

## The University

The Teerthanker Mahaveer University was established by an 'Act' (No. 30) of 2008 of the Government of Uttar Pradesh and was approved by the University Grants Commission (UGC), since inception in 2008, vide letter No. F. 9-31/2008(CPP-1) dated October, 2008.

The University is located on National Highway-24, 144 Km from New Delhi. The University stands committed to the ideals of Lord Mahaveer – Right Philosophy, Right Knowledge, and Right Conduct in all the spheres of activity and aspires to be recognized as the ultimate destination for world class education.

The multi-disciplinary University offers career oriented courses at all levels i.e. UG, PG and Doctoral degrees across diverse streams, namely, Medical, Dental, Pharmacy, Nursing, Paramedical Sciences, Physiotherapy, Hospital Administration, Physical Education, Engineering, Architecture, Polytechnic, Law, Journalism, Fine Arts, Language Studies, Jain Studies, Women Studies, Disability Studies, Directorate of Distance Education and Agriculture to meet rising aspirations of the youth.

TMU provides a unique environment for students to grow under the guidance of experienced academicians and to acquire creative, innovative and technical skills which are required to make the students industry ready. Our talented faculty and staff form a dedicated team committed to the mission of the University. It is a dynamic, research intensive University committed to the development of life-saving discoveries and new technologies to tackle some of the most pressing global challenges.

Education at TMU is not just about books and classrooms but also about overall personality development and honing special skills. It provides an environment conducive to teaching and learning adequately supported by innovative academic and research programs and practices.

The University has well qualified and experienced faculty, state-of-the-art laboratories and research facilities, well planned residential space along with a great ecosystem for extra and co-curricular activities. The campus is fully wi-fi enabled and uses the latest technology to impart education. With the availability of these important building blocks of a top-notch institution, TMU enjoys a unique position to facilitate the all round development of students to help them acquire the ability of lifelong learning and to make them competent professionals as well as good human beings.

## Vision, Mission & Focus Areas

### VISION

- To be internationally recognized as a premier institution of excellence providing quality education, research opportunities, and consultancy services to the global society.

### MISSION

- Our endeavour is to impart knowledge and develop critical skills necessary to make the students succeed both in professional and personal life by promoting learning supported by world-class faculty, infrastructure, technology, curricula, collaborative teaching and research which is at par with premier institutions in India and abroad.

### PRINCIPLES & VALUES

- The University stands committed to the ideals of Lord Mahaveer i.e. Right Philosophy, Right Knowledge, and Right Conduct.
- These are followed in letter and spirit in planning and implementation of its programs and policies. The observances of these ideals are helping us in developing the manpower having a modern outlook towards the problems and their solutions and have foundation based on ideals given by Lord Mahaveer.

### CONVERTING VISION INTO REALITY

The vision and mission are transformed in to reality by identifying the following focus areas:

#### Teaching and Learning

- Create conducive environment for an interactive and application oriented experiential learning.

#### Research

- Foster research orientation in students and faculty in basic and applied areas in all its disciplines.

#### Consultancy Services

- Take academic proficiency to corporate and community by providing cost effective solutions.

#### People

- Make Teerthanker Mahaveer University a preferred destination for work and study

#### Global Perspective

- Encompass a national and international viewpoint into teaching, research and consultancy.

#### Good Governance

- Bring transparency and accountability in university operations.

#### Social Relevance

## Research & Extension

As an educational institution, the University encourages students and scholars to expand human knowledge through analysis, innovation, and insight.

To lend a helping hand to the scholar burning the midnight oil, the University subscribes to the EBSCO database, Clinical Key (Elsevier) and DELNET Database providing access to thousands of journals in different disciplines for full text research articles and sector specific reports.

