palpate the breast for breast swelling in a mannequin or equivalent	04.03.2022		Unit 5 (Dr. A K Singh)
	Saturday	Clinical Posting (P):Unit in Rotation -SU27.2 Demonstrate the correct examination of the vascular system and enumerate and describe the investigation of vascular disease	05.03.2022		Unit 1 (Dr. N K Singh)
Week 6	Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh - SU27.5 Describe the applied anatomy of venous system of lower limb	07.03.2022		Unit 1 (Dr. N K Singh)
	Tuesday	Clinical Posting (P)Unit II(Dr. S.K. KANTH SU27.6 Describe pathophysiology, clinical features, Investigations and principles of management of DVT and Varicose veins	08.03.2022		Unit 2 (Dr. S K Kanth)
	Wednesday	Clinical Posting (P):Unit III(S.C.SHARMA) SU28.1 Describe pathophysiology, clinical features, Investigations and principles of management of Hernias	09.03.2022		Unit 3 (Dr. S C Sharma)
	Thursday	Clinical Posting (P)::Unit IV (Dr. V.KUMAR)SU28.2 Demonstrate the correct technique to examine the patient with hernia and identify different types of hernias.	10.03.2022		Unit 4 (Dr. V Kumar)
	Friday	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU28.9 Demonstrate the correct technique of examination of a patient with disorders of the stomach	11.03.2022		Unit 5 (Dr. A K Singh)
	Saturday	Clinical Posting (P)Unit in Rotation SU28.11 Describe the applied anatomy of spleen. Describe the clinical features, investigations and principles of management of splenic injuries. Describe the post-splenectomy sepsis - prophylaxis	12.03.2022		Unit 2 (Dr. S K Kanth)
Holi Vacations 14.03.22-19.03.22					
Week 7	Monday	Clinical Posting (P):Unit I (Dr. N.K. Singh)SU28.10 Describe the applied anatomy of liver. Describe the clinical features, Investigations and principles of management of liver abscess, hydatid disease, injuries and tumors of the liver	21.03.2022		Unit 1 (Dr. N K Singh)
	Tuesday	Clinical Posting (P):Unit II (Dr. S.K.KANTH)SU28.12 Describe the applied anatomy of biliary system. Describe the clinical features, investigations and principles of management of diseases of biliary system	22.03.2022		Unit 2 (Dr. S K Kanth)
	Wednesday	Clinical Posting (P): Unit III(S.C.SHARMA) SU28.15 Describe the clinical features, investigations and principles of management of diseases of Appendix including appendicitis	23.03.2022		Unit 3 (Dr. S C Sharma)
	Thursday	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU22.6 Describe and discuss the clinical features of hypo - and hyperparathyroidism and the principles of their management	24.03.2022		Unit 4 (Dr. V Kumar)
	Friday	Clinical Posting (P):Unit V (Dr.A.K. SINGH)SU29.1 Describe the causes, investigations and principles of management of Hematuria	25.03.2022		Unit 5 (Dr. A K Singh)
	Saturday	Clinical Posting (P): Unit in Rotation SU29.5 Describe the clinical features, investigations and principles of management of renal calculi	26.03.2022		Unit 3 (Dr. S C Sharma)
	Monday	Clinical Posting (P):Unit I(Dr. N.K. Singh)SU30.1 Describe the clinical features, investigations and principles of management of phimosis, paraphimosis and carcinoma penis	28.03.2022		Unit 1 (Dr. N K Singh)

