Activity Details: The University has undertaken several initiatives to reduce energy consumption and promote efficient energy use across the campus. Energy-efficient LED lighting has been installed in academic buildings, hostels, and administrative areas to minimize electricity usage. The institution also encourages the use of energy-efficient equipment and periodically conducts maintenance of electrical systems to ensure optimal performance. In addition, awareness programs are organized to promote responsible energy usage among students and staff, encouraging practices such as switching off lights and equipment when not in use. These measures collectively contribute to reducing overall energy consumption and enhancing sustainability on campus.