The University collaborates with national and international institutions for teaching, research and exchange of faculty and students to contribute to cutting-edge research and evolve new standards. Another project, “UKIERI”, had been undertaken to improve teaching pedagogy and IT enabled teaching in the College of Nursing in collaboration with Napier University, U. K. A number of projects sponsored and funded by external agencies are in progress. Projects sponsored by the Ministry of Labor and Employment, Government of India, a project with the Consultancy Development Center, and a project under the aegis of UNICEF, are underway.

The University publishes the following journals on periodic basis:

- ▶ View Point (Management)
- ▶ Pharmaco Arena (Pharmacy)
- ▶ S & T Review (Science & Technology)
- ▶ TMU Journal of Dentistry (Dental)
- ▶ Acta Medica (Medical)
- ▶ Int. Journal of Research Trends in CS & IT (Computer Sciences)

## Infrastructure & facilities

Teerthanker Mahaveer University is a new generation, multi-disciplinary University that boasts of its world-class infrastructure. The campus has the uniqueness of many state-of-the-art buildings, sprawling lawns, well maintained playgrounds along with supporting facilities. It has been planned, designed and constructed to address broader issues that relate to resource and energy conservation.

### LIBRARY

The University maintains well stocked separate libraries for each of its colleges. The University libraries have more than 1,60,000 books on varied subjects, with more books added every day. For a closer view of advances in technology, new discoveries in the fields of medical and engineering, the University libraries subscribe to the print versions of national and international journals besides maintaining access and archive of a host of e-journals.

The libraries are technology enabled and automated, which improve services for students, research scholars, as well as seasoned professors. The University have subscribed to the EBSCO database, Clinical Key (Elsevier) and DELNET Database providing access to full text research articles and sector specific reports in different disciplines.

### IT RESOURCES

The University is adequately equipped with computer systems. Each college has dedicated computer lab(s) equipped with general as well as domain specific software for quality teaching and research.

MICROSOFT ERP installed to automate various administrative processes of the university. The University is proud to be a part of the National Knowledge Network (NKN), an initiative of the Department of Science and Technology and Ministry of Human Resource Development, Government of India, which connects universities of the country through high speed Internet to share knowledge, learning experiences and academic resources.

Additionally, use of latest technology helps eliminate distances and dissolve boundaries, with eminent experts available to interact with students and faculty, allowing for a free flow of knowledge.

### THE LANGUAGE LABS

Four (4) State-of-the-art language labs with 240 computer terminals equipped with hi-tech software, to help develop basic, intermediate and business level language skills. In addition, these labs have personality development cabins and group discussion rooms for students to interact with their peer groups, for discussions and debate, allowing them to grow holistically.

### HOSTEL

We call our hostels home for students. The hostels at TMU are a home away from home. The onus of developing the student academically, strengthening their culture, taking care of their physical fitness, all lie on this vital micro structure of the University. Life in TMU hostel

is a stepping stone to further independence, an essential right for many, enabling them to reach out to their destiny. The University houses five hostels in its campus- 2 for boys and 3 for girls with a capacity to accommodate 4600 students.

The hostel rooms are spacious, clean, and well maintained with attached bathrooms. The rooms are available on single occupancy basis as well as on sharing basis. To help the young minds focus on their studies, each room is furnished with beds, wardrobes, study tables, chairs and air-cooler. Solar heaters have been installed in all the hostels to supply hot water conserving electricity. Water purifiers and water coolers are installed to provide potable water. Round the clock power back-up helps students to study without interruption. Air-conditioned rooms are also available to meet specific requirement of the students. Each hostel has a visitor's room, a spacious well lit common room with a large screen television and comfortable seating arrangement, recreational facilities, equipments for indoor games, newspapers and magazines, Wi-Fi connectivity and a gymnasium. Laundry facility is available in-house with commercial washing machine and tumbler drier. Spacious dining rooms and modern kitchens ensure that students are served with nutritious food in a good ambiance.

A dedicated team of wardens and caretakers helps and resolve the problems of the boarders. Students are advised to comply with rules and regulations of the University hostels.