Week 8	Tuesday	Clinical Posting (P):Unit II (Dr. S.K.KANTHSU29.10 Demonstrate a digital rectal examination of the prostate in a mannequin or equivalent	29.03.2022	Students are divided into Three Groups with Each posting of 4 weeks from 31.1.22 to 26.2.22; 28.2.22 to 2.4.22 and 4.4.22 to 30.4.22	Unit 2 (Dr. S K Kanth)
	Wednesday	Clinical Posting (P):Unit III(S.C.SHARMA) SU28.17 Describe the clinical features, investigations and principles of management of common anorectal diseases	30.03.2022		Unit 3 (Dr. S C Sharma)
	Thursday	Clinical Posting (P):Unit IV(Dr. V.KUMAR) SU28.14 Describe the clinical features, investigations and principles of management of disorders of small and large intestine	31.03.2022		Unit 4 (Dr. V Kumar)
	Friday	Clinical Posting (P): Unit V (Dr.A.K. SINGH)SU30.5 Describe the applied anatomy, clinical features, investigations and principles of management of Hydrocele	01.04.2022		Unit 5 (Dr. A K Singh)
	Saturday	Clinical Posting (P): Unit on rotation-- SU30.6 Describe classification, clinical features, investigations and principles of management of tumours of testis	02.04.2022		Unit 4 (Dr. V Kumar)
Week 9	Monday	Clinical Posting (P):OG8.2 Elicit, document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past medical history and surgical history	04.04.2022		Unit 1 (Dr. R Najam)
	Tuesday	Clinical Posting (P): OG9.1 Classify, define and discuss the aetiology and management of abortions including threatened, incomplete, inevitable, missed and septic	05.04.2022		Unit 1 (Dr. R Najam)
	Wednesday	Clinical Posting (P):OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of preterm labor, PROM	06.04.2022		Unit 1 (Dr. R Najam)
	Thursday	Clinical Posting (P): OG10.1 Define, classify and describe the aetiology, pathogenesis, clinical features, ultrasonography, differential diagnosis and management of antepartum haemorrhage in pregnancy	07.04.2022		Unit 1 (Dr. R Najam)
	Friday	Clinical Posting (P):OG12.2 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of anemia in pregnancy	08.04.2022		Unit 2 (Dr. K Rani)
	Saturday	Clinical Posting (P): OG12.3 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of diabetes in pregnancy	09.04.2022		Unit 2 (Dr. K Rani)
	Monday	Clinical Posting (P):OG12.4 Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, criteria, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of heart diseases in pregnancy	11.04.2022		Unit 2 (Dr. K Rani)
Week 10	Tuesday	Clinical Posting (P):OG12.1 Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of hypertensive disorders of pregnancy and eclampsia, complications of eclampsia.	12.04.2022		Unit 2 (Dr. K Rani)
	Wednesday	Clinical Posting (P):OG16.1 Enumerate and discuss causes, prevention, diagnosis, management, appropriate use of blood and blood products in postpartum haemorrhage	13.04.2022		Unit 2 (Dr. K Rani)
	Thursday	Clinical Posting (P):OG12.8 Describe the mechanism, prophylaxis, fetal complications, diagnosis and management of isoimmunization in pregnancy	14.04.2022		Unit 3 (Dr.S Agarwal)
	Friday	Clinical Posting (P):OG13.2 Define, describe the causes, pathophysiology, diagnosis, investigations and management of Postdated pregnancy	15.04.2022	Unit 3 (Dr.S Agarwal)	
	Saturday	Clinical Posting (P):OG35.1 Obtain a logical sequence of history, and perform a humane and thorough clinical examination, excluding internal examinations (per- rectal and per-vaginal) of a gynaecological patient	16.04.2022	Unit 3 (Dr.S Agarwal)	
	Monday	Clinical Posting (P):OG24.1 Define, classify and discuss abnormal uterine bleeding in peri-menopausal women, its aetiology, clinical features, investigations, diagnosis and management	18.04.2022	Unit 2 (Dr. K Rani)	
	Tuesday	Clinical Posting (P):OG24.1 Define, classify and discuss abnormal uterine bleeding in reproductive age group, its aetiology, clinical features, investigations, diagnosis and management	19.04.2022	Unit 2 (Dr. K Rani)	
Week 11	Wednesday	Clinical Posting (P):OG24.2 Define, classify and discuss abnormal uterine bleeding in puberty, its aetiology, clinical features, investigations, diagnosis and management	20.04.2022	Unit 1 (Dr. R Najam)	
	Thursday	Clinical Posting (P):OG24.3 Define, classify and discuss abnormal uterine bleeding in post menopausal bleeding, its aetiology, clinical features, investigations, diagnosis and management	21.04.2022	Unit 1 (Dr. R Najam)	
	Friday	Clinical Posting (P):OG29.1 Describe and discuss the etiology; pathology; clinical features; differential diagnosis; investigations; principles of management, complications of fibroid uterus	22.04.2022	Unit 1 (Dr. R Najam)	
	Saturday	Clinical Posting (P): OG31.1 Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of management and preventive aspects of prolapse of uterus	23.04.2022	Unit 1 (Dr. R Najam)	
	Monday	Clinical Posting (P):OG30.1 Describe and discuss the etiopathogenesis; clinical features; differential diagnosis; investigations; management, complications of PCOS	25.04.2022	Unit 1 (Dr. R Najam)	
	Tuesday	Clinical Posting (P):OG33.3 Describe and demonstrate the screening for cervical cancer in a simulated environment	26.04.2022	Unit 1 (Dr. R Najam)	
Week 12	Wednesday	Clinical Posting (P):OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and management of endometriosis	27.04.2022	Unit 1 (Dr. R Najam)	
	Thursday	Clinical Posting (P): OG26.1 Describe and discuss the etiopathogenesis, clinical features; investigation and implications on health and fertility and management of adenomyosis	28.04.2022	Unit 1 (Dr. R Najam)	
	Friday	Clinical Posting (P):OG27.4 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, management and long term implications of Acute Pelvic Inflammatory Disease	29.04.2022	Unit 3 (Dr. S Agarwal)	