### Highlights

- ▶ Hygienic Mess serving quality food (all messes are laced with automated equipments and automatic chapati making machines)
- ▶ Spacious dining halls
- ▶ Wi-fi enabled campus with broadband connectivity in all hostel rooms.

## Medical College & Research Centre

The college has been established with the permission of Ministry of Health & Family Welfare, Govt. of India after inspection by the Medical Council of India in 2008 with an admission intake of 100 students per year. Subsequently more batches of 100 students each have been admitted in the college after necessary approval by Govt. of India on the recommendation of Medical Council of India, in the year 2009-10, 2010-11, 2011-12, 2012-13, 2013-14. But now the numbers of students have been increased from 100 to 150 by Medical Council of India from the year 2014-15. After increased MBBS seats there are five batches admitted in the year 2014-15, 2015-16, 2016-17, 2017-18 & 2018-19. The college has been attracting students from all over India.

During short span of 8 years, the hospital has developed into multispecialty hospital. In addition to this, there is a casualty section & intensive care units for various subspecialties like ICCU, ICU, RICU & NICU as well as burn treatment unit. There are facilities for endoscopic studies and surgeries in the department of General Surgery, Echocardiography & TMT in the department of Medicine, and Fluoroscopy in the department of Radiology.

The hospital has got well equipped Central Laboratory for investigations required for out-patients as well as indoor patients catering for variety of Pathological, Clinical Biochemistry & Microbiological investigations. The Radiology department of the hospital has facilities for Ultrasound & Color Doppler studies, sophisticated Digital X-rays with image intensifier & CAT scan facilities. The hospital has got 8 well equipped modern Operation Theaters for General Surgery, Orthopedics, Ophthalmology, ENT and Obstetrics & Gynecology services besides one for emergency work in the casualty section.

### GOALS & OBJECTIVES:

To impart Quality Medical Education and develop trained healthcare professionals to meet the ever rising requirement of the society. To provide modern healthcare services including critical and emergency care to the population at large.

### MAJOR STRENGTHS:

- ▶ Excellent physical infrastructure.
- ▶ Well equipped laboratories with sophisticated machines and instruments.
- ▶ Qualified and experienced faculty.
- ▶ Multi specialty hospital.
- ▶ 550 seats air conditioned auditorium with modern AV facilities

## Dental College & Research Centre

Teerthanker Mahaveer Dental College and Research Centre, established in year 2005, is one of the prestigious and accredited dental institute. The college is actively involved in quality teaching and research practices in oral health care that makes it a centre of excellence for providing world class education. The college is well equipped with state-of-the-art dental clinical setup and a modern & majestic infrastructure. The college has a well established simulated pre-clinical and research labs. The air-conditioned central library opens for 12 hours a day. A separate hostel for girls and boys situated in the serene environment with round the clock Wi-Fi connectivity and uninterrupted power supply makes it conducive for concentrated studies. The indoor and the outdoor stadium gives a boost for athletic development. The BDS course has an intake of 100 whereas; the MDS course has an intake of 45 seats. The courses are at par with the International standards and fulfill all the regulations laid down by Dental Council of India.

A large number of patients visiting OPD of the dental college is its major strength. The college has super-specialty clinical setting which attracts both rural as well as the urban population. The satellite centres located in various other areas of the district and two well equipped mobile dental vans caters to the needs of the underprivileged. Along with its well furnished labs with modern equipments and facilities, the college is well complimented by renowned intellectual faculty members. Special emphasis is laid on the training of the students to make them technically sound dentists having good communicative skills and professional understanding in order to treat a various oro-dental diseases. The auditorium of the college with a seating capacity of 550 individuals serves to conduct various scientific programs in which distinguished personalities from the dental fraternity are invited to share their positive life experiences with the students and the teaching staff.