Week 13

Saturday	Clinical Posting (P):WARD LEAVING TEST	30.04.2022		Unit 3 (Dr. S Agarwal)
Monday	Clinical Posting (P): OR1.1 Describe and discuss the Principles of pre-hospital care and Casualty management of a trauma victim including principles of triage , Dr Amit Saraf	02.05.2022	Students are divided into Three Groups with Each posting of 4 weeks from 2.5.22 to 28.5.22; 30.5.22 to 25.6.22 and 27.6.22 to 23.7.22	Unit 1 (Dr. A Saraf)
Tuesday	Clinical Posting (P):OR1.6 Participate as a member in the team for closed reduction of shoulder dislocation / hip dislocation / knee dislocation, Dr Ajay Pant	03.05.2022		Unit 1 (Dr. A Pant)
Wednesday	Clinical Posting (P):OR2.10 Describe and discuss the aetiopathogenesis, mechanism of injury, clinical features, investigations and principles of management of fractures of proximal femur, Dr Manmohan sharma	04.05.2022		Unit 3 (Dr. M Sharma)
Thursday	Clinical Posting (P): OR3.2 Participate as a member in team for aspiration of joints under supervision, Dr Sudhir Singh	05.05.2022		Unit 2 (Dr. S Singh)
Friday	Clinical Posting (P): OR3.3 Participate as a member in team for procedures like drainage of abscess, sequestrectomy/ saucerisation and arthrotomy , Dr Piyush Jain	06.05.2022		Unit 2 (Dr. P Jain)
Saturday	Clinical Posting (P): OR13.1 Participate in a team for procedures in patients and demonstrating the ability to perform on mannequins / simulated patients in the following: i. Above elbow plaster ii. Below knee plaster iii. Above knee plaster iv. Thomas splint v. splinting for long bone fractures vi. Strapping for shoulder and clavicle trauma, Dr amit saraf	07.05.2022		Unit 1 (Dr. A Saraf)
Monday	Clinical Posting (P):OR13.2 Participate as a member in team for Resuscitation of Polytrauma victim by doing all of the following : (a) I.V. access central - peripheral (b) Bladder catheterization (c) Endotracheal intubation (d) Splintage, Dr Ajay pant	09.05.2022		Unit 1 (Dr. A Pant)
Tuesday	Clinical Posting (P): OR14.1 Demonstrate the ability to counsel patients regarding prognosis in patients with various orthopedic illnesses like a. fractures with disabilities b. fractures that require prolonged bed stay c. bone tumours d. congenital disabilities, Dr Manmohan Sharma	10.05.2022		Unit 3 (Dr. M Sharma)
Wednesday	Clinical Posting (P): OR14.2 Demonstrate the ability to counsel patients to obtain consent for various orthopedic procedures like limb amputation, permanent fixations etc, Dr Sudhir Singh	11.05.2022		Unit 2 (Dr. S Singh)
Thursday	Clinical Posting (P):OR14.3 Demonstrate the ability to convince the patient for referral to a higher centre in various orthopedic illnesses, based on the detection of warning signals and need for sophisticated management, Dr Piyush Jain	12.05.2022		Unit 2 (Dr. P Jain)
Friday	Clinical Posting (P):AN50.4 Explain the anatomical basis of Scoliosis, Lordosis, Prolapsed disc, Spondylolisthesis & Spina bifida, Dr Amit Saraf	13.05.2022		Unit 1 (Dr. A Saraf)
Saturday	Clinical Posting (P): AN33.1 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications of osteomyelitis, Dr Ajay Pant	14.05.2022		Unit 1 (Dr. A Pant)
Monday	Clinical Posting (P): AN33.2 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications and metastases of bone tumors, Dr Sudhir Singh	16.05.2022		Unit 2 (Dr. S Singh)
Tuesday	Clinical Posting (P): AN33.3 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications and metastases of soft tissue tumors, Dr Manmohan Shamra	17.05.2022		Unit 3 (Dr. M Sharma)
Wednesday	Clinical Posting (P): AN33.4 Classify and describe the etiology, pathogenesis, manifestations, radiologic and morphologic features and complications of Paget's disease of the bone, Dr Piyush Jain	18.05.2022		Unit 2 (Dr. P Jain)
Thursday	Clinical Posting (P):M14.2 Describe the etiopathogenesis, clinical course and discuss the laboratory diagnosis of bone & joint infections, Dr Amit Saraf	19.05.2022		Unit 1 (Dr. A Saraf)
Friday	Clinical Posting (P)FM3.7 Describe factors influencing infliction of injuries and healing, examination and certification of wounds and wound as a cause of death: Primary and Secondary, Dr Ajay Pant	20.05.2022	Unit 1 (Dr. A Pant)	
Saturday	Clinical Posting (P): FM3.8 Mechanical injuries and wounds: Describe and discuss different types of weapons including dangerous weapons and their examination , Dr Sudhir Singh	21.05.2022	Unit 2 (Dr. S Singh)	
Monday	Clinical Posting (P): FM3.9 Firearm injuries: Describe different types of firearms including structure and components. Along with description of ammunition propellant charge and mechanism of fire arms, different types of cartridges and bullets and various terminology in relation of firearm – caliber, range, choking, Dr Manmohan Sharma	23.05.2022	Unit 3 (Dr. M Sharma)	
Tuesday	Clinical Posting (P)FM3.10 Firearm injuries: Describe and discuss wound ballistics-different types of firearm injuries, blast injuries and their interpretation, preservation and dispatch of trace evidences in cases of firearm and blast injuries, various tests related to confirmation of use of firearms, Dr Piyush Jain	24.05.2022	Unit 2 (Dr. P Jain)	
Wednesday	Clinical Posting (P): FM3.11 Regional Injuries: Describe and discuss regional injuries to head (Scalp wounds, fracture skull, intracranial haemorrhages, coup and contrecoup injuries), neck, chest, abdomen, limbs, genital organs, spinal cord and skeleto, Dr Amit Saraf	25.05.2022	Unit 1 (Dr. A Saraf)	
Thursday	Clinical Posting (P):FM3.12 Regional Injuries Describe and discuss injuries related to fall from height and vehicular injuries – Primary and Secondary impact, Secondary injuries, crush syndrome, railway spine, Dr Ajay Pant	26.05.2022	Unit 1 (Dr. A Pant)	
Friday	Clinical Posting (P): IM7.5 Develop a systematic clinical approach to joint pain based on the pathophysiology, Dr Sudhir Singh	27.05.2022	Unit 2 (Dr. S Singh)	
Saturday	Clinical Posting (PIM7.6 Describe and discriminate acute, subacute and chronic causes of joint pain, Dr Manmohan Sharma	28.05.2022	Unit 3 (Dr. M Sharma)	
Monday	Clinical Posting (P): PE2.2 Dr Baljeet Maini Assessment of a child with failing to thrive including eliciting an appropriate history and examination	30.05.2022	Students are divided into Three Groups with Each	Unit 2 (Dr. B Maini)
Tuesday	Clinical Posting (P): PE2.3 Dr BK Gaur Counselling a parent with failing to thrive child	31.05.2022		Unit 3 (Dr. B K Gaur)

Week 14

Week 15

Week 16

7

Week 17	Wednesday	Clinical Posting (P): PE2.5 Dr Rupa Singh Assessment of a child with short stature: Elicit history, perform examination, document and present	01.06.2022	Students are divided into Three Groups with Each posting of 4 weeks from 2.5.22 to 28.5.22; 30.5.22 to 25.6.22 and 27.6.22 to 23.7.22	Unit 1 (Dr. R Singh)
	Thursday	Clinical Posting (P): PE3.3 Dr Baljeet Maini Assessment of a child with developmental delay - Elicit document and present history	02.06.2022		Unit 2 (Dr. B Maini)
	Friday	Clinical Posting (P): PE3.4 Dr BK Gaur Counsel a parent of a child with developmental delay	03.06.2022		Unit 3 (Dr. B K Gaur)
	Saturday	Clinical Posting (P): IPE6.8 Dr Rupa Singh Respecting patient privacy and maintaining confidentiality while dealing with adolescence	04.06.2022		Unit 1 (Dr. R Singh)
Week 18	Monday	Clinical Posting (P): PE6.9 Dr Baljeet Maini Perform routine Adolescent Health check up including eliciting history, performing examination including SMR (Sexual Maturity Rating), growth assessments (using Growth charts) and systemic exam including thyroid and Breast exam and the HEADSS screening	06.06.2022		Unit 2 (Dr. B Maini)
	Tuesday	Clinical Posting (P): PE6.11 Dr BK Gaur Visit to the Adolescent Clinic	07.06.2022		Unit 3 (Dr. B K Gaur)
	Wednesday	Clinical Posting (P): PE7.5 Dr Rupa Singh Observe the correct technique of breast feeding and distinguish right from wrong techniques	08.06.2022		Unit 1 (Dr. R Singh)
	Thursday	Clinical Posting (P): PE7.7 Dr Baljeet Maini Perform breast examination and identify common problems during lactation such as retracted nipples, cracked nipples, breast engorgement, breast abscess	09.06.2022		Unit 2 (Dr. B Maini)
	Friday	Clinical Posting (P): PE7.8 Dr BK Gaur Educate mothers on ante natal breast care and prepare mothers for lactation	10.06.2022		Unit 3 (Dr. B K Gaur)
	Saturday	Clinical Posting (P):PE7.9 Dr Rupa Singh Educate and counsel mothers for best practices in Breast feeding	11.06.2022		Unit 1 (Dr. R Singh)
	Monday	Clinical Posting (P):PE7.10 Dr Baljeet Maini Respects patient privacy	13.06.2022		Unit 2 (Dr. B Maini)
Week 19	Tuesday	Clinical Posting (P): PE7.11 Dr BK Gaur Participate in Breast Feeding Week Celebration	14.06.2022		Unit 3 (Dr. B K Gaur)
	Wednesday	Clinical Posting (P):PE8.4 Dr Rupa Singh Elicit history on the Complementary Feeding habits	15.06.2022		Unit 1 (Dr. R Singh)
	Thursday	Clinical Posting (P): PE8.5 Dr Baljeet Maini Counsel and educate mothers on the best practices in Complimentary Feeding	16.06.2022		Unit 2 (Dr. B Maini)
	Friday	Clinical Posting (P): PE9.4 Dr BK Gaur Elicit document and present an appropriate nutritional history and perform a dietary recall	17.06.2022	Unit 3 (Dr. B K Gaur)	
	Saturday	Clinical Posting (P): PE10.3 Dr Rupa Singh Assessment of a patient with SAM and MAM, diagnosis, classification and planning management including hospital and community based intervention, rehabilitation and prevention	18.06.2022	Unit 1 (Dr. R Singh)	
	Monday	Clinical Posting (P): PE10.4 Dr Baljeet Maini Identify children with under nutrition as per IMNCI criteria and plan referral	20.06.2022	Unit 2 (Dr. B Maini)	
Week 20	Tuesday	Clinical Posting (P): PE10.5 Dr BK Gaur Counsel parents of children with SAM and MAM	21.06.2022	Unit 3 (Dr. B K Gaur)	
	Wednesday	Clinical Posting (P): PE11.3 Dr Rupa Singh Assessment of a child with obesity with regard to eliciting history including physical activity, charting and dietary recall	22.06.2022	Unit 1 (Dr. R Singh)	
	Thursday	Clinical Posting (P): PE11.4 Dr Baljeet Maini Examination including calculation of BMI, measurement of waist hip ratio, identifying external markers like acanthosis, striae, pseudogynaecomastia etc	23.06.2022	Unit 2 (Dr. B Maini)	
	Friday	Clinical Posting (P): PE12.17 Dr BK Gaur Identify the clinical features of Vitamin B complex deficiency	24.06.2022	Unit 3 (Dr. B K Gaur)	
	Saturday	Clinical Posting (P): PE12.18 Dr Rupa Singh Diagnose patients with Vitamin B complex deficiency and plan management	25.06.2022	Unit 1 (Dr. R Singh)	
	Monday	Clinical Posting (P): EN 2.1: Elicit and document an appropriate history in a patient presenting with an ENT complaint / Dr P Chatterji	27.06.2022	Students are divided into Three Groups with Each posting of 4 weeks from 2.5.22 to 28.5.22; 30.5.22 to 25.6.22 and 27.6.22 to 23.7.22	Dr. P Chatterji
Week 21	Tuesday	Clinical Posting (P): EN 2.2: Present an appropriate history in a patient presenting with an ENT complaint / Dr Sudhakar	28.06.2022		Dr. Sudhakar
	Wednesday	Clinical Posting (P): EN 2.3: Demonstrate the correct technique of examination of the ear including Otoscopy / Dr A Jain	29.06.2022		Dr. A Jain
	Thursday	Clinical Posting (P): EN 2.4: Demonstrate the correct method of performance and interpret tuning fork tests / Dr Poonji Gupta	30.06.2022		Dr. P Gupta
	Friday	Clinical Posting (P): EN 2.5: Demonstrate the correct technique of examination of the nose & paranasal sinuses including the use of nasal speculum / Dr P Chatterji	01.07.2022		Dr. P Chatterji
Week 22	Saturday	Clinical Posting (P):EN 2.6: Demonstrate the correct technique of examining the throat including the use of a tongue depressor / Dr Sudhakar	02.07.2022		Dr. Sudhakar
	Monday	Clinical Posting (P):EN 2.7: Demonstrate the correct technique of examination of neck including elicitation of laryngeal crepitus / Dr A Jain	04.07.2022		Dr. A Jain
	Tuesday	Clinical Posting (P): EN 2.8: Demonstrate the correct technique to perform and interpret pure tone audiogram & impedance audiogram / Dr Poonji Gupta	05.07.2022		Dr. P Gupta
	Wednesday	Clinical Posting (P): EN 2.9: Choose correctly and interpret radiological, microbiological & histological investigations relevant to the ENT disorders / Dr P Chatterji	06.07.2022		Dr. P Chatterji
	Thursday	Clinical Posting (P):EN 2.10: Identify and describe the use of common instruments used in ENT surgery	07.07.2022		Dr. P Chatterji
Friday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Sudhakar	08.07.2022	Dr. Sudhakar		