The college encourages all its young researchers for publication of their papers, participation in national as well as international seminars, symposiums, conferences and workshops, which enriches them with latest knowledge and techniques in the field of Dental science. Moreover, extracurricular activities, sports and cultural festivals for students are conducted throughout the year, which, in turn, helps to nourish their talent and personality.

### GOALS & OBJECTIVES

- ▶ To ensure that TMDCRC offers academic programs in dental sciences which are recognized locally and regionally for the quality of its educational programs.
- ▶ To ensure that its graduates are equipped with theoretical knowledge and sound clinical skills which make them self-learners and critical thinkers with an ethical orientation.
- ▶ To contribute in the advancement of dental sciences knowledge and practice by support of research conducted through its faculty and students.
- ▶ To render health care services with highest degree of ethical accountability to self and community.
- ▶ To accentuate the growth of the University by promoting academic activities with premier health care organizations and universities.

**OBJECTIVES:**

- ▶ To develop clinical skills using advanced technologies to produce competent health care professionals
- ▶ To recruit students committed to acquiring knowledge, skills and appropriate attitudes towards patient care.
- ▶ To develop post graduate degree courses to meet local and regional standards.
- ▶ To develop strategies to support lifelong learning via both print and electronic sources and to remain current with the advances in health sciences knowledge, skills and practice.
- ▶ To demonstrate the ability to acquire new information and data and to critically appraise its validity and applicability to one's professional decision.
- ▶ To display personal attribute of honesty, professionalism and integrity in relationship with staff, patients and colleagues.
- ▶ To encourage students and faculty to participate in scholarly activities by attending conferences, seminars and enabling them to conduct and publish research
- ▶ To facilitate the students and faculty to write for research projects and receive research grants.
- ▶ To monitor budgetary support of and access to conferences and seminars.
- ▶ To implement the basic ethical principles including confidentiality, informed consent, and justice for the care of the patient.
- ▶ To educate the patients and community about various health problems and to motivate them to adopt health promoting behaviours.
- ▶ To facilitate student and faculty access to continuing education programs.
- ▶ To establish agreements with premier health institutions and universities to foster academic research collaboration including faculty and student exchange.
- ▶ To develop the feedback from employer and graduates and to ensure the key results are entered into the annual strategic plan for action

**MAJOR STRENGTHS**

- ▶ Sufficient numbers of dental faculty capable of providing high-quality instruction
- ▶ Developed strategies to provide students with more exposure to patients, especially early in the curriculum
- ▶ New technology / techniques to learn and implement.

## College of Nursing

The College of Nursing, established in year 2009, offers diploma, graduate & post graduates programs in nursing to meet the diverse needs of the health care sector. Qualified and experienced full-time nursing faculty provides the right mix of inputs comprising of theoretical, practical and clinical experience. The college has a network of health care centres and clinical affiliations with community-based organizations and government agencies. All programs are recognized by both Indian Nursing Council and UP Nurses & Midwives Council.

Nursing training programs have been formulated in consultation with experts adhering to standards and guidelines. Hands-on-training is given to the students at the 1000-bed multi super-specialty hospital at the University Medical College, as well as in allied urban and rural health centres. Nursing students attend OPD sessions in the hospital. Students visit different places under community connect and provide primary health services. Students actively participate in health awareness programs.

The College of Nursing has a magnificent building with spacious class rooms, labs & library. The library is well equipped with latest books in nursing, regular supply of foreign & Indian journals, access to Internet & E-journals along with magazines & news papers. There is free wi-fi facility for all the students in the college campus.

Recently college has been equipped with Simulation skill lab with various simulators to provide Hands-on–Practice on critical nursing skills. The simulation lab provides an opportunity for the students to have most advanced learning technology.

The College of Nursing is also inceptor of an authorized International Training Centre (ITC) in collaboration with GHPL (Medanta the Medicity) for the American Heart Association with initiatives aimed at training health care fraternity on Basic Life Support (BLS) & Advanced Cardiovascular Life Support (ACLS).