Week 23

Week 24

Week 25

Week 26

Saturday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr A Jain	09.07.2022		Dr. A Jain
Monday	Clinical Posting (P): EN 2.10: Identify and describe the use of common instruments used in ENT surgery / Dr Poonji Gupta	11.07.2022		Dr. P Gupta
Tuesday	Clinical Posting (P): EN 2.11: Describe and identify by clinical examination malignant and Premalignant ENT disease / Dr P Chatterji	12.07.2022		Dr. P Chatterji
Wednesday	Clinical Posting (P): EN 2.12: Counsel and administer informed consent to patients and their families in a simulated environment / Dr Sudhakar	13.07.2022		Dr. Sudhakar
Thursday	Clinical Posting (P): EN 2.13: Identify, Resuscitate and manage ENT emergencies in a simulated environment (including tracheostomy, anterior nasal packing, removal of foreign bodies in ear, nose, meases and upper respiratory tract) / Dr A Jain	14.07.2022		Dr. A Jain
Friday	Clinical Posting (P): EN 2.14: Demonstrate the correct technique to instilling topical medications into the ear, nose and throat in a simulated environment / Dr Poonji Gupta	15.07.2022		Dr. P Gupta
Saturday	Clinical Posting (P): EN 2.15: Describe the national programs for prevention of deafness, cancer, noise & environmental pollution	16.07.2022		Dr. Sudhakar
Monday	Clinical Posting (P): EN 3.1: Observe and describe the indications for and steps involved in the performance of Otomicroscopic examination in a simulated environment / Dr P Chatterji	18.07.2022		Dr. P Chatterji
Tuesday	Clinical Posting (P): EN 3.2: Observe and describe the indications for and steps involved in the performance of diagnostic nasal Endoscopy / Dr Sudhakar	19.07.2022		Dr. Sudhakar
Wednesday	Clinical Posting (P): EN 3.3: Observe and describe the indications for and steps involved in the performance of Rigid/Flexible Laryngoscopy / Dr A Jain	20.07.2022		Dr. A Jain
Thursday	Clinical Posting (P): EN 3.4: Observe and describe the indications for and steps involved in the removal of foreign bodies from ear, nose & throat / Dr Poonji Gupta	21.07.2022		Dr. P Gupta
Friday	Clinical Posting (P): EN 3.5: Observe and describe the indications for and steps involved in the surgical procedures in ear, nose & throat	22.07.2022		Dr. Sudhakar
Saturday	Clinical Posting (P): EN 3.6: Observe and describe the indications for and steps involved in the skills of emergency procedures in ear, nose & throat / Dr P Chatterji	23.07.2022		Dr. P Chatterji
Monday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS2.1- Enumerate the indications, describe the steps and demonstrate in a simulated environment, Basic Life Support in adults, children and neonates AS2.2- Enumerate the indications, describe the steps and demonstrate in a simulated environment, Advanced Life Support in adults and children	25.07.2022		Students are divided into three groups of 6 weeks each: 25.7.22 to 17.9.22, 19.9.22 to 5.11.22 and 7.11.22 to 17.12.22 (Further in each slot 6 weeks will be posting of Community Medicine for one batch, the second batch with 6 weeks slot will be posted for 2 weeks in Dermatology and 4 weeks in Ophthalmology and third batch with 6 weeks slot will be divided into three sub-groups for 2 weeks posting each in Anesthesia, Psychiatry and Casualty)
Tuesday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS3.5- Determine the readiness for General Surgery in a patient based on the preoperative evaluation AS3.6- Choose and write a prescription for appropriate premedications for patients undergoing surgery	26.07.2022	Unit 1 (Dr. G S Jheetay)	
Wednesday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS4.3- Observe and describe the principles and the practical aspects of induction and maintenance of anaesthesia AS4.5- Observe and describe the principles and the steps/ techniques in monitoring patients during anaesthesia	27.07.2022	Unit 2 (Dr. R Varshney)	
Thursday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS4.7- Observe and describe the principles and the steps/ techniques involved in anaesthesia outside the operating room	28.07.2022	Unit 2 (Dr. R Varshney)	
Friday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS5.3- Observe and describe the principles and steps/ techniques involved in peripheral nerve blocks AS5.4- Observe and describe the pharmacology and correct use of commonly used drugs and adjuvant agents in regional anaesthesia	29.07.2022	Unit 3 (Dr. M K Prasad)	
Saturday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS5.5- Observe and describe the principles and steps/ techniques involved in caudal epidural in adults and children AS5.6- Observe and describe the principles and steps/ techniques involved in common blocks used in surgery (including brachial plexus blocks)	30.07.2022	Unit 3 (Dr. M K Prasad)	
Monday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS6.1- Describe the principles of monitoring and resuscitation in the recovery room AS6.2- Observe and enumerate the contents of the crash cart and describe the equipment used in the recovery room	01.08.2022	Unit 1 (Dr. G S Jheetay)	
Tuesday	Clinical Posting (P): Unit-1 (Prof GS Jheetay) AS7.1- Visit, enumerate and describe the functions of an Intensive Care Unit AS7.3- Observe and describe the management of an unconscious patient	02.08.2022	Unit 1 (Dr. G S Jheetay)	
Wednesday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS7.4- Observe and describe the basic setup process of a ventilator AS7.5- Observe and describe the principles of monitoring in an ICU	03.08.2022	Unit 2 (Dr. R Varshney)	
Thursday	Clinical Posting (P): Unit-2- (Prof Rohit K Varshney) AS8.2- Elicit and determine the level, quality and quantity of pain and its tolerance in patient or surrogate AS9.1- Establish intravenous access in a simulated environment	04.08.2022	Unit 2 (Dr. R Varshney)	
Friday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS9.2- Establish central venous access in a simulated environment AS9.3- Describe the principles of fluid therapy in the preoperative period	05.08.2022	Unit 3 (Dr. M K Prasad)	
Saturday	Clinical Posting (P): Unit-3 (Prof Mukesh K Prasad) AS10.1- Enumerate the hazards of incorrect patient positioning AS10.2- Enumerate the hazards encountered in the perioperative period and steps/techniques taken to prevent them	06.08.2022	Unit 3 (Dr. M K Prasad)	
Monday	Clinical Posting (Psychiatry) DOAP session PS1.1 Establish rapport and empathy with patients. PS1.3 Demonstrate breaking of bad news in a simulated environment. PS1.4 Describe and demonstrate the importance of confidentiality in patient encounters.	08.08.2022	Dr. S Nagendran	