Students regularly interact with faculty members, doctors, and students from medical, dental and management colleges to hone their technical and managerial skills and are groomed as competent nurses.

## College of Pharmacy

The present era of pharmaceutical profession is full of probabilities and opportunities to youngsters. The responsibility of guaranteed patient care system all across the globe lies on their shoulder. The policies of government of India and other countries would certainly raise the demand of technically skilled manpower in this profession. The start-up awakening and entrepreneurship promotions are good to portrait novel success stories to this field. The promotion of Bachelor degree i.e. B.Pharm. (Pharmacy Practice) and continuing Pharm.D. and Pharm.D. (PB) would sharpen the potential skills in the existing personnel as well as the new entrants.

The forthcoming revised syllabi of Pharmacy Council of India, New Delhi, orient the upcoming youngsters towards the clinical arena of the new millennium. Pharmaceutical industries as well as the hospitals have been employing the youngsters of this discipline and the future arena would comprise of unrelenting demands of such manpower. The entire globe is watching the path of duly qualified and technically skilled people playing pivotal roles to ensure successful patient and public health care systems in India and abroad.

The college grooms professionals by providing diplomas, graduate, post-graduate and doctorate level programs, equipping the students with innovative techniques to resolve problems in drug industries and clinical areas.

### GOALS & OBJECTIVES

- ▶ To promote the research work through Ph.D candidates and Master Students with the help of faculty members.
- ▶ To create e-learning environment by modernization of class rooms to e-classrooms using projector by information and communication technology (ICT) tools like computer, video conferencing, software, radio, television etc.

## College of Paramedical Sciences

Paramedics form an essential part of pre-hospital emergency services, providing primary medical and trauma care. Paramedics need to work in rotational shifts and must have the presence of mind to take right decisions during an emergency. Major areas of work in the field of paramedical sciences are spinal injury management, fracture management, obstetrics, management of burns and assessment, and evaluation of general incident scene. A person working in the field of Para-Medicine must be well acquainted with medical equipment maintenance procedures, radio operating procedures as well as emergency vehicle operation.

The College of Paramedical Sciences conducts specialized training in four disciplines by qualified professionals.

- ▶ Forensic Science discipline provides exposure and practical training for investigation of accident and crime scenes.
- ▶ Study of Radiography and Imaging Technology prepares professionals and technicians proficient in use and interpretation of radiological imaging technologies using X- Ray, Color Doppler, Ultrasound, EEG, CT- Scan and MRI imaging.
- ▶ Medical Laboratory Technology focuses on diagnosis, treatment and prevention of diseases through clinical laboratory technologies.
- ▶ Optometry discipline trains ophthalmic technicians who can assess ocular motility disorders and errors of refraction.

A paramedic may find opportunities to work in government hospitals, private clinics and trauma centers. Paramedical professionals can work as medical lab technicians, radiography technicians, radiologists, physiotherapists, speech therapists and audiologists, dialysis therapists, emergency technicians, emergency care practitioners, perfusion technicians, cardiac technicians, and respiratory therapists.

### GOALS & OBJECTIVES

- ▶ To become the most famous paramedical College in Northern India, and provide a Job oriented environment to nearby society.
- ▶ Major strengths: Our main strength are strong and well qualified faculty, well established labs, a big hospital for more exposure to students, so we can produce good stuff of students.

## Department of Physiotherapy

Physiotherapy is a branch of rehabilitative medicine aimed at helping patients maintain, recover or improve their physical abilities. Physiotherapists are concerned with the remediation of impairment and disabilities, and promotion of mobility and movement potential through provisional diagnosis and physical intervention. Keeping in view the increasing demand of physiotherapy services during and post treatment phase in the medical sector, the Department of Physiotherapy was established in the year 2010 to train professionals who can render these services.

The Department of Physiotherapy is functioning with competent and experienced core faculty to impart specialized knowledge. The curriculum has been designed in accordance with the guidelines given by the experts in the field.

The Department has Physiotherapy OPD operational in the 1000 bed multi super-specialty hospital of the Teerthanker Mahaveer Medical College, located in the university campus. Students are exposed to clinical experience in the OPD and Hospital IPD in collaboration with healthcare centers. Students have access to departmental facilities and laboratories to improve their practical skills. A well stocked central library is the source for theoretical knowledge. Requirements of practical component of the curriculum are fulfilled through the work undertaken in the laboratories. The BPT/MPT programs are also approved by Govt. of U.P. and U.P. State Medical Faculty.

## College of Law & Legal Studies

Teerthanker Mahaveer College of Law and Legal Studies, established in 2010, attracts bright young men and women who aspire to meaningfully contribute to the legal profession. The nation needs competent practitioners of law, ensuring the public access to justice.

The College of Law and Legal Studies offers multifaceted legal education programs that include: B.A. LL.B. (Hons.), B.B.A. LL.B. (Hons.), B.Com LL.B. (Hons.), and Ph.D. programs for the research scholars. For in-depth research, college facilities include a Learning Resource Centre, a well-stocked library, and e-library facilities for journals and articles in digital form. The faculty encourages students to have spirited discussions and debates in classrooms, common rooms, and moot court. Students become conversant with the complexities of law at the Legal Aid Clinic, and a Social Consultancy Centre.

The college, in a short span of time since inception, has become a recognized name in legal education. At the College of Law and Legal Studies, a career-based approach is adopted that delivers client-focused lawyers eager to make a mark in litigation, judicial services, teaching, research, and social advocacy. Since the law, more than any other profession, is about building and nurturing trust, students are inspired to practice high ethical and moral ideals to meet professional responsibilities. The college emphasizes on learning through application and practice and provides opportunities to study law through practical exposure. Students are encouraged to learn skills essential for the legal profession - legal communications, effective negotiations, litigation strategies, mediation, conciliation procedures and processes.

The comprehensive internship program at the College covers the whole range of legal services - civil & criminal practices, social advocacy, corporate law, traditional dispute resolution mechanisms, and modern alternative dispute resolution systems. The college is dedicated to contributing to the profession of law in an evolving local and global environment.

## Faculty of Engineering

Faculty of Engineering is AICTE approved institute of academic excellence in Engineering, Technology and Sciences. The Faculty was initially established in 2008 as College of Engineering and subsequently got named as Faculty of Engineering after AICTE approval. It's student centric approach focuses on practical hands-on training along with imparting sound theoretical knowledge to cater to the current needs of industries. The learning process is supported by unique skill enhancement programmes;- value added courses and extensive practical lab work in line with the market trends. Our strong linkages with industries help the students to get professionally trained by getting exposed to latest industrial trends later to become competent engineers suitable for the industries.

The college has nine operational academic departments with around hundred full time faculty members. The college offers programmes at Bachelor, Post-Graduate and Doctoral level, covering major branches of engineering and sciences. Experts from various domains are invited for interaction with the students in form of Workshops, Seminars, Keynote and Guest Lectures. The Faculty arranges industrial training & visits for the students, for getting firsthand exposure on industrial practices and trends.

The Wi-Fi campus is an impetus for students to enroll for MOOC programmes, helping them to diversify their knowledge frontiers. The students develop the needed personality through regular sessions of soft skills, communications, personality development, sports and other cultural activities. Knowledge Lab an IIT Kharagpur incubated startup and extramarks.com are providing tailored E-learning solutions as per our curricula which enables student to learn things in a modern way. Remedial classes and competitive exams are arranged based on the students' need and aspirations. All students are assigned a Mentor, to keep a personal touch to ensure proper personal & professional guidance throughout the course.