Week 27

Tuesday	PS3.3 Elicit,present and document a history in patients presenting with a mental disorders.PS3.4 Describe the importance of establishing rapport with patients. P.S3.5 perform, demonstrate and document a minimal examination. PS3.9 Describe the steps and demonstrate in a simulated environment family education in patients with organic psychiatric disorders.	09.08.2022	Dr. S Nagendran
Wednesday	PS4.2 Elicit,describe and document clinical features of alcohol and substance use disorders.PS 4.3 Enumerate and describe the indications and other tests used in alcohol and substance abuse disorders PS4.5 Demonstrate family education in a patient with alcohol and substance abuse in a simulated environment. PS5.2 Enumerate, elicit describe and document clinical features, positive skill. PS5.4 Demonstrate family education in a patient with schizophrenia in a simulated environment.	10.08.2022	Dr. S Nagendran
Thursday	PS6.2 Enumerate,elicit,describe and document clinical features in patients with depression.PS6.3 Enumerate and describe the indications and interpret laboratory and other tests used in depression.PS6.5 Demonstrate family education in a patient with depression in a simulated environment.	11.08.2022	Dr. P Gupta
Friday	PS7.2 Enumerate, elicit,describe and document clinical features in patients with bipolar disorders. PS7.3 Enumerate and describe the indications and interpret laboratory and other tests used in bipolar disorders. PS7.5 Demonstrate family education in a patient with bipolar disorders in a simulated environment.	12.08.2022	Dr. P Gupta
Saturday	PS8.2 Enumerate,elicit,describe and document clinical features in patients with anxiety disorders.PS8.3 Enumerate and describe the describe the indications and interpret laboratory and other tests used in anxiety disorders. PS8.5 Demonstrate family education in a patient with anxiety disorders in a simulated environment.	13.08.2022	Dr. P Gupta
Monday	PS 9.2 Enumerate, elicit, describe and document clinical features in patients with stress related disorders.PS9.3 Enumerate and describe the indications and interpret laboratory and other tests used in stress related disorders. PS9.5 Demonstrate family education in a patient with stress related disorders in a simulated environment.	15.08.2022	Dr. P Gupta
Tuesday	PS10.2 Enumerate ,elicit,describe and document clinical features in patients with somatoform,dissociative and conversion disorders. PS10.3Enumerate and describe the indications and interpret laboratory and other tests used in somatoform,dissociative and conversion disorders.PS10.5 Demonstrate family describe the pharmacologic basis and side effects of drugs used in somatoform environment	16.08.2022	Dr. P Gupta
Wednesday	PS11.2 Enumerate,elicit,describe and document clinical features in patients with personality disorders.PS11.3 Enumerate and describe the indications and interpret laboratory and other tests used in personality disorders.PS11.5 Demonstrate family education in a patient with personality disorders in a simulated environment.	17.08.2022	Dr. M Tyagi
Thursday	PS12.2 Enumerate,elicit,describe and document clinical features in patients with magnitude and etiology of psychosomatic disorders.PS12.3 Enumerate and describe the indications and interpret laboratory and other tests of psychosomatic disorders.PS12.5 Demonstrate family education in a patientwith psychosomatic disorders in a simulated environment.	18.08.2022	Dr. M Tyagi
Friday	PS13.2 Enumerate,elicit,describe and documentclinical features in patients with magnitude and etiology of psychosexual and gender identity disorders. P.S13.3Enumerate and describe the indications and interpret laboratory and other tests used in psychosexual and gender identity disorders.PS13.5 Demonstrate family education in a patient with psychosexual and gender identity disorders in a simulated environment.	19.08.2022	Dr. M Tyagi
Saturday	PS14.2 Enumerate,elicit,describe and document clinical features in patients with psychiatric disorders occurring in childhood and adolescence.PS14.4 Demonstrate family education in a patient with psychiatric disorders occurring in childhood and adolescence in a simulated environment.PS15.3 Elicit and document a history and clinical examination and choose appropriate investigations in a patient with mental retradation.PS16.4 Demonstrate family education in a patient with psychiatric disorders ocuring in the elderly in a simulated environment.	20.08.2022	Dr. S Nagendran

Week 28

Second Terminal Exam 22.08.2022 - 03.09.2022

Monday	Casuality: M9.19: Assist a blood transfusion Unit - 1	05.09.2022	Unit 1 (Dr. V K Singh)
Tuesday	Casuality: IM9.20: Communicate and counsel patients with methods to prevent nutritional anaemia Unit - 3	06.09.2022	Unit 3 (Dr. K Gopal)
Wednesday	Casuality: IM10.12: Elicit document and present a medical history that will differentiate the etiologies of disease,distinguish acute and chronic disease,identify predisposing conditions,nephrotoxic drugs and systemic causes Unit - 5	07.09.2022	Unit 5 (Dr. A Kumar)
Thursday	Casuality: IM10.13: Perform a systemic examination that establishes the diagnosis and severity including determining of volume status, presence of edema and heart failure,features of uremia and associated systemic disease. Unit - 1	08.09.2022	Unit 1 (Dr. V K Singh)
Friday	Casuality: IM10.14: Generate a differential diagnosis and prioritise based on clinical features that suggest specific etiology Unit - 4	09.09.2022	Unit 4 (Dr. J Haria)
Saturday	Casuality: IM10.18: Identify the ECG findings in Hyperkalemia. Unit - 2	10.09.2022	Unit 2 (Dr. Vishvanayak)
Monday	Casuality: IM10.19: Enumerate the indications and describe the findings in renal ultrasound. Unit - 1	12.09.2022	Unit 1 (Dr. V K Singh)
Tuesday	Casuality: IM10.20: Describe and discuss the indications to perform arterial blood gas analysis: interpret the data. Unit - 3	13.09.2022	Unit 3 (Dr. K Gopal)