Students are trained on developing entrepreneur skills & thinking. They are also encouraged to develop skills in workshops, laboratories and various skill based learning with industrial certification. They are exposed to latest market software like Autodesk / AutoCAD 2D & 3D, Creo, Autodesk quantity Take off, REVIT, STADPRO for Mechanical & civil engineering and PLC & DCS programming, Solar energy, Robotics Telecommunication specific training for electrical and electronics streams along with many other latest tools to develop proficiency as an engineer.

College Library is equipped with latest books, journals related to engineering & sciences. Through E-Library students can access E-Journals & E books. OPAC makes Library more user friendly to students.

## College of Computing Sciences & IT

The Teerthanker Mahaveer College of Computing Sciences and Information Technology came into existence in the year 2014 (formerly known as Department of Computer Applications, established in the year 2001). The college was established by the university with the aim of providing relevant, essential, upgraded education to the young aspirants in the field of computer science and engineering, including computer applications. In recent times and in near future there will be increasing demand of skilled manpower in the domain of Computer Science and Engineering because of the 'Digital India' mission and other major initiatives projected by the Government of India.

The College of Computing Sciences and Information Technology (CCSIT) is the center for all Computer Science related programs run by the university as per the standard UGC and AICTE norms. The college prepares young engineers to acquire essential knowledge about technological skills that allow them to independently conceptualize, design, develop and implement Computer Applications fulfilling the Software demand for the world. The college offers wide range of academic programs at undergraduate, postgraduate and doctoral level to cater the needs of corporate world by adopting effective teaching methodologies.

The curriculum is periodically updated by the Board of Studies, to provide upgraded technological knowledge and skill set to the students. There exists a flexible credit system that enables the students to acquire relevant knowledge and technical skills. The participation of students in workshops, seminars, conferences and various co-curricular activities are an essential component of the learning pedagogy. Eminent academicians of repute, scientists and researchers are invited for interaction and knowledge sharing with the students. Competent and experienced core faculty supports the college with their expertise in various areas of Computer Science and Applications.

## Faculty of Education

The Faculty of Education was established in year 2003 as a department in TMIMT. It provides singular service to the cause of education and contributes to nation building through teacher training programs. Teacher preparation programs, leading to the B.Ed. & M.Ed Degrees, are learner centric, where students discuss ideas and concepts for education, and then apply these abstract ideas in practice for better understanding. The Masters Degree program, since 2006, provides a rigorous exposure to students, allowing for an understanding of education as a discipline, and prepare and equips students for educational research. Two Integrated programs B.Sc B.Ed. and B.A. B.Ed were started from the session 2016 -17and B.El.Ed program was also started from the session 2017-18. Students learn through group discussions, seminars, dissertation and library work.

There is no substitute for live classroom interaction for these young teachers in rural and urban schools. M.Ed. students are associated with experienced teachers to provide guidance to B.Ed. students during practice of teaching as well as classroom lectures. A program to improve English communication is an essential part of the curriculum to enhance the teaching efficiency of the students. An interdisciplinary approach, participate in curricular and co-curricular activities, professionally designed value added courses help young students & teachers develop critical problem solving abilities and a scientific attitude. Qualified, competent and experienced faculty members, who excel as academic advisors, facilitators and mentors, support the institute. The teaching staff is encouraged to present research papers on education and social issues in reputed journals and participate in seminars and conferences. Lectures on ethics, personality development and moral code by eminent educationists are organized throughout the year.

### GOALS & OBJECTIVES

Major goal of the college is the extension of learning philosophy and the creation of a body of knowledge that may serve the society at large as a source and repository of inspiration in all spheres of teacher education

### MAJOR STRENGTHS

- ▶ The courses are designed in such a manner so as to help the students to broaden their horizon along with problem solving abilities, managerial skills with scientific frame of mind it is being enriched through interdisciplinary approach.
- ▶ A deep insight is given into the methodology of teaching. The pupil teachers are trained in such a manner that after completing their course they become well accomplished and effective teachers as well as role models both for students and society at large and to work for growth and development of the nation.