Week 29

Week 31	Wednesday	Casuality: IM10.21: Describe and discuss the indications for and insert a peripheral intravenous catheter. Unit - 5	14.09.2022		Unit 5 (Dr. A Kumar)
	Thursday	Casuality: IM10.22: Describe and discuss the indications, demonstrate in a model and assist in the insertion of a central venous or a dialysis catheter. Unit - 1	15.09.2022		Unit 1 (Dr. V K Singh)
	Friday	Casuality: IM10.23: Communicate diagnosis treatment plan and subsequent followup to patients Unit - 4	16.09.2022		Unit 4 (Dr. J Haria)
	Saturday	Casuality: IM10.24: Counsel patients on renal diet. Unit - 2	17.09.2022		Unit 2 (Dr. Vishvanayak)
Week 32	Monday	Dermatology: Clinical Posting (P):Unit-1 DR 1.1 , 1.3 Dr Anuj Acne vulgaris	19.09.2022	Students are divided into three groups of 6 weeks each: 25.7.22 to 17.9.22, 19.9.22 to 5.11.22 and 7.11.22 to 17.12.22 (Further in each slot 6 weeks will be posting of Community Medicine for one batch, the second batch with 6 weeks slot will be posted for 2 weeks in Dermatology and 4 weeks in Ophthalmology and third batch with 6 weeks slot will be divided into three sub-groups for 2 weeks posting each in Anesthesia, Psychiatry and Casualty)	Dr. Anuj
	Tuesday	Dermatology: Clinical Posting (P): Unit-2 DR 2.2 Dr Dilip Vitiligo vulgaris	20.09.2022		Dr. Dilip
	Wednesday	Dermatology: Clinical Posting (P):nit-3- DR3.3 Dr Vinita Psoriasis	21.09.2022		Dr. Vintia
	Thursday	Dermatology: Clinical Posting (P): Unit-4-DR 4.2 Dr Arjun Lichen planus Dr Arjun	22.09.2022		Dr. Arjun
Friday	Dermatology: Clinical Posting (P): Unit-5 DR 5.1, 5.3 Dr Anuj Scabies	23.09.2022	Dr. Anuj		
Saturday	Dermatology: Clinical Posting (P):Unit- DR 6.1 Dr Dilip Pediculosis	24.09.2022	Dr. Dilip		
Monday	Dermatology: Clinical Posting (P):Unit- DR 7.1, 7.3 Dr Vinita Fungal infections	26.09.2022	Dr. Vintia		
Tuesday	Dermatology: Clinical Posting (P): Unit-2 DR 8.1, 8.7 Dr Arjun Viral infections	27.09.2022	Dr. Arjun		
Wednesday	Dermatology: Clinical Posting (P):Unit-3-DR 9.1 Dr Anuj Classify, describe the epidemiology, aetiology, microbiology, pathogenesis, clinical presentations and diagnostic features of Leprosy	28.09.2022	Dr. Anuj		
Thursday	Dermatology: Clinical Posting (P): Unit-4- DR 9.4 Dr Dilip Enumerate, describe and identify lepra reactions and supportive measures and therapy of lepra reactions	29.09.2022	Dr. Dilip		
Friday	Dermatology: Clinical Posting (P):Unit-5DR 9.5, 9.6 Dr Vinita Management of leprosy	20.09.2022	Dr. Vintia		
Saturday	Dermatology: Clinical Posting (P):Unit- DR 9.7 Dr Arjun Complications of Leprosy	01.10.2022	Dr. Arjun		
Week 33	Monday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	03.10.2022		Dr. A Chander
	Tuesday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	04.10.2022		Dr. A Chander
	Wednesday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	05.10.2022		Dr. A Chander
	Thursday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	06.10.2022		Dr. A Chander
Week 34	Friday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	07.10.2022	Dr. A Chander	
	Saturday	Clinical Posting (P): (4 weeks Eye OP1.3 Dr. Ashish Chander Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes.	08.10.2022	Dr. A Chander	
	Monday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	10.10.2022	Dr. P S Rastogi	
	Tuesday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	11.10.2022	Dr. P S Rastogi	
	Wednesday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	12.10.2022	Dr. P S Rastogi	
	Thursday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	13.10.2022	Dr. P S Rastogi	
	Friday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	14.10.2022	Dr. P S Rastogi	
	Saturday	Clinical Posting (P): (4 weeks Eye OP3.1 Dr. P. S. Rastogi Elicit document and present an appropriate history in a patient presenting with a "red eye" including congestion, discharge, pain correctly.	15.10.2022	Dr. P S Rastogi	
	Monday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	17.10.2022	Dr. V Chaoudhary	
	Tuesday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	18.10.2022	Dr. V Chaoudhary	
Week 35	Wednesday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	19.10.2022	Dr. V Chaoudhary	
	Thursday	Clinical Posting (P): (4 weeks Eye OP3.2 Dr. Vineet Chaoudhary Demonstrate document and present the correct method of examination of a "red eye" including vision assessment, corneal lustre, pupil abnormality, ciliary tenderness	20.10.2022	Dr. V Chaoudhary	
	Friday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	21.10.2022	Dr. A Chander	