## College of Agriculture Sciences

The College of Agriculture Sciences was established in 2014 to promote education and research in the area of Agriculture. The college offers four years B.Sc. (Agriculture) program and the curriculum focuses on all the Agriculture core areas as well as Environmental studies and Agriculture Ethics as per the recommendations of Vth Deans Committee. This program is an important step towards an improvement in the traditional agriculture practices including organic farming. Modern technologies and tools are studied for better farm yields, with paramount importance to environment of protection and sustainable practices. Various skills enhancing courses have been introduced in the curriculum like nursery management, mushroom cultivation, organic farming and bio fertilizers etc.

Regular visits to Agri-business & Agrilclinic centre Ministry of Agriculture, dairy and poultry farms, Integrated Pest Management Institute, Krishi Vigyan Kendra and Organic farming fields as well as Kisan Mela are arranged to enhance knowledge about novel inventions in the agriculture fields such as machinery, pesticides and seeds etc to develop Agripreneur skills among the students. The farming operations throughout the year are carried out by students under the guidance of worthy faculty. The farm provides opportunities to learn and gain experience in Organic farming, Apiculture, Vermi composting, Horticulture, Plant Pathogens, Soil Analysis and Extension activities. Beyond professional practices, the college organizes guest lectures, invite experts in their respective areas for their valuable advice. All faculty members are highly qualified with Ph.D. & ICAR-NET with adequate experience of field / industry in their respective specializations. Agriculture graduates have multiple opportunities in banks, seed and fertilizer companies, insurance sector, dairy and consultancy areas. They can also join public sector enterprises as Agriculture Research Scientists, Food Inspectors and Instructor, etc.

## TMIMT College of Physical Education

The demand for allied health professionals is expected to increase to meet the current and future healthcare needs in the India and beyond. Therefore, promotion of yoga & physical education is one of the major concerns of our modern society. Physical fitness and wellness play key role in our society, underscoring the need for qualified professionals in physical education, yoga, wellness, and recreation. Excellence in sports is possible on the sound foundation of Physical Education. In the contemporary scenario, success in yoga, physical education and sports depends upon the quality of trainers who are well prepared through formal and informal acquisitions of multidimensional knowledge and training in the specialized discipline and its effective transaction. Having realized the challenges of the 21st century, Teerthanker Mahaveer University felt a genuine need for setting up a most modern and well equipped Physical Education Institution with a firm commitment to produce innovative sports leaders, managers and administrators who will be proactive in facing health and fitness challenges with a mix of modern and traditional methods and approaches.

The College of Physical Education was established in 2011 and approved by the National Council for Teachers Education (NCTE). The college offers B.P. Ed, M.P. Ed, P.G.D.Y.Ed. & Ph.D. Program to nurture educationists, trainers, physical educators and many more. Curriculum and instructional aspects are designed to meet the demand of the subject, to make students more effective and efficient and able to conceptualize and organize different sporting events. Not only this, the college goes beyond the prescribed curriculum to ensure all round development of the teacher trainees. This provides opportunities to participate in co-curricular activities to inculcate leadership, complement learning and communication & interpersonal skills. With all this college provides placements and takes pride in good placement record. The college has well qualified, committed and competent educators to shape the personalities of teacher trainees into successful professionals. Experts from various fields of physical education and visiting faculty are invited on a regular basis for enrichment lectures and intellectual guidance to the trainees.

College has spacious, furnished classroom, contemporary laboratories, library etc. with modern equipments for learning and research purpose. Excellent indoor and outdoor facilities are available for table-tennis, basketball, volleyball, badminton, gymnastics, yoga, squash, tennis, cricket, football, hockey, skating, track & field etc.

Goals & Objectives: Our aim is to develop wholesome personality of the students. To prepare competent and highly qualified teachers/trainers in the field of physical education for secondary and senior secondary school level who can serve the society and mankind.