	Saturday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	22.10.2022		Dr. A Chander
Diwali Vacations 24.10.2022-29.10.2022					
Week 36	Monday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	31.10.2022		Dr. A Chander
	Tuesday	Clinical Posting (P): (4 weeks Eye OP7.3 Dr. Ashish Chander Demonstrate the correct technique of ocular examination in a patient with a cataract correctly.	01.11.2022		Dr. A Chander
	Wednesday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)	02.11.2022		Dr. P S Rastogi
	Thursday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)	03.11.2022		Dr. P S Rastogi
	Friday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)	04.11.2022		Dr. P S Rastogi
	Saturday	Clinical Posting (P): (4 weeks Eye OP9.1 Dr. P. S. Rastogi Demonstrate the correct technique to examine extra ocular movements (Unioocular & Binocular)	05.11.2022		Dr. P S Rastogi
Week 37	Monday	Clinical Posting (P)CM 1.1(Define & describe the concept of public health)	07.11.2022	Students are divided into three groups of 6 weeks each: 25.7.22 to 17.9.22, 19.9.22 to 5.11.22 and 7.11.22 to 17.12.22 (Further in each slot 6 weeks will be posting of Community Medicine for one batch, the second batch with 6 weeks slot will be posted for 2 weeks in Dermatology and 4 weeks in Ophthalmology and third batch with 6 weeks slot will be divided into three sub-groups for 2 weeks posting each in Anesthesia, Psychiatry and Casuality)	Dr. S K Gupta
	Tuesday	Clinical Posting (P):CM 7.1(Define Epidemiology and describe and enumerate the principles, concepts and uses)	08.11.2022		Dr. S K Gupta
	Wednesday	Clinical Posting (P):CM 4.(Define, calculate and interpret morbidity and mortality indicators based on given set of data)	09.11.2022		Dr. S K Gupta
	Thursday	Clinical Posting (P)CM :7.5(Enumerate, define, describe and discuss epidemiological study designs),7.6(Enumerate and evaluate the need of screening tests)	10.11.2022		Dr. S Singh
	Friday	Clinical Posting (P)CM :6.1(Formulate a research question for a study),6.2(Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data)	11.11.2022		Dr. S Singh
	Saturday	Clinical Posting (P):CM :6.3(Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs)	12.11.2022		Dr. S Singh
Week 38	Monday	Clinical Posting (P)CM :6.4(Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion)	14.11.2022		Dr. A Prabhakar
	Tuesday	Clinical Posting (P)CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)	15.11.2022		Dr. A Prabhakar
	Wednesday	Clinical Posting (P):CM :3.7(Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures)	16.11.2022		Dr. A Prabhakar
	Thursday	Clinical Posting (P)CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)	17.11.2022		Dr. S K Gupta
	Friday	Clinical Posting (P)CM 10.5(Describe Universal Immunization Program),17.5(Describe health care delivery in India)	18.11.2022		Dr. S K Gupta
	Saturday	Clinical Posting (P):CM :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	19.11.2022		Dr. S K Gupta
Week 39	Monday	Clinical Posting (P)CM : :17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	21.11.2022		Dr. S Singh
	Tuesday	Clinical Posting (P):: CM 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India)	22.11.2022		Dr. S Singh
	Wednesday	Clinical Posting (P): : 17.3(Describe health care delivery in India),17.5(Describe health care delivery in India),10.5(Describe Universal Immunization Program)	23.11.2022		Dr. S Singh
	Thursday	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)	24.11.2022		Dr. A Prabhakar
	Friday	Clinical Posting (P):CM 14.1(Define and classify hospital waste),14.2(Describe various methods of treatment of hospital waste),14.3(Describe laws related to hospital waste management)	25.11.2022		Dr. A Prabhakar
	Saturday	Clinical Posting (P)CM :8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	26.11.2022		Dr. A Prabhakar
Week 40	Monday	Clinical Posting (P)CM :8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	28.11.2022		Dr. S K Gupta
	Tuesday	Clinical Posting (P): CM 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	29.11.2022		Dr. S K Gupta
	Wednesday	Clinical Posting (P)CM : 8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	30.11.2022		Dr. S K Gupta

Week 41	Thursday	Clinical Posting (P)CM :2.1(Define and describe the concept of Geriatric services),12.2(Describe health problems of aged population),12.3(Describe the prevention of health problems of aged population)	01.12.2022	Dr. S Singh
	Friday	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)	02.12.2022	Dr. S Singh
	Saturday	Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)	03.12.2022	Dr. S Singh
	Monday	Clinical Posting (P)CM :Clinical Posting (P): 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	05.12.2022	Dr. A Prabhakar
	Tuesday	Clinical Posting (P)CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	06.12.2022	Dr. A Prabhakar
	Wednesday	Clinical Posting (P) CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	07.12.2022	Dr. A Prabhakar
	Thursday	Clinical Posting (P):CM 10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions)	08.12.2022	Dr. S K Gupta
	Friday	Clinical Posting (P)CM :10.3(Describe local customs and practices during pregnancy, childbirth, lactation and child feeding practices),10.4(Describe the reproductive, maternal, newborn & child health (RMCH); child survival and safe motherhood interventions),3.5(Describe the standards of housing and the effect of housing on health)	09.12.2022	Dr. S K Gupta
	Saturday	Clinical Posting (P)CM 10.7(Enumerate and describe the basis and principles of the Family Welfare Program including the organization, technical and operational aspects),10.8(Describe the physiology, clinical management and principles of adolescent health including ARSH)	10.12.2022	Dr. S K Gupta
	Monday	Clinical Posting (P)CM :3.5(Describe the standards of housing and the effect of housing on health)	12.12.2022	Dr. S Singh
	Tuesday	Clinical Posting (P)CM : 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	13.12.2022	Dr. S Singh
	Week 42	Wednesday	Clinical Posting (P): CM : 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	14.12.2022
Thursday		Clinical Posting (P):CM 8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	15.12.2022	Dr. A Prabhakar
Friday		Clinical Posting (P)CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	16.12.2022	Dr. A Prabhakar
Saturday		Clinical Posting (P): CM :8.1(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases)8.2(Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	17.12.2022	Dr. A Prabhakar
Pre University Exams from 19.12.21 onwards followed by University Exams from Second Week of January 2022
